September Record

New Record Set In September Building

WASHINGTON (UPI) — The government reported today that construction in September set another record.

The Commerce and Labor Department estimated construction work for the month at \$4,835,000,000, up \$2 million dollars from the previous monthly record reported for August.

For the first eight months of 1958, construction outlays amounted to \$36,367,000,000, a slight in-

crease from the comparable 1957 pace.

Government-financed construction from January through August totaled \$11,282,000,000, up 6 per cent from the similar 1957 figure. Most of the increase was attributed to spending for highways and public housing.

Private construction outlays totaled \$25,085,000,000. That was a slight dip from a year earlier, reflecting heavy retrenchment in industrial construction which was only partially offset by a pickup in residential activity.

In another economic signpost, the Commerce Department reported sales by merchant wholesalers totaled \$9,800,000,000 in August, an increase of 2 per cent over July.

The August total was 4 per cent less than a year earlier. Sales for the first eight months of the year dipped 6 per cent below the comparable 1957 figure.

Fleming Speaks To Young Democrats

Great Political Challenge To Youth

Hoosier young people have a great challenge in politics, W. Robert Fleming, former U.S. commissioner and Democratic candidate for the U.S. representative to congress, told the fourth district young Democratic Tuesday evening.

"As leaders of our party in this district, you have a responsibility to inspire confidence, a responsibility to represent and respect the interests of all, and a responsibility to plan and co-ordinate the necessary action for all 4th district democratic," Fleming said.

"It is quite a task but one that I am sure you can and will accomplish. This year the young democrats have a young democrat representing them as our candidate for the United States senate. On November 4, the personalities involved in the political contest of Indiana will be judged by the voters. The contest will go to the persons in whom the voters have the greatest faith. Vance Hartke will have youth and integrity on his side. The voters have lost faith in his opponent because of his record of waste, scandal and power tactics.

"However, young democrats, the battle of the dollars has begun. From one end of the state to the other, from every telephone post, billboard, signal light and signs on walls in public places, the deluge of Republican dollars has begun to flow and soon there will be a tidal wave of radio and television programs screaching the virtues of their strange type of 'Americanism.'

"But, young democratic, money, cannot buy truth and integrity. We Democahats will not be fighting our battle alone. We have allies in the hearts of every citizen in Indiana. We Democrats are joined together in an indivisible team with the banner of truth and truth alone.

"The flag bearing the dollar has been raised over the Republican camp. Our task is to tear it down. This can be done, not with dollars, but with the basic elements of just plain Hoosier conversation. The victory is in the field. It is the young Democratic worker that will expose this fraudulent program. The issue of the day is truth and truth can best be said when a Young Democrat looks into the eye of his neighbor.

"Your persuasive powers shall bring us victory," Fleming concluded.
