Spring athletics have started at both high schools and there will be baseball games and track meets to liven up the spring activities and take up the void made by the lack of football and basketball.

We're all for a meeting of top leaders of the world if a suitable program can be worked out with indications of good results. We don't believe there is a nation in the world which wants war and let's get a meeting which can accomplish things.

Everything is in readiness in Adams county for the spring primary elections. Ballot printing will be finished by the last of the week and election officers will be named by the county organizations and polls will open at all 39 polling places at six o'clock central daylight time and will remain open until six o'clock in the evening.

There were only four or five retail stores open Wednesday night which might mean that Wednesday has been eliminated as a night operating store hours until 9 o'clock. If this is the case, indications are that most retail stores, if not all of them will remain open until 9 o'clock on Friday and Saturday nights only. This is worth a try and any system which is worked out, to the satisfaction of a big majority, will be much better for the large shopping area and also for those who adhere to the new hours. Let's give it a try. We always can change to some other nights if they prove more satisfactory.
