Duck-hunters had a big day Saturday and hundreds of season openers reported good results. Ducks are reported to be more plentiful this year than in the last several seasons.

Just two weeks remain until the municipal elections. It is the duty and a privilege which every citizen has to take part in local government affairs.

Middlewest football fans have had several week-ends of excellent weather. Rain has ruled the gridiron in the east and south, but fair weather has prevailed in the midlands. More upsets marked Saturday's schedule and the Pro teams on Sunday had some startling results.

It's that time of year to wrap the rug around your water meter and to do the other little pre-winter jobs around the house. Don't forget to close the cellar windows and cover any exposed water pipes.

While the personal property loss in the explosion at the Warsaw theatre was appalling, people of northern Indiana are grateful the blast occurred when the building was empty. The 1,000 seat movie house was packed a few hours earlier.

The eastern states have had two devastating floods in recent weeks; San Francisco suffered an earthquake Sunday. We have much to be thankful for here in the middlewest where we complain when it's too hot or when it's too cold. We're pretty thoroughly convinced that this is the greatest part of the world in which to live.

Colder weather and rain are on the weather menu for the early part of this week. We can expect a good killing frost almost any morning now. How about your automobile? It's time to check the radiator and prepare for the cold weather. If you spend a few dollars now and take the time to have a thorough check, you'll save a lot in costly frozen radiators and other winter auto worries.

President Eisenhower continues to show marked improvement from a heart attack suffered several weeks ago. It is believed likely that the President soon will go

to his Pennsylvania farm home to spend a few more weeks for a full recovery from his illness. We join the millions of people throughout the nation and world in giving thanks for the apparent recovery of our great Leader.

New 1956 models of automobiles are appearing in the auto show rooms and several more are scheduled to be on exhibit in the next ten days. Auto manufacturers predict that next year will be even greater than 1955 in the sale of new automobiles. They give as one of their reasons for optimism the fact that many families are moving out of city areas into the country and in so doing increase their possibility of being a two car family.

Clean-up week has been scheduled for November 1, 2, 3, and 4 and all residents are asked to place tin cans, bottles, and other rubbish in containers in their alleys. City workmen will gather up the rubbish on a regular schedule. Fire ward four will be covered on the first day, Tuesday November 1 and then on the following Wednesday, Thursday and Friday, fire wards one, two and three will be scheduled in that order. Every householder is asked to cooperate in the semi-annual clean-up job.

Carl Gerber:—

Men with business and civic experience such as Carl Gerber has had are not always available in administration of a city's affairs. Mr. Gerber is the Democratic candidate for councilman of the second councilmanic district in the municipal election November 8. Although he has never sought a public office, he always has been active in the city's affairs and at present is a member of the city recreation board. A staunch supporter of the school system, the candidate has a background of more than twenty years success in his retail meat and grocery business. Mr. and Mrs. Gerber and their family are members of the First Methodist church and the Gerbers own their own home. We can without reservation recommend Carl Gerber as a member of the city council. We are sure that, if successful, he will give to the new administration the many fine abilities which have marked his personal success.

Q. If a small paper cup of applesauce is served on one's dinner plate, and it is too small to eat from with a fork or spoon, is it all right to empty the contents into the dinner plate?

A. Yes. Scoop out the contents with your fork. Then put the empty cup on the dinner plate to one side, out of your way.

Q. How should a divorcee sign her name so that she will not be mistaken for the second Mrs. Charles Wilson?

A. By prefixing her maiden name to her former husband's surname, as, "Mrs. Joyce Carter Wilson."

Q. What is the most popular boutonniere for ushers at a church wedding?

A. The white carnation is probably the most popular.

Electric Light Bulbs
A bulb cannot give its required amount of light unless the glass is kept clean. It must be washed as well as anything else. Use lukewarm water, to which a few drops of ammonia have been added. Do not allow the water to come in contact with the metal part.

Into the Corners
Try trimming an old whiskbroom into a sharp "V" point, and you will then have a hand implement for cleaning out the floor corners and other difficult places to get into.

Suede Slippers
To remove rain spots that have accumulated on the suede slippers, rub them with an emery board such as is used for manicuring.

Accidental Death
In Fatal Shooting

EVANSVILLE, Ind. (INS)—Coroner H. T. Combs gave a verdict of accidental death in the fatal shooting of Maurice Gatewood, 22, of Evansville by his younger brother, David, 18.

David said he fired a rifle shot in the dark because he believed a prowler was trying to enter the house while he was with his mother and another brother, Jack, 17.

Entertainment Tonight
After Legion Meeting

The regular meeting of Adams Post 43, American Legion, will be held at the Legion home at 8 o'clock tonight. Following the meeting, special entertainment will be provided by Gene Straub and Jeanne, better known as Mr. and Mrs. Banjo. The ladies are invited to enjoy the entertainment.

UN OBSERVES

are hopeful that other governments will endorse it at a projected 84-nation conference to be summoned, probably next year.

India, which demanded that the UN assembly itself shape up the agency, has agreed to U. S. and Soviet proposals for an international conference to discuss the statute.

The U. S. has invited Russia, India, Czechoslovakia and Brazil to

attend a conference in Washington in December on the statute.

CADILLAC for 1956

Top to bottom—Eldorado Seville, Sedan de Ville, Sixty Special

Presenting the Most Inspiring Motor Cars the World Has Ever Seen!

You are looking at three of the most magnificent and inspiring creations ever to issue from the drawing boards of Cadillac's designers and engineers.

These spectacular new Cadillacs—in company with the other Cadillac models for 1956—introduce a standard of automotive excellence that will find no counterpart on the highways of the world.

Where, for instance, could you find anything to match them for beauty and elegance? Their long, low, sweeping lines... their jewel-like grille and rear-fender designs... their brilliant new color combinations... all combine to create a beauty that is truly unique.

Where could you find anything to equal them in luxury? Inside are fabrics of rare richness and pattern...

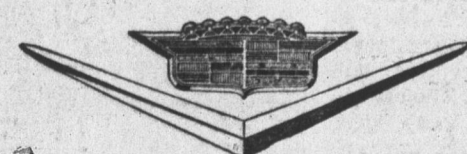

and features of comfort and convenience that will delight even the most experienced Cadillac owner.

And where could you find anything to rival them in performance? There's a completely redesigned Cadillac engine developing 285 and 305 horsepower... a new, controlled-coupling Hydra-Matic Drive... and advanced Cadillac Power Steering and Power Braking.

This extraordinary new Cadillac beauty... and this brilliant new Cadillac luxury... and this dynamic new Cadillac performance... have been interpreted in four separate series and in nine individual body styles.

We sincerely urge you to stop in for a personal inspection and demonstration at your earliest convenience.

We know you will agree that, in every way, they are the most inspiring motor cars the world has ever seen!
