here's how

CENTER FIRE DELIVERS

EXTRA WORK POWER

TO WD-45

Try it...

When you ignite a sheet of paper on one edge, flame creeps across slowly. Fuel burns much the same way inside an ordinary combustion chamber that has the spark on one side.

Now, ignite another sheet of the same size in the center. Flame quickly envelops the entire sheet. Flame spreads the same way inside the combustion chamber of the Allis-Chalmers POWER-CRATER engine.

Center-fire combustion and POWER-CRATER piston design get more work from every gallon of fuel. Add the standard Big Four Power Conventions—Automatic Traction Booster, Power-Shift Wheels, Two-Clutch Power Control and SNAP-COUPLER Hitch—and you have today's outstanding tractor value, the WD-45.

Still Delivered on your farm for only ... \$2365.00

POWER-CRATER and SNAP-COUPLER are Allis-Chalmers trademarks.
