Typhoon Is Moving Toward Philippines

MANILA (UPI)—Typhoon Charlotte with center winds of 120 m.p.h. today moved toward the Philippines at 9 m.p.h. and was expected to hit northern Luzon tonight, the Manila Weather Bureau reported.

The bureau said the typhoon early today was 480 miles off Baler in eastern Luzon Island.

Attend National Telephone Meeting

Charles Ehinger, president of the Citizens Telephone company, and Ivan Heare, outside plant superintendent, are in Chicago until Wednesday attending the 62nd annual convention of the United States independent telephone association.

The convention is attended annually by hundreds of the leaders of the independent telephone industry. Speakers will address the convention delegates on the many advances that have been made in the research of telephone convenience and future plans of the industry to improve facilities and services.

According to Ehinger, there are more than 4,000 independent telephone companies operating in a geographical area covering more than one-half of the nation. Over nine million subscribers are already being served by independent telephone companies.

Ehinger, president of the Indiana telephone association, will address the fifth district of the ITA during its fall meeting Oct. 21 at the Van Orman hotel in Fort Wayne.

Increased Budget Approved By Church

A sizeable budget increase was approved by the Zion Lutheran voters' assembly at its well attended meeting Sunday afternoon at the church. The enlarged budget included an increased "fair share" contribution pledge to the Lutheran church-Missouri synod. George Auer, congregational president, presided, and the Rev. Richard Ludwig conducted the opening and closing devotions.

The budget had been carefully prepared by the congregation's finance board after consultation with those boards and committees directly responsible for the various phases of the church's work. Another committee had attended a synodical briefing meeting at Fort Wayne and had suggested that increase. Earl Caston presented the budget and explained the items and needs listed. Voters had received copies of the proposed budget during the past week for study and it was accepted without change.

Reinhold Sauer presented a slate of nominees for election at the December 6 meeting. Additional nominations may be made until that date. Other members of the nominating committee are Robert Nyffeler and Theodore Witte.

Don Burke, treasurer, and Herman H. Krueckeberg, financial secretary, presented financial reports. Krueckeberg gave a comprehensive detail of the participation percentage-wise by the membership accounts and urged a broader cooperation.

The stewardship committee, through its secretary, Roger Schuster, announced that the fall every member visitation will be conducted Sunday, Nov. 15. Dan Frey reported that organization of the Cub Scout pack was nearly complete and that Cub activities will begin this month.

Ed Bauer, chairman of the board of parish education, stated that the Zion parochial school had 52 pupils this year, with two teachers and four grades. An additional grade and another teacher will be added in the fall of 1960. Arthur Biebrich was named as assistant Sunday school superintendent.

Paul Wolf, Valparaiso University representative, said that the new large chapel on the campus, along with its huge organ, had recently been dedicated.

Martinsville Man Killed By Tractor

NASHVILLE, Ind. (UPI)—Norman Reid, 79, Martinsville, was killed Sunday in a tractor accident near the Brown County town of Trevelack. Authorities said Reid was riding on a farm tractor driven by Michael Eisenburg, 16, Martinsville, when it hit a ditch throwing Reid beneath one of the wheels.

LEGAL NOTICE OF PUBLIC HEARING

Notice is hereby given that the Local Alcoholic Beverage Board of Adams County, Indiana, will at 1 p.m. on the 27 day of October, 1959 at the Commissioner's Room Auditor's Office in the City (or town) of Decatur, Indiana in said County, begin investigation of the application of the following named person requesting the issue of the applicant at the location hereinafter set out, of the Alcoholic Beverage permit of the class hereinafter designated and will, at said time and place, receive information concerning the fitness of said applicant, and the propriety of issuing the permit applied for to such applicant at the premises named:

Robert F. Mutschler & Donald Koos (Restaurant) Beer, Liquor & Wine Retailer, North 2nd St., Decatur, Indiana

Fingers Injured In Power Lawn Mower

Ed Wolpert, of 220 Lumberlost Trail, suffered three mangled fingers in a power lawn mower accident Saturday noon at his home.

Wolpert was rushed to the Adams county memorial hospital, where he was treated. The first three fingers of his left hand were mangled, but he lost only the tip joint of his middle finger. The three fingers were sewed up, and Wolpert was dismissed. Though badly injured, the other fingers are expected to heal. The accident happened about 12:30 p.m. Saturday.

Minor Accident In City This Morning

City police reported a two-car minor damage collision at 9:55 a.m. today at 609 N. 13th street when a Fort Wayne vehicle, which was southbound on 13th street, was struck by a car driven by Tommy Lee Weaver, 19, of route 2, Convoys, O.

Damage to the car driven by Kenneth R. Mahan, 19, of Fort Wayne, amounted to \$50, while the Weaver machine sustained \$125 in damages. Police said that Weaver failed to have his car under control as both vehicles were southbound on 13th street. The Weaver car struck the Mahan machine in the rear on the highway.

Young Actress Is Slain By Boy Friend

BRACKETTVILLE, Tex. (UPI)—A prostitute today said a young actress who was allegedly stabbed by her boy friend might still be alive if she had not been given a break by actor John Wayne.

Witnesses said the actress, LeJean Ethridge, 27, was killed with a butcher knife by Chester Harvey Smith, 32, Sunday when he became enraged over her decision to move away.

Both were living with members of the "Names-Townsend Players," a troupe hired by Batjac Productions to work in a film Wayne is shooting on a ranch near here.

"It seems the young lady was getting a break as far as the movies was concerned (sic)," prosecutor John J. Tobin said. "She originally had one line in the film, but Wayne and the casting director (Frank Leyva) had been so impressed with her that the part was changed and she was given a whole page of dialogue."

