

Lett Is Jailed On Jury Indictment

Held In Shortage Of Masonic Funds

MARION, Ind. (UPI) — Julian T. Lett, 58, former Marion businessman, remained in jail today following his arrest late Friday on a grand jury indictment charging embezzlement in connection with a \$357,000 shortage in funds of the Indiana Masonic Home Foundation.

Jack Lawson, son of Mr. and Mrs. A. W. Lawson of Decatur, is the editor of Valparaiso university's new campus magazine, The Lighter, which was issued for the first time Saturday in time for the university's 1958 homecoming activities.

The magazine will be published four times during the academic year and will attempt to combine literary and humorous aspects of college life. Each issue will feature a photo-biographical sketch of a Valpo coed. Lawson is a sophomore in the school of law and is a member of Theta Chi fraternity.

No bond has been set yet for Lett's release pending arraignment.

Seven Cases Heard In Mayor's Court

Five Are Fined On Various Charges

Seven persons appeared in mayor's court today to charges filed against them recently by city and state police officers for separate offenses. One appeared for driving while under the influence of alcohol, two appeared for public intoxication, two for bus violations, and two for disregarding stop signs.

Tony A. Mitch, 60, route two, Ohio City, O., arrested September 29 by the city police on U. S. 224 approximately three miles east of Decatur for driving while under the influence of alcohol, received a fine of \$50 and costs totaling \$66.75, six months suspended sentence at the Indiana state farm, and his driver's license suspended for one year for the charge. Mitch was arrested by the city police department after police first observed him at the intersection of Second and Monroe streets, but were unable to stop him until he was three miles from the city limits. Mitch first entered his appearance to the charge the following day of the arrest and was granted additional time in which to plead. Later he pleaded not guilty to the charge, but today changed the plea to guilty.

Donald L. Bollenbacher, 29, Rockford, O., was arrested for disregarding a stop sign at the Salem road and S.R. 124 by the state police Tuesday. He appeared in court this morning and received a fine of \$17.75.

Lawrence Debolt, 52, Fort Wayne, was arrested by the city police in the 100 block of First street for public intoxication Saturday at 11:35 p.m. Debolt was found lying on the sidewalk near the American Legion. He was taken to the Adams county jail and held there pending trial in court today. He received a fine of \$1 and costs totaling \$16 and a 30 days suspended sentence at the Adams county jail. He was unable to pay the fine and was taken back to the county jail.

Robert J. Thomas, 29, Fort Wayne, arrested by the city police for public intoxication Saturday night, appeared today and pleaded guilty to the charge. He received a fine of \$16 and a suspended sentence of 30 days at the Adams county jail. Thomas was arrested at 7:15 p.m. Saturday at the city hall. He remained in jail until today when the case was heard.

Eugene Max Hill, 29, Decatur, arrested by the city police department for disregarding a stop sign at 7th and Monroe streets on October 9, was fined \$1 and costs totaling \$9.75. He was charged with a city ordinance violation.

The two persons who received a summons last week for school bus violations that occurred recently, appeared to the charges today. Helen Umpleby, Geneva, pleaded guilty to the charge. The court set a hearing on the case for October 27 so additional evidence may be presented. The incident is supposed to have occurred on September 29 near the Wabash river bridge on U. S. 27. An affidavit was filed against Mrs. Umpleby by the bus driver, Wayne Derrickson. Joseph Moser Berne, appeared to the same charge filed by Derrickson. He was charged with the bus violation on October 3. A hearing was set for October 27.

The Democrats were Rep. Winfield K. Denton of the 8th district and Fred Wampler of Terre Haute, who seeks to unseat Mrs. Cecil M. Harden in the 6th District.

The UMW endorsed 46 Democrats, 8 Republicans and 1 independent nationally.

The 6th, 7th and 8th Districts all cover parts of the Southwestern Indiana coal fields.

Asks Watchman For Railroad Crossing

J. M. Kirschner, Pennsylvania railroad district engineer, met with city attorney John L. DeVoss and Mayor Robert D. Cole Friday to discuss putting a watchman on the Dayton street crossing.

