A western woman who wanted to get rid of her husband and was advised to get a divorce but when she counted up the cost couldn't afford it so she shot him. It was cheaper and so much less trouble.

The new school building will be delayed a week or so, because of an unavoidable delay in some necessary building supplies. It's regretted but it will be worth waiting for a short time.

The Schmidts are enjoying a second honeymoon out in Oregon. The man who was one of the eleven recently sent home from a China prison says he has forgiven everything and dismissed his divorce suit. That should close the incident.

The thousands of flood sufferers need help. We are sure that such a small amount asked from Adams county citizens will be well oversubscribed in a few days. Send your contribution to the Red Cross office in Decatur!

Won't that \$3,000 broom be a dandy piece of equipment for the Callithumpian parade this year? Of course the streets will have to be cleaned ahead of the parade or it probably would make too much dust.

A small item appeared in several Indiana newspapers Thursday which stated that a group of prominent Indiana lawyers was assigned by the state bar association to study the Indiana Justice of Peace system and the methods of operation of Justices of the Peace. And isn't it about time?

Residents of the southwest part of Decatur, where street lights are frequently out at night; residents of Homewood on North Twelfth street who have to walk through cinder streets; or even suffering taxpayers, no doubt

would be glad if the parking meter funds were used for their aid instead of being used to buy a broom.

This is the junket season for congressmen and senators and the signs indicate that during the next five months, few statesmen will remain at home. They will travel to the far corners of the world ostensibly to familiarize themselves with world conditions. They don't have to account for expenses, which makes it extremely comfortable for them. All they have to do is relax and enjoy themselves. Of course there are a few who will stay home and work hard but most of them will be on the go.

We join the happy congregation of Nuttman Avenue United Brethren in Christ church in welcoming back for a third year the Rev. Paul Parker, pastor of that church. Rev. Parker was returned by recent action of his church conference. During his tenure at the local church, that congregation has constructed a new parsonage near the church. The Parker family fits well into the Decatur way of life and we are glad that we have such fine people as citizens and neighbors.

Donald Snyder of Warsaw, was driving a truck through Ohio Wednesday night when it swerved into a ditch, ran 100 yards and struck a power pole knocking it over. The car finally got out of the ditch and ran into the yard of Mr. and Mrs. Gudakunst, blew up and set fire to the house. Columbus Grove firemen fought an hour to control the blaze. The truck was destroyed; Snyder taken to a hospital and the house was badly damaged. Some of the truckers ought to be in less of a hurry if they want to save time and money.

Strike Nears End
At Perfect CircleOptimism Is High
For Ending Strike

INDIANAPOLIS (INS) — Optimism is high today that a settlement of the month old Perfect Circle Corporation strike may come today.

High officials of the company and the CIO-United Auto Workers met in Indianapolis Thursday for the first time since the violence studied walkout began.

Meeting with them were James S. Allen, of the Federal Mediation and Conciliation Service, and George Hipke, state labor commissioner.

Meanwhile, observers of the Indiana National Guard remained in action at the company's plants in Richmond, New Castle and Hagerstown.

Someone fired a shot through a window at the Milton home of William Spaulding, a nonstriker working at the Hagerstown plant. No one was injured. His wife and son also work for the company.

There also was an explosion near the home of Mrs. Vivian Pope, who has returned to a job at the strike bound Crosley refrigerator factory in Richmond.

Two Richmond officials threatened arrests if what they called "gun toting hysteria" does not cease. Prosecutor Bert Keller Jr. and Sheriff Edward Cordell said loaded guns had been found in automobiles stopped by officers in the Hagerstown region.

Buttons
When putting buttons away for future use place all buttons of one

kind on a heavy thread. It will avoid the necessity of so much searching through the button box.

Cake Baking
If one usually has trouble in removing a freshly baked cake from its pan, try lining the pan with waxed paper before putting in the batter.

The Cream Pitcher
A little butter on the spout of the cream pitcher will make it pour easily, without dripping on the tablecloth.

Modern Etiquette
BY ROBERTA LEE

Q. When a guest, invited to dinner, finds that it will be impossible for him to arrive at the appointed hour, what is the best thing for him to do?

A. Telephone his host or hostess immediately, explain, and request that they do not wait for him.

Q. My fiancé wishes to have his father act as his best man at our wedding. Is this proper?

A. Most certainly it is proper, and often done. After all, a bridegroom's best friend can very well

be his father.
Q. When visiting a sick friend in a hospital, am I supposed to take a gift?
A. This is not an obligation. You can properly do as you like.
