The President scheduled a late afternoon take-off for Palm Springs, Calif., where he hoped to soak up some warm, dry climate to cure his nagging head cold.

Tax Board Members Study Lake County

INDIANAPOLIS (UPI)—The three members of the Indiana State Tax Board headed for Lake County today to investigate economic conditions relating to the steel strike.

Commissioners J.G. Newsom, David R. Davis and Peter Beckiewicz left this morning, with one of the questions they posed Tuesday already answered before their arrival.

The board decided to go to the Gary area after Lake County Treasurer Michael Truchen appealed to the Statehouse for a moratorium on the collection of the fall installment of personal property taxes, due Nov. 2.

Davis said Tuesday the board wanted, among other things, to know what the steelworkers union was doing with a half million dollars he said it was supposed to have in a strike fund.

At about the same time, Local 1014 of the USW began accepting applications from its needy members for payment of strike relief benefits at a maximum rate of two \$15 payments each. That would be a \$30 limit for those persons among the 17,000 membership who can prove the need for emergency aid exists.

The board was chiefly interested, however, in disbursements of poor relief funds in the face of requests for additional appropriations which must be approved by the board.