Mayor Cole asked the railroad to put a watchman on the crossing during the hours when it is used by those attending the Northwest school. He told the railroad that if one was not placed there voluntarily, an ordinance would be prepared calling for the railroad to have a watchman there at all times.

Kirschner stated that he would explain the situation to his superiors and that he would report back this week on their decision. The Northwest PTA asked for a watchman on the crossing at the last meeting of the city council.

MURDER TROUBLE — Mrs. Connie Nicholas, 42, her ailing arm in a sling, sits in court in Indianapolis, Ind., at the hearing at which her attorney filed a motion to quash an indictment charging her with premeditated murder in the gun death of Forrest Teel, 54. Killing of the Eli Lilly drug manufacturing executive occurred July 1.

PHOTOS TELL HOW A NEW POPE IS ELECTED

This flag signifies College of Cardinals in session to elect a new pope.

This is the gold cup in which cardinals place ballots to elect pope.

Black smoke issuing from Sistine chapel smokestack indicates ballot has been taken without a decision, white shows new pope has been elected.

These photos illustrate part of the official ceremony of electing pope in 1939, he became the 262nd pontiff of the Roman Catholic church. Pope is elected by College of Cardinals. (International)

Orders Crackdown On Early Halloweeners

The city police will crack down tonight on juvenile offenders who think that Halloween starts October 1. Mayor Robert D. Cole said this morning.

Youth have been spraying nasty phrases on cars with shaving can sprays, soaping windows, and otherwise defacing private and public property.

City police have been alerted to pick up anyone who does any malicious "damage" during the nights before Halloween, the mayor said. Window soaping is dangerous, since the driver may not be able to remove all of it from the windows before driving. Also, the soap scratches glass, cutting down vision even after soap is removed.

Two Autos Collide Here This Morning

A minor property damage accident occurred this morning at the intersection of Second and Jefferson streets involving two autos. The accident occurred at 8:45 a.m. A car driven by Robert J. Rumschlag, 47, Decatur, struck a car driven by Joseph Baumgartner, 71, route two, Decatur, while driving south on Second street as the Baumgartner vehicle attempted to drive across the intersection. The Baumgartner vehicle had stopped at the intersection and failing to see the approaching vehicle attempted to cross Second street while headed east at the time of the mishap.

Damage to the Rumschlag vehicle was estimated at \$65, and the Baumgartner auto damage was estimated at \$50. The city police investigated.

Nuclear Weapon Test By Russia Reported

WASHINGTON (UPI) — The Soviet Union has tested another nuclear weapon with a "large yield."

A terse announcement from the Atomic Energy Commission Sunday said Harrison Asberry, 69, New Castle, used a yardstick to trigger a shotgun blast which hit him in the chest and killed him Sunday at the home of his son-in-law near here. Authorities said he had been despondent over the death of his wife and over his health.

The test was the seventh Soviet nuclear explosion detected by the United States since Sept. 30, when the Russians resumed their nuclear tests after a suspension of several months.

Mild Temperatures Continue In State

Little Or No Rain Forecast For Week

United Press International — Mild fall temperatures with little or no rain probably will predominate in Indiana all week.

The five-day outlook called for temperatures averaging 6 to 10 degrees above normal highs of 63 to 75 and normal lows of 41 to 51.

"Warmer through Thursday, turning a little cooler Friday or Saturday," the outlook said, adding that precipitation will average less than one-quarter of an inch with chance of showers Thursday or Friday.

Fair weather prevailed during the weekend but temperatures were a little on the crisp side, with highs Sunday ranging from 60 at Fort Wayne to 68 at Evansville.

The mercury dropped only to the 40s and low 50s during the night, Evansville getting a relatively cool 43 while South Bend's minimum was 10 degrees warmer at 53. Other stations reported lows in the upper 40s.

Temperatures today will range from the upper 60s to the low 70s in a slight warmup, and after

lows in the 50s tonight, will rise into the 70s throughout the state Tuesday. The outlook for Wednesday was "fair and mild."

Infant Dies From Drinking Fuel Oil

HARTFORD CITY, Ind. (UPI) — Rose Marie Lysinger, 11 months, died in Blackford County Hospital Saturday from the effects of a quantity of fuel oil which she drank from a can on the floor of her home.
