Bring Your Parents! Relatives! Neighbors! Friends!

"Miss American Fence" Contest Sponsored by MONROE GRAIN & SUPPLY, Monroe.

Military Code For Prisoners Signed By Ike

Allowances Made
For Brainwashing
And Other Tortures

WASHINGTON (INS) — President Eisenhower has ordered U. S. servicemen taken prisoner to resist to the utmost captivity and questioning.

However, he made allowances for "brainwashing" and other tortures the prisoners cannot withstand.

The code of conduct for members of the armed forces taken prisoner was signed by the Chief Executive Wednesday at his Rocky Mountain vacation camp at Fraser, Colo. It was prepared by a special advisory committee.

The rules permit an American taken prisoner to give only his name, rank, serial number and date of birth. They call on him to "resist capture by all means available" and to make "every effort to escape and aid others to escape."

However, the code requires the prisoner to "evade answering further questioning" only "to the utmost of my ability," allowing for the irresistible pressures of communist perfected "brainwashing."

It says flatly, though: "I will make no oral or written statements disloyal to my country and its allies or harmful to their cause."

Defense department officials,

meanwhile, were urging strong American diplomatic action aimed at bringing the communist bloc into the Geneva prisoner of war convention of 1946.

Soviet Russia and other fed gov. ernments have consistently refused to agree that prisoners are entitled to benefits of the convention if they are "convicted" of acts allegedly committed prior to capture.

Instead, the communist nations have declared they will not apply the rules of uniform humane treatment of prisoners to captives convicted "in accordance with the principles of the Nurnberg trial of Nazi leaders."

Under this exception, Chinese Reds accused and convicted imprisoned Americans captured during the Korean war as "war criminals."

State department officials were not optimistic about chances of winning Soviet acceptance to the Geneva convention without the reservation.

Discipline Major Problem In School

Neglected Problem
In School, Society

FORT WAYNE, Ind. (INS) — Two vice-presidents of the American Federation of Teachers said today that discipline is a major and neglected problem in the nation's schools and in our entire society.

Many parents tell teachers that they are helpless in coping with their children, according to F. Earl McGinnis, of Wilmington, De., and Edward F. Jerrow, of Cleveland, O., who spoke before the federation's annual convention.

McGinnis said: "Teachers are deprived of disciplinary devices allowed parents. Many, if not most parents, disapprove of this school laxness, and

the solution seems to be in teachers working out acceptable disciplinary devices with parents. Legislation is not generally needed: Parent teacher study groups are."

Jerrow said:

"Fine buildings and good teachers are an economic waste if the climate in which the teaching process takes place would destroy the effects of these surroundings. I suspect that we have overdone in

the classroom the idea that people are free and independent. Emphasis should be placed upon freedom and responsibility and its place."

Jerrow added:

"Teachers should take the attitude that the necessary time required to develop self reliance, respect for others, and a willingness to work together is as important as subject matter and instruction to the citizens of the future."

THERE'S NO MYSTERY ABOUT

CARL GERBER

If you're new in town, there are a few things you should know about Carl Gerber.

First, do NOT shop at Gerber's Meat Market under the impression that Carl is related to the District Attorney and might be good to know, just in case.

Secondly, do not expect Carl Gerber to help you cure that hook or slice. He's a lousy golfer, too.

On the other hand, if you're looking for a grocer who sincerely appreciates your patronage . . . and will move Heaven and Earth to keep you happy . . .

Well, stop in first at Gerbers Meat Market . . . you just might find the grocer you're looking for.
