## GOP Chairman Signs Contract For Convention

1956 Convention To Be Held In 'Frisco Opening August 20

WASHINGTON (INS) —Republican national chairman Leonard W. Hall said today the GOP convention definitely will go on as scheduled next Aug. 20 in the Cow Palace at San Francisco.

Hall said he signed the contract today for the Cow Palace and made the announcement immediately as "complete answer to false statements" by Democrats that the GOP convention would be held earlier and possibly in Chicago.

He added: "In my opinion, there will never be an early convention form here on in. With the modern media of communications, it's going to be tough to sustain a campaign for even six or seven weeks."

Asked if he would speculate on possible Republican candidates in view of President Eisenhower's illness, Hall said it would be improper for him to do so.

But he indicated the GOP committee still looks upon Mr. Eisenhower and Vice President Richard M. Nixon as the 1956 ticket.

## Heavy Rainfall Is

## October Forecast

Farmers Advised To Seed Winter Grains

LAFAYETTE, Ind. (INS) —Hoosier farmers today were advised to seed winter grains as soon as possible to avoid heavy rainfall predicted for the remainder of October.

Purdue agronomists said the 30-day outlook released by the U. S. weather bureau forecast five inches of rain throughout the state for the remainder of the month.

With heavy rainfall forecast, farmers were told to plant grain rather shallow since, moisture is more than adequate in most areas now. Specialists said grain should be planted as soon as weather permits even though the fly free date may not have arrived.

Early corn harvest is paramount where ear moisture is low enough for satisfactory cribbing, but agronomists said corn with high field moisture should be handled with caution unless drying facilities are available.

## Russia Seeking To Expand Conference

Wants Discussion Of Far Eastern Topics

UNITED NATIONS, N. Y. (INS) —Russia stepped up today its drive to expand the Oct. 27 Big Four conference at Geneva to include broad Far Eastern topics. It called for re-establishment of economic ties between North and South Korea.

Soviet delegate P. N. Kuryshin joined the chorus of Soviet and Asian spokesmen seeking Big Four consideration of east Asian problems by declaring in the UN economic committee that renewal of economic links between the two Koreas will speed reconstruction of the war-ravaged peninsula.

Kuryshin's declaration followed by 24 hours a disclosure by Indian diplomat V. K. Krishna Menon that Red China would agree to "internationally supervised" elections throughout Korea.

UN observers viewed Menon's statement before the assembly as a "trial balloon" aimed at splitting western policy in Asia and part of the Soviet effort to include Red China, Formosa and Korea on the agenda of the Big Four foreign ministers meeting in Geneva.

The resolution called for the establishment of a functional foundation, similar or comparable to the National Foundation for Infantile Paralysis. Its purpose shall be the shedding of light on the problems of mental disease, its causes and cures.
