Closed Shop Ruling By Judge Wednesday

INDIANAPOLIS (INS)—Marion Superior Judge Walter Pritchard said today that he will rule on the closed shop clause in the CIO United Auto Workers contract with the General Motors Corporation Wednesday.

The judge will hand down a decision on a move by both the union and GMC to set aside a temporary injunction granted Vernon R. Smith, 40, by Marion Superior Judge John L. Niblack.

Annual 'Corn Boil' Thursday Evening

The annual "corn boil" sponsored each year by the Fellowship club of the Decatur Masonic lodge will be held Thursday evening starting at 6 o'clock at Hanna-Nuttman park. It was announced today by Robert Workinger, president of the Fellowship organization.

All Masons and their families are invited to the annual affair, and each person attending is requested to bring his own table service. Entertainment following the dinner is being planned and Workinger stated there would be events of interest for all members of the family.

SALK

(Continued from Page One) combined 2,023,068 until further release—poses a problem for physicians. They are required to certify on request forms that the vaccine is for a child in the five to nine group, but until further supplies are released by the national institutes of health, the total available is far short of demand.

Dr. Groesbeck said Indiana's 25,000 cases from Wyeth is to be given to 12,500 children, indicating physicians are being asked to give the first two shots from the same supply, then obtain the third shot seven months later from additional supplies.

Demonstrate Sod Waterway Plot

Plan Demonstration Monday Afternoon

A demonstration of sod waterway construction will be conducted on the Sherman Von Gunten farm Monday at 1 p.m. The farm is located three miles east and one half mile south of Berne.

The demonstration will include the use of farmers' tractors, plows and discs. A gullied watercourse will be worked in, shaped, fertilized and seeded to grass.

A demonstration grass seeding area is also located on the Von Gunten farm and will be shown that afternoon. This plot contains most of the grasses and legumes which are normally grown in Adams county. These grasses and legumes can be seen where they have been seeded alone and in combination.

After the waterway and seeding plot demonstrations are completed there will be a tour to the Von Gunten-fager farm two miles south to see a bulk milk handling system in operation.

These demonstrations are being conducted by the district soil conservation in cooperation with the extension service and the soil conservation service.
