No Damage Is Caused By Grass Fire Today

No damage was caused by a grass fire at about 1:30 p.m. today in an empty lot back of the Kenneth DeArmond residence at 2395 High street. The lot is owned by Jake Keller. Decatur firemen were called and the fire was quickly extinguished.

Japan Braces For Another Typhoon

Second Major Storm
Moving For Islands

TOKYO (INS) — Typhoon-battered Japan braced itself for another shock today as the second major storm in a week moved into position off the coast of the island nation.

Typhoon Marge, carrying winds up to 110 miles per hour, was moving steadily northward at 16 miles an hour. It was expected to be some 125 miles from the coast of central Japan by Tuesday morning.

Marge is expected to hit Japan while operations are still in progress to repair the damage caused by typhoon Louise — the biggest and most destructive storm of the season.

Louise left at least 15 persons dead and another 74 injured.

Juan Peron Begins His Life In Exile

Former Argentina
Ruler In Paraguay

ASUNCION (INS) — Deposed Argentine dictator Juan D. Peron, who knew so well the cheering adulation of millions, began his life in exile today to the echo of polite greetings mouthed by minor officials.

The iron-fisted ruler of Argentina for more than a decade arrived Sunday in Asuncion aboard an amphibious airplane. He was greeted by a small group of people which included the former Paraguayan ambassador to Argentina, Dos Santos.

The ex-diplomat stayed with Peron for nearly an hour and reported later that he was in good health, although a little tired. He also said Peron would receive newsmen today. They were barred from the field when Peron landed.

Peron may answer the question today of whether he intends to remain in Paraguay or move on to some European country.

The new Argentine government which ousted Peron said he has secreted a fortune of more than \$1,500,000 in Switzerland.

The former dictator also was greeted at Asuncion by Ricardo Goyol, a rich Argentine businessman, with whom Peron will be staying at least for the moment.

Youth Arrested On Charges Of Murder

Texan Youth Held
In Muncie Slaying

ANDERSON, Ind. (INS) — An 18-year-old Texan was held on preliminary charges of murder at Anderson, Ind., today climaxing a bizarre brawl and threatened lynching at Muncie.

John Jimenez was taken into custody minutes after the slaying at a Muncie drive-in restaurant of Holland A. Upchurch, 39, of Indianapolis.

Jimenez said he and Eugene Vargas, 20, of Muncie, were sitting in an automobile outside the drive-in when a waitress gave him a message he couldn't read. He said he was going from car-to-car trying to find the sender when Upchurch jumped from his car and attacked him.

The accused said he pulled a .25 caliber automatic, he bought under an assumed name in Toledo, O., for \$32, and fired into the air warning Upchurch not to strike him again.

Jimenez said he was walking away when he heard Upchurch's companion, Mrs. Gladys Jones, ask Upchurch if he was going to let anyone get away with that. Jimenez said Upchurch knocked him down again and was beating him when he pulled his weapon free a second time and fired.

The bullet struck Upchurch in the chest, severed an artery and Upchurch died a short time later in Ball Memorial hospital.

Jimenez and Vargas fled the scene but were traced through witnesses' reports of the license number and arrested a short time later. When mobs began to gather near city hall and lynching talk spread, the boys were taken to Madison county jail (Muncie's county jail is being rebuilt) at Anderson for questioning.

Police said Jimenez' face was battered and Vargas, who will not be held, confirmed Jimenez' story in practically every detail.

Five Accidents Are Reported By Police

Minor Mishaps Are
Reported In City

Decatur broke out with a rash over the week-end—a rash of minor accidents. One Saturday evening started it off, and four were reported Sunday. The Saturday accident involved a car belonging to Robert Strickler of this city. The Strickler car was damaged while parked in the Schafer parking lot on First street. The other auto that did the damage left the scene without reporting the collision, and also left the Strickler car with a damaged headlight and fender.

A car operated by Louis C. Drake of route five, Decatur, knocked over a parking meter on Monroe street, Sunday.

