## PROFIT AND PLEASURE CLUB HOLDS MEETING

The Profit and Pleasure Home Demonstration club met recently at the home of Miss Lucy Schnepf for their December meeting. After a carry-in meal, a gift exchange was held.

Using the nativity scene as the center of attraction, a Christmas theme was used to decorate the home.

"O Come All Ye Faithful," the song of the month, was sung by the members after its history was given. During the business session, new hostesses were chosen for the coming year. The roll call was answered by "My Plans for Christmas." Most of the members planned to gather with their families. There were 16 members and one guest, Mrs. Vernon Kiser, present. The devotions were given by Mrs. John Arnold and Mrs. Paul Kohne won the door prize.

Members of the council of Associated Churches are asked to note the change of place concerning their Tuesday night meeting. The meeting will be held at the Bethany Evangelical United Brethren church instead of the originally scheduled meeting place.

Mrs. Arthur Suttles, Sr., will act as leader of the Wednesday Shakespeare club. Syria will be the topic discussed.

Following the initiation of the Rainbow Girls this evening, a meeting of all officers with advisory reports will be held. All of the officers are asked to turn in their reports.

**Articles Stolen From Decatur Auto**

A car belonging to Miss Karen Murtaugh was ransacked Monday night in Van Wert, O., and several articles were taken. Van Wert police reported.

The car had been parked by Mrs. Murtaugh on East Main street, and when she returned to the car about midnight she found that it had been entered, and the front seat cover, slashed. Missing were a pair of sun glasses, a scarf, ice skates, a wool blanket, pliers, a hammer and a distributor cap.

Mrs. Baker explained that the bill, known as the veterans' children scholarship act, provides \$100,000,000 and is set aside for 2,000 scholarships per year for scientific, technological and engineering training, and training for teaching these sciences. There would be no cost to the American taxpayer. The United States government now holds German and Japanese properties valued at approximately \$600,000,000 which were surrendered to the United States after the war in lieu of war reparations. Only the interest on a portion of this would be needed to finance the scholarships.

The enemy property belongs largely to the giant industries of Germany which continued to prosper during the war. The American Legion and auxiliary believe that the property should be liquidated and the funds used to pay war damage claims of Americans citizens, and to educate American scientists, as provided in the bill.
