

Bing Crosby's Wife Has Baby Daughter

LOS ANGELES (UPI)—Crooner Bing Crosby, father of five sons, let out a joyful "whoop" Monday night at Queen of Angels Hospital when his wife, actress Kathy Grant, gave birth to their first daughter.

"You could hear him the length of the corridor," said an attendant. "And the corridor is about two blocks long."

The 55-year-old singer took his 24-year-old wife to the hospital at 5:34 p.m. Monday. Two hours later she gave birth to a 6-pound, 15-ounce girl.

The couple named the child Mary Frances. They have one other child, Harry Lillis Crosby

III, born at the same hospital Aug. 8, 1938. Crosby's four grown sons were by his marriage to his first wife, the late Dixie Lee.

A hospital spokesman said the famed crooner arrived at the hospital in typically casual attire—a straw hat, sweater and slacks. He appeared fairly composed, but paced around the hospital before the birth.

Once he stopped to buy a newspaper and mumbled: "How much is it?"

Dr. Abner J. Moss, the same physician who delivered Crosby and Miss Grant's son, nicknamed Tex, delivered the baby.

Crosby and Miss Grant were married Oct. 24, 1957, nearly five years after the death of his first wife. Sons by his first marriage were Gary, 26; twins Phillip and Dennis, 24, and Lindsay, 23.

U.N. Opening 14th Annual Session Today

UNITED NATIONS, N.Y. (UPI)—The U.N. General Assembly opens its 14th annual session this afternoon—the first to be addressed personally by a premier of the Soviet Union.

Soviet Premier Nikita Khrushchev whose arrival in Washington today was completely overshadowing the usual diplomatic clamor here, addresses the meeting Friday.

He will speak behind the tightest security the United Nations has given any of the more than 100 heads of state and government leaders who have visited here.

The 82-member Assembly had 70 proposed items before it, including the Algerian war and Chinese Communist repressions in Tibet. It is expected also to take up the report of the fact-finding committee sent to Laos by the Security Council to check on Laotian charges of Communist Vietnamese "aggressions."

The opening day of the Assembly will be devoted to routine business, including the election of an Assembly president and various chairmen and organization of the Assembly's seven standing committees.

Dr. Victor Andres Belaunde, 76-year-old diplomatic veteran who has headed Peru's Assembly delegation since 1950, is expected to be elected Assembly president without opposition.

The verbal fireworks are expected to start Wednesday when the Assembly steering committee meets to approve the 1959 agenda.

This is expected to touch off the clash over the representation of China. In spite of the bitter border dispute, India again has proposed that the Peking regime replace the Chinese Nationalist government in the United Nations.

Over 2,500 Daily Democrats are sold and delivered in Decatur each day.

Ask Federal Court Oust James Hoffa

WASHINGTON (UPI)—Court-appointed monitors have asked a federal court to oust James R. Hoffa as president of the Teamsters Union, charging that he mismanaged \$875,000 in union funds.

The monitors made their request Monday in an interim report to Federal Judge F. Dickinson Letts on their policing of the giant union. Letts appointed the three-man board in 1958 to keep a check on Hoffa's administration.

The report, which the union's representative on the board refused to sign, charged that the \$875,000 was deposited in banks where it drew no interest for the benefit of union members.

In one case, the monitors said, a portion of the money was used to further the operations of a Florida estate corporation in which Hoffa had an interest.

The monitors asked that Hoffa be required to account within 21 days for transactions involving the \$875,000 and that they be given subpoena powers to investigate the deals further.

They also asked that Letts hold an early hearing on whether Hoffa should be removed from office and whether he should be held accountable for any funds which might be due union members.

In addition, they requested authority to request the union's general executive board to start disciplinary action against Hoffa.

Fight Manager Is Suspended In New York

NEW YORK (UPI)—Fight promoter Vincent J. Velella will have his big chance to deny underworld connections today before the New York state Athletic Commission, which suspended indefinitely fight manager Cus D'Amato.

Velella and an unidentified representative of the district attorney's office were scheduled to testify at today's resumption of the commission's open hearing into activities surrounding the Johnson-Patterson fight promotion.

D'Amato, manager of former heavyweight champion Floyd Patterson, was suspended Monday for failure to appear at the hearing's first session. The commission had ordered his appearance in a registered letter sent him on Sept. 2, Chairman Melvin L. Krulwich announced.

Velella, Harlem politician, was described as a "front man" for Anthony (Fat Tony) Salerno, missing Harlem mobster, during Monday's four-hour testimony by ex-promoter Bill Rosensohn.

Young Rosensohn was president of Young Rosensohn Enterprises, Inc., when he promoted the June 26 fight at Yankee Stadium, where Ingemar Johanson of Sweden took the heavyweight title from Patterson on a third-round knock-out.

Rosensohn's testimony described how he became so financially enmeshed among Salerno, Velella, D'Amato, gambler Gilbert Beckley and Charley Black, a D'Amato crony, that he ultimately lost not only two-thirds of the stock in his own organization but had to give up all rights to any share in TV, radio and movie receipts from the June fight—and future fights.
