

**Girl Fatally Burned  
In Room At Home**

Otterbein, Ind., May 22 — (UP) — Jean Myers, 9, was burned fatally yesterday when a fire of uncertain origin burned a room at her parent's home. The fire broke out about 15 minutes after the girl was taken to the room after returning from the hospital where she underwent a tonsillectomy.

**Rev. Schmitt Marks****His Silver Jubilee**

Decatur Native To  
Observe Ordination

The Rev. Simeon Schmitt, pastor of SS Peter and Paul's church in Huntington, since 1943, will observe the silver jubilee of his ordination to priesthood Sunday. Father Schmitt is a former resident of Decatur, and a brother of F. J. H. P. and Al D. Schmitt of this city.

Ceremonies will begin with a solemn high mass at 11 a.m., with Father Schmitt as celebrant. The Most Rev. Leo A. Pursey, D.D., auxiliary bishop of Fort Wayne, will preside at the mass and preach the sermon. Bishop Pursey is a classmate of Father Schmitt.

Other officers of the mass, in addition to Father Schmitt will be the Rev. Denis Schmitt, S. J. deacon; the Rev. Roland Simonitsch, C.S.C., subdeacon; the Rev. Thomas Durkin, archpriest; the Rev. Charles Ueber, SS. Peter and Paul's assistant, master of ceremonies, and Brother Theophane Schmitt will assist in the sanctuary. The Revs. Edward Roswag and Edward Keever, former assistants to Father Schmitt will be chaplains to the bishop.

Father Denis Schmitt, who is archivist for the Chicago Province of the Society of Jesus and Brother Theophane Schmitt, general steward of the Holy Cross order and headmaster of Gilmour Academy, Gates Mills, Ohio, are brothers of the jubilarian. Father Simonitsch, of the University of Notre Dame, and Father Durkin, pastor of Sacred Heart parish, Fort Wayne are his cousins.

Following the mass, the parish Rosary society will serve a dinner to more than 100 relatives and guests at the Knights of Columbus hall.

In the evening, a parish celebration honoring the pastor will take place at 7:30.

Father Schmitt was ordained in December, 1926 by the Most Rev. John F. Noll, D.D. bishop of Fort Wayne. His first assignment was in July, 1927, to St. Paul's church, Marion, as assistant. He remained there until January, 1934, when he was transferred as assistant to St. Charles, Peru. His next appointment was as pastor of St. Joseph's church, Delphi, where he served until July, 1943.

Father Schmitt has supervised extensive remodeling of the parish school and construction of a new sister's convent in Huntington. He is president of the Rotary club, and a member of the Huntington council of the Knights of Columbus and the Bishop Noll fourth degree assembly.

Sun Rays Blamed  
For Baby's Death

South Bend, Ind., May 21 — (UP) — Authorities today blamed sun rays beating through a bedroom window for a fire which claimed the life of one-month-old March R. Maehout as she slept in her baby carriage.

The girl was burned to death yesterday in a freak blaze which did little damage to the room.

St. Joseph county coroner Edward Shelley said the fire developed around the base of the carriage and enveloped the child. Firemen quickly extinguished the blaze but were unable to save the infant.

**Senate Group Votes  
Control Extension****Senate Committee  
Approves Measure**

Washington, May 22 — (UP) — Senate Democratic leader Ernest W. McFarland (Ariz.) said today he will drive for quick passage of a bill to continue wage and price controls to next March 1.

The Senate banking committee gave its final approval to the bill yesterday. It would extend wage-price controls for eight months, but keep rent and allocations controls and other provisions of the defense production act for one year beyond the present June 30 expiration date. The bill also retains authority for consumer credit controls.

"We'll push it as fast as we can," McFarland said. "I hope it can be passed next week."

Banking committee chairman Burnet R. Maybank (D.S.C.) said the bill has a "good chance" of going through pretty much as is.

But Sen. Homer E. Capehart (Ind.), ranking Republican on the committee, predicted that a lot of amendments will be offered on the floor and "no doubt some changes will be made."

In addition to controls provisions, the committee bill would overhaul the wage stabilization board, which has been frequently criticized in Congress for recommending a union shop and a 26-cent hourly pay increase for 650,000 CIO steelworkers.

The present 18-man board, representing labor, public and industry, would be abolished and replaced by a six-man board with all public members. The new

## Third Of Oil Strikers Now Back To Work

**Settlements In Oil  
Walkout Continuing  
At Slow Pace Today**

Denver, May 22 — (UP) — Settlements in the 23-day-old oil strike continued at a slow pace today or a plant-by-plant basis.

A spokesman for the CIO oil workers union at Denver said it would be a "generous estimate" to say that one-third of the original 90,000 strikers were back at work.

Only a few settlements between individual local unions and oil company units were reported.

"The companies wanted plant-by-plant bargaining," said the union spokesman, "and it's very cumbersome. If we had industry-wide bargaining, it probably would be over by now."

The wage increase ceiling of 15 cents an hour imposed by the wage stabilization board was proving acceptable to the 22 CIO, AFL, and independent unions, he said. But purely local issues are proving to be stumbling blocks in reaching agreements on a plant-by-plant basis, he added.

The most recent individual union-company settlements reported were at the Socony-Vacuum refinery and bulk plant at East St. Louis, Mo.; Texas Co. refinery, Casper, Wyo.; Anderson-Pritchard plant, Cyril, Okla.; Phillips Petroleum refinery, Woods Cross, Utah; and Phillips Chemical Co. plant, Borger, Texas.

The oil workers struck on April 30 with a demand for a flat 25-cent-an-hour increase. The unions later reduced their demand to 18½ and finally to 15 cents, the ceiling imposed by the WSB.

board would have no authority to recommend settlements of wage disputes.
