

NIKITA KHRUSHCHEV WILL VISIT HERE—This is the Roswell Garst farm at Coon Rapids, Ia., one of the visit stopovers on the tour schedule of Soviet Premier Nikita Khrushchev. Garst is a hybrid seed corn producer. Aside from President Eisenhower, Garst is the only person in the U. S. that Khrushchev is believed to have asked specifically to see.

Handley To Offer Local Tax Reform

INDIANAPOLIS (UPI)—Governor Handley told mayors and other city officials today that he will present to the 1961 Indiana Legislature a "complete" recommendation for local tax reform, but that he won't be around long enough to see it through.

Handley told the opening session of the Indiana Municipal League he has instructed the Indiana Tax Study Commission to prepare a complete recommendation for local tax reform.

"I feel that Indiana property owners should be relieved of part of the local tax burden, but certainly not all of it," Handley said.

"I feel that local units of government should be permitted to pursue supplementary tax programs. But I also feel that if new

forms of taxation result only in an increase in the total taxes paid, the people will rise up in their wrath and defeat those responsible."

Handley reminded his audience, "I will not be governor by the time the 1961 Indiana Legislature gets very far with its labors. But at least some of you will be mayors and city councilmen then. It is up to you to insist that the next Legislature enact an equitable, practical and sufficient reform of local taxation so as to enable you to handle your local affairs properly."

Handley's term of office ends Jan. 9, 1961, and he cannot succeed himself.

Handley also lambasted what he termed "the reckless and radical spenders in Congress," in addition to discussing local taxation with the municipal officials, a majority of whom are Democratic.

"Something must be done very soon about the runaway spending Congress in an era of boom

and plenty," the governor said. "If we can't get back into the black ink in prosperous times, what happens to our dollar's value in the lean years?"

Handley noted that "the 1959 Congress has just appropriated a record 82 billions of dollars, although every member of it was aware that current revenue would not raise nearly that amount."

Railroad Brakeman Killed At Capital

INDIANAPOLIS (UPI) — Jack Dusenberry, 56, Indianapolis, a Pennsylvania Railroad brakeman, was killed late Monday when he was run over by the wheels of two coal cars. A railroad spokesman said it was believed Dusenberry braked the coal cars to a halt and was run over when two tank cars rolled down the gravity yard and into the tank cars.

Grass Fire Results In Department Call

The Decatur fire department answered a call at 7:30 p.m. Monday to a field across from the Wayne Novelty Co. on West Washington street to extinguish a grass fire.

The run lasted 15 minutes with no damage being reported and no one being injured.

Gary City Attorney Dies Monday Night

GARY, Ind. (UPI) — Paul Piazza, 52, Gary city attorney for eight years until Sept. 1 when he was replaced because of illness, died of cancer in Mercy Hospital Monday night. Piazza had been hospitalized since last April.

Tickets Here For Sen. Kennedy Dinner

A number of tickets have been received here for the October 3 dinner for Sen. John Kennedy in Fort Wayne. Dr. Harry H. Hebble, Democratic county chairman, announced today.

The tickets are available at \$10 each, and include the dinner and reserved seats for the speech in the auditorium seats 1,800, and is expected to be quite full from reserved seat sales. Persons desiring tickets are urged to contact Dr. Hebble immediately, as the tickets must be accounted for before dinner.

Houk Transferred To Memphis Plant

The promotion of Robert C. Houk to the position of maintenance and repair superintendent at its Memphis, Tenn., plant has been announced by McMillen Feed Mills, the feed division of Central Soya Company, Inc., Fort Wayne. Houk is a 19-year veteran of the company's Decatur plant, where he was maintenance supervisor prior to his transfer to Memphis.

He served in the U. S. Army during World War II and attended the Purdue University Center at Fort Wayne from 1956 to 1959. Houk, his wife, and four children plan to make their home in Memphis.

45 DAYS SOLITARY—Richard Lee Babic, 16, starts a 45-day solitary confinement sentence in Battle Creek, Mich.—milk, bread and water, no reading material except religious literature and the Bible, no visitors except a clergyman, attorney or physician. Judge Alfonso A. Magnotta sentenced the lad on conviction of breaking and entering. Juvenile court authorities waived jurisdiction when Babic was arrested, on parole from the court.

PINKY TIME—Swiss watchmakers have come up with this new gimmick in the time field, finger watches with insignia on the lid. This one carries a Masonic emblem.

Make General Index In Recorder's Office

An extensive project to provide better service is underway now in the Adams county recorder's office, it was learned today.

There are four plat books on file in the office, and formerly a person interested in looking up the plats had to look in each book, as there is no general index.

Mrs. Mabel Striker, recorder, and her deputy, Miss Rose Nesswald, are now in the process of copying all the entries from the four plat books to make a general index to all four books. It is expected that this job will take some time, as it is done in spare moments between waiting on those interested in recording, and in actual recording of documents received for safekeeping.

About 60,000 Europeans live in the British Crown Colony of Kenya along with 185,000 Asians and Arabs and 6,000,000 Africans, have also been appointed.

Ex-American League Slugger Found Dead

UNION, Tenn. (UPI) — Funeral arrangements were being made today for Clarence William (Tilly) Walker, 72, former American League home run king, whose body was found Monday at the home of his brother.

Walker apparently died from natural causes Sunday, according to physicians. The body was found by his brother W. F. Walker.

Walker was a major leaguer for 13 years. He broke into the majors in 1911, and during his career played with Washington, the old Philadelphia Athletics, the old St. Louis Browns, and the Boston Red Sox.

"I understand you're looking for players for the third major league!"

KING OF THE NETTERS - - By Alan Maver

10 Days Sick Leave To Indiana Teachers

INDIANAPOLIS (UPI) — Atty. Gen. Edwin K. Steers ruled late Monday that Hoosier school teachers will get 10 days sick leave for the first year they work for any school corporation after last Aug. 1.

Supt. of Public Instruction William E. Wilson asked Steers for the opinion, and said some school officials believed the 1959 law referred to the year each teacher began teaching in Indiana.

Steers said the law passed by the last General Assembly pro-

vides for teachers to accumulate up to 90 days sick leave at the rate of 10 days for the first year of service and 7 days per year thereafter. Under the old law, teachers could accumulate only 60 days of sick leave.

"A teacher who resigns from a school corporation in Indiana and later is reemployed by the same system is entitled to 10 days sick leave for the first year of her re-employment if she has not already claimed such 10 days credit," Steers said.

"Teaching service in another school corporation in Indiana or elsewhere does not limit the eligibility of a teacher for 10 days sick leave during the first year in a different Indiana school system after Aug. 1, 1959," he said.

NOW... '60 CHEVROLET TRUCKS

WITH REVOLUTIONARY

TORSION-SPRING

SUSPENSION

THAT GIVES ASTONISHING NEW

SHOCKPROOF

ACTION !!!!!

Chevy's done the next best thing to paving every road in America! First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride that completely eliminates I-beam shimmy and wheel fight, lets you move faster over any ground to get more work done in a day.

Brawnier bulldozer build!

They're tougher than any Chevy trucks ever made. Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. The windshield's bigger, with a wider, safer sweep of vision. Suspended pedals give you more foot room.

Big in the power department!

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in new Low Cab Forward models.

More models than ever!

New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer for the whole story and, by all means, take a ride. It's something!

Anything less is an old-fashioned truck!

See your local authorized Chevrolet dealer