Jim Henaghan, vice president of Batjac, said he understood that after Miss Ethridge was put on salary she told Smith she was moving away.

"Apparently that was what it was," Tobin said. "Moving out was what started the argument."

"She was living with Smith and four other men. I don't know about the whole business down there. Show people are a breed of their own. They can live together without intimacy."

"What it seemed to amount to was that all the rest of them except this Smith seemed to be glad for her that she got this break. One of the witnesses said he (Smith) more or less wanted to ride on her coat-tails, wanted to get something through her he couldn't get by himself."

Tobin said witnesses told him Miss Ethridge, who went under the stage name LeJean Guye, went to a house in Spofford, 10 miles south of here, to get her clothes and move out.

"Chet (Smith) grabbed her by the arm and pulled her to him," Ray C. Henschel, 52, a member of the troupe, said. "I didn't see the knife. She slumped to the floor and moaned 'I love you' and then died."

Smith, like Miss Ethridge, was a bit player in Hollywood when not on tour. Tobin said Smith would be taken before a grand jury in about 10 days. He was held without bond on a murder charge at Del Rio.

Says Americans Have Obsession With Sex

INDIANAPOLIS (UPI)—Evangelist Billy Graham told an overflow audience that Americans have an obsession with sex.

The evangelist, speaking to 13,000 packed into the Indiana State Fairgrounds Coliseum and 4,000 in a nearby cattle barn, compared today with the time of Noah. He cited points of similarity, and warned "God has promised that he is going to intervene once again in history."

"The first thing was a breakdown of marriage and the abuse of God's commandments to abstain from sex sins," he said. "We have an obsession with sex in our country. Our magazines, our films, our literature is shot through with exaggerations of the importance of sex."

Graham also saw other signs pointing to "a definite end of history as we know it."

"During Noah's day there was a prevalence of sin and violence. Read our crime statistics and you will find that we are having a revival of crime and violence," he said.

In Noah's day, religion was taken very lightly. In America today 94 per cent of adults belong to some church, but most of these do not take religion seriously.

"Many people think that giving the invitation for people to accept Christ is foolish. But there is coming a day when it will not be funny."

About 250 persons stepped forward when Graham called for "a decision for Christ."

No services will be held tonight. Graham left after the Sunday service, to keep a golfing date today with Vice President Richard M. Nixon. He goes to Richmond, Va., Tuesday to speak, and will return to Indianapolis Wednesday.

The Rev. Leighton Ford, a member of the Graham team, will preach at the Tuesday night services in the Indiana fairgrounds Coliseum.

Pope John Declines Repeat Performance

VATICAN CITY (UPI)—Pope John XXIII declined to give a repeat performance of his newly acquired English at a spirited audience for American churchmen today. He explained he was having trouble pronouncing vowels.

"There are just too many grammatical exceptions," the pontiff laughingly told an extraordinary audience for about 800 American Roman Catholic leaders, including three cardinals.

"Excuse us for our bad English of yesterday," Pope John said of his first major speech in that language.

The 77-year-old Pope's English, which he began studying under an Irish priest only a few months ago, had delighted listeners at a ceremony Sunday at the Pontifical North American Ecclesiastical College in Rome, now celebrating its centennial.

At that time, the Pope also announced that preliminary steps have been completed in the process that eventually may lead to the canonization of Mother Elizabeth Ann Seton as the first American-born person to become a saint of the Roman Catholic Church.

Apparently fully aware of the furor he had caused, the Pope confined his remarks today to Italian.

"We are annoyed with English—not with the language itself, but with the rules for the vowels," he said. "In fact, if one studies English he finds that some vowels are pronounced one way and then pronounced another way. But it happens often that there are exceptions."

"And, as a result, one vowel that one believes is pronounced in one way, is pronounced in another—only because it is followed by a certain vowel or preceded by a certain vowel."

"So, the pontiff said, 'shaking his shoulders in mock despair, 'We are speaking Italian today.'"

Cancer Society To Meet Tuesday Night

A meeting of the Adams county cancer society will take place Tuesday at 8 p.m. in the Med-Dent Building in Decatur with the steering committee presenting information about additional members for the group.

The meeting will be conducted by Joan Wennhoff, secretary, in the offices of Dr. Spaulding. All members and interested prospective members are asked to attend the important organizational meeting.

Pleads Guilty To Drunken Driving

Fred H. Ellinger, 48, of Ohio City, O., pleaded guilty to a charge of driving while under the influence of alcohol today in mayor's court and was fined \$50 and costs besides receiving a six months suspended sentence to the county farm. The mayor also recommended that he lose his operator's license for one year.

He was arrested by the state police Sunday at 4:45 p.m. at the intersection of state road 101 and county road 6.

Ask yourself these questions before you buy a clothes dryer!

- WHICH ONE DRIES CLOTHES... FASTER**
No other dryer can match the speed of a Gas Clothes Dryer. It's the only one that dries your clothes as fast as your automatic washer washes them.
- WHICH ONE DRIES CLOTHES... BETTER**
Because a Gas Clothes Dryer dries faster, it is better for drying woolens... especially blankets. Also, speedy drying gives clothes longer life.
- WHICH ONE DRIES CLOTHES... CHEAPER**
Clothes dry in a Gas Dryer for an average of one cent per load. This is only one-fourth the operating cost of other dryers. Then too, no costly wiring is required for a Gas Dryer.

These answers show that a
GAS CLOTHES DRYER
is the one that you should buy