A parked car belonging to Oren C. Reynolds of New Haven was damaged to the extent of \$55 when an unidentified vehicle attempted to park in front of Reynolds. The car cut in too soon and damaged the right front fender of Reynolds' auto.

A truck operated by David R. Evans, of Hobart, was struck by a car driven by William F. Pedigo of Plippin, Ky., Sunday at the intersection of Nuttman and Thirteenth streets. Evans was turning left onto Thirteenth street when the Pedigo auto failed to stop as it proceeded east on Nuttman, and struck the rear of the truck. The truck was undamaged by the collision, and the Pedigo auto got \$50 in damages. Pedigo was arrested as a result of the accident and fined \$5 and costs, totaling \$19.75, for disregarding a stop sign.

A parked car belonging to Nolan Hoffman, Fort Wayne, was damaged when hit by an auto operated by Lawrence Bollenbacher of Berne. The accident took place near the intersection of Elm and Eleventh streets and resulted in damages of \$75 to the Hoffman car and \$50 to Bollenbacher's auto. Bollenbacher was arrested for reckless driving and will appear in court later.

Surgeon General Lauds Salk Vaccine

First Real Advance
On Paralytic Polio

DETROIT (INS) — U. S. surgeon general Leonard A. Scheele said today results this year show the Salk vaccine is "the first real advance against paralytic polio."

He disclosed that the paralytic attack rate among vaccinated children has been "strikingly lower" than among the unvaccinated, with reductions 50 per cent "or greater" in protected children.

A similar encouraging report was made in Washington Saturday by the department of health, education and welfare.

In an address prepared for the Economic club of Detroit, Scheele cited detailed preliminary studies on the effects of this year's limited mass inoculation program.

Scheele said the results are even more encouraging because the vast majority of youngsters received only one injection instead of the three required for maximum immunity.

He added: "It is reasonable to expect even greater protection when the full course of immunization is completed."

Enters Guilty Plea To Drunken Driving

Arthur Martinez of Decatur, who was arrested Sunday morning in this city, entered a plea of guilty in city court today to a charge of driving while under the influence of alcohol.

He was fined \$50 and costs, his driver's license was suspended for a year and he was given a suspended six months sentence at the state penitentiary.

Trade in a Good Town — Decatur

Return From Laymen League Conference

Rev. E. P. Schmidt and D. Hoyt Colow have just returned from a three-day conference of the Lutheran laymen's league in St. Louis. They are Pastoral Adviser and Lutheran Hour Chairman for the Northern Indiana district of the league.

A total of 181 registered for the meeting held Sept. 30, Oct. 1 and 2 at the Statler Hotel in St. Louis. District membership secretaries, presidents, Lutheran Hour chairmen and pastoral advisers were included in the conference, in addition to the Board of Governors of the International League.

Holy Name Society Closes Convention

Longest Parade In
Pittsburgh History

PITTSBURGH (INS) — An estimated 60,000 Catholic men proclaimed their belief in the divinity of Jesus Christ Sunday in what was believed to be the longest parade in Pittsburgh's history.

From noon until 9 p. m. a procession of devotion moved along Fifth Ave. from Shadyside into the Oakland district, where a crowd estimated at close to 100,000 watched from the sidewalks. The ceremony marked the end of the five-day international convention of the Holy Name society, an organization which was founded seven centuries ago and dedicated to the veneration of the name of the Son of God.

Thirty six colorful floats which depicted religious scenes participated in the parade that was reviewed by 75 ecclesiastical and civic leaders from a stand on the lawn of St. Paul's cathedral. Delegates from scattered sections of this country, Canada and Latin America were among the marchers who also included 1500 New York policemen, 700 New York firemen and 400 policemen and firemen from Cleveland.

Spectators seemed to agree that the string band from the famous Mummers' Parade of Philadelphia was the most colorful unit. The Holy Name society men pledged themselves to a crusade against perjury, blasphemy, profanity and obscene speech.

