## **Complain Of Noise On Thirteenth Street**

Several residents of the west part of Decatur near Thirteenth street have registered complaints with various city officials concerning the constant noise caused in that area by the playing of electrical music boxes by the various business firms.

The boxes are placed outside and in addition to music, business announcements are made to attract the motoring public. Several who have registered complaints say that the noise is continued until late at night.

They claim that when the same thing occurred in the business section of Decatur several years ago it was stopped by invoking use of the anti-noise ordinance.
