Former Investment Counselor Sentenced

SOUTH BEND, Ind. (UPI) — A former investment counselor was sentenced to 10 years in a federal penitentiary Monday for trying to extort \$10,000 from the assistant manager of a branch bank.

Julius C. Dierickx, 35, South Bend, was sentenced to half the maximum term he could have drawn for the offense.

Judge Robert A. Grant rejected defense requests for probation and told Dierickx he deserved the sentence because it was his obligation to society to warn others against perpetrating a "heinous crime."

Dierickx, who also had been an encyclopedia salesman and television repairman, is a veteran of World War II and has no previous criminal record.

Dierickx had admitted he tried to get the money from Paul B. LaMar, 28, assistant manager of the Miami St. branch of the St. Joseph Bank & Trust Co., here. He confessed he wrote three letters to LaMar threatening harm to the banker's wife and two small daughters if LaMar failed to turn over the money.

LaMar notified authorities when he received the first note and Dierickx was arrested when he showed up at a rendezvous with LaMar to collect to the money.

Urge Briefing By President On Cold War

WASHINGTON (UPI) — Congressional foreign affairs experts today sought information from President Eisenhower that would help them evaluate the significance of his talks with Soviet Premier Nikita Khrushchev.

Several senators and congressmen urged the President to give them a special briefing on the current status of the cold war. Senate Democratic Whip Mike Mansfield (Mont.) proposed that Eisenhower summon leaders of both parties here for a briefing. Assistant Senate GOP Leader Thomas S. Kuchel (Calif.) said he was sure the administration would do just that.

Kuchel said the briefing might be held by a high administration official, possibly Secretary of State Christian A. Herter. Herter was present during much of the two-days of conversations between Eisenhower and Khrushchev at Camp David, Md., last week end. Sen. Thomas J. Dodd (D-Conn.) urged that the Senate and House Foreign Relations committees be informed so they would be better guided in the future. He said the Eisenhower - Khrushchev communique issued after the talks was "vague."

Congressmen of both parties were inclined to adopt a "wait and see" attitude in evaluating the Khrushchev visit.

The congressmen also differed on the issue of a summit meeting. Rep. Frances P. Bolton (R-Ohio), a member of the House Foreign Affairs Committee, commented: "I don't think there is any need for one at this time. What could be discussed that wasn't discussed this week end (at Camp David)?" Rep. Torbert H. MacDonald (D-Mass.) said "no great harm in a summit conference" but said he didn't think much would be accomplished under such "highly formal and protocol-ridden" conditions.