Indianapolis Man Held For Murder

Struck Motorist
For Blowing Horn

INDIANAPOLIS (INS) — A preliminary charge of murder was filed today against a 28-year-old Indianapolis man charged with striking a Detroit man for "blowing his horn too much."

Jack N. Nicholson, 58, died Sunday of a blood clot in the brain believed to have been caused when he was struck Friday night at an Indianapolis intersection.

Charged was Raymond Patrick, 28, identified by Nicholson and three witnesses as the assailant. Patrick, himself, earlier, admitted slugging Nicholson.

At the time, however, Nicholson said business would prevent his appearing against Patrick and Nicholson refused to sign a complaint.

The victim complained to friends of a splitting headache after the Friday night altercation and was taken to Methodist hospital where he was treated and released. He was found unconscious in his hotel room Saturday and he died Sunday.

Marion county coroner, Dr. Roy B. Storms, said Nicholson, an unmarried native of London, Eng., died of a clot on the right side of the brain, which would have been caused by a blow on the left side of the head.

Before he died, Nicholson said: "Some drunk hit me. The guy said I had been blowing my horn. I didn't even blow it, but he got out of his car and slugged me."

Hold Short Course For Veterinarians

Purdue Will Open
Course Wednesday

Purdue University's 43rd short course for veterinarians will open on the campus Wednesday, with an intensive three-day program scheduled. Three hundred Hoosier veterinarians are expected to register for the annual event, according to L. M. Hutchings, head of the Purdue veterinary science department.

Latest prevention methods for farm livestock diseases will be discussed by outstanding leaders in the veterinary field. The first two days of the short course will be devoted to addresses and demonstrations slated for Friday.

A feature of the three-day school will be an address Thursday evening by Floyd Cross, president of the American veterinary medical association. Cross will speak after a presentation by the Purdue variety club.

An address on "Hormones in Management of Reproductive Disorders" by L. E. Boley, University of Illinois, will headline the opening day program. Other speakers Wednesday afternoon will include J. W. Green and L. R. Barnes, both of Indianapolis. A poultry practitioners forum will be comprised of R. E. Allison, Decatur; J. H. Gregg, Nappanee; and M. S. Sheehy, Washington.

Other noted speakers during the event are R. D. Turk, Texas A&M College; E. V. Morse, Michigan State University; M. W. Allam, University of Pennsylvania; C. D. Van Houwelling, USDA at Washington, D. C.; and P. C. Bennett, Iowa State College.

One Driver Arrested Following Accident

Robert G. Zerby, 24, of Geneva route one, was arrested Sunday afternoon on a charge of improper passing after an accident at 3:45 p. m. Sunday on U. S. highway 27 about three miles north of Berne.

Zerby attempted to pass a car driven by Charles H. Pitts, 71, of Pennville, at the narrow Blue Creek bridge on U.S. 27. The Zerby vehicle hit the other car, damaged a guard post on the bridge and skidded down the road on its side, uprighting itself before it came to a stop.

Damage was estimated at \$400 to the Zerby car, \$15 to the Pitts vehicle and \$35 to the bridge. Sheriff Merle Atfilder and state trooper Walter Schindler investigated.

Sleep Tonight Without ARTHRITIC PAIN

or your money back

Take PRUVO tablets as directed today. Prove to yourself there is no better non-narcotic relief from minor aches and pains of arthritis and rheumatic attack at half the usual cost. Use half the tablets in the \$1.50 bottle. If not satisfied with the results, return balance to make for money back. PRUVO is so safe you can buy it from your drug store without a prescription. Save money on PRUVO by buying the 225 tablet Clinical size bottle at \$4.00 or the 450 tablet Hospital size bottle at \$7.50.

FREE \$1.00 COUPON in each PRUVO bottle good toward purchase of C.I.V. — special tablets containing 100% minimum daily requirements of calcium, iron, iodine, and all essential vitamins.
