## Switzer-Wolfe Vows Read September 6

The Union Chapel Evangelical United Brethren church was the scene of the September 6 marriage of Miss Marbelle Sue Wolfe, daughter of Mr. and Mrs. Carl Wolfe of Pleasant Mills, and Gerald Frederick Switzer, son of Mr. and Mrs. George Switzer of Indianapolis. The double ring ceremony was performed by the Rev. Harold M. Ward at 2 o'clock before an altar graced with candelabra, palms, and baskets of mums.

Miss Carolyn Luginbill was organist, and the father of the bridegroom was vocalist, singing "Alway," "Because," "I Love You Truly," and "The Lord's Prayer."

Given in marriage by her father, the bride was lovely in a gown of embroidered silk organza over taffeta. The bodice featured jeweled appliques which edged the scooped neckline and accented the tiny sleeves. Her full skirt swept into a chapel train and was highlighted by a large satin bow. Miss Wolfe carried a cascade arrangement of white roses centered with a white orchid. Her fingertip veil of illusion was caught to a floral clip.

Miss Barbara Jeanne Wolfe attended her sister as maid of honor. Her gown was ballerina length and made of jeweled rose silk organza over taffeta. The bodice was tucked and accented with a tiny bolero. She wore a matching rose headpiece and carried a cascade of roses to match her gown.

Miss Sharon Wallace of Indianapolis and Miss Janice Smith of Pleasant Mills were bridesmaids and were gownned identically to the honor attendant in shades of red and shrimp, respectively. They wore matching hairpieces and carried similar bouquets.

Stephen Switzer, brother of the bridegroom, and the bride's brother, John Wolfe, and Robert Loomis, seated the guests.

A blue lace over taffeta dress with matching accessories and a white rose corsage, were worn by

## Photo To Appear In Magazine Next Month

An Adams county farmer will be honored with a photograph taken on his farm appearing in the October issue of Capper's Farmer, it was learned here today. Franklin Steury of route one, Berne, is the farmer. A picture showing a Holstein cow drinking from the fountain will be found on page 25 of the magazine, read by more than 1,000 Adams county farmers.

The picture states that Steury's cows help themselves to a right-temperature drink anytime from a waterer in the loafing shed which is thermostatically controlled so that heating tape can keep the pipes warm. Livestock animals won't eat and gain efficiently unless they get plenty of water, Steury has found, and they won't drink unless it's ice-free.

There are about 2,321,000 dairy cows in England and Wales this year, a drop of five per cent since 1958.
