

BE SURE! VOTE DEMOCRATIC!

KEEP GOOD GOVERNMENT!

A four year record of good government is proof positive you can expect continued honesty and efficiency in our city offices by voting for these candidates.

FIFTEEN REASONS WHY YOU SHOULD VOTE DEMOCRATIC IN THE CITY ELECTION Tuesday, November 3

Your Democratic candidates have announced a progressive and specific program aimed at making your community a better city. Based on the Democratic accomplishments in the last four years you can be sure they again will carry out their campaign promises in an honest, efficient manner without secret meetings and in full acceptance of your recommendations.

We invite you to read and study the program they have outlined as a blue print for our future betterment. The following Democratic program, can with your help, be accomplished.

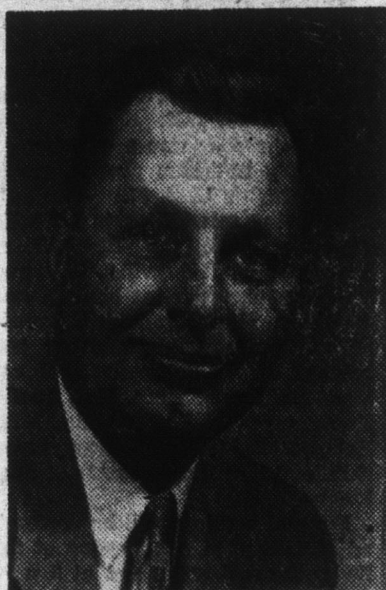

These are the fifteen points of improvements we believe can be accomplished during the next four years under another Democratic Administration:

1. We have opened the city gravel pit located behind the Community Center and will use the gravel for a base in paving and widening City Streets, saving the city money to permit more street improvements with no additional taxes.
2. We favor consideration of plans for expanding city swimming facilities.
3. We have accumulated enough snow removing equipment to allow us to promise to remove snow from streets and sidewalks this winter and every winter following.
4. We favor increasing and developing winter use of Decatur Parks including the shelter house at Hanna-Nuttman Park.
5. We favor further development of the baseball diamond and athletic field adjacent to Hanna-Nuttman Park.
6. We have set up a definite program to improve water mains, based upon no increase in rates or taxes and which will create a system of mains circling the city, reducing hardness of the water and improving water pressure and delivery.
7. We will continue to provide every means possible such as the new school crossing signs to protect our children's safety on Decatur streets.
8. We will continue studies toward improving the flow of traffic through Decatur.
9. We will soon improve even more the parking facilities in Decatur.
10. We promise to continue the operation of the recreational board which has the best interests of Decatur's boys and girls at heart. This present board has operated on a balanced budget for the past two years, while providing increased facilities at a decreasing cost to taxpayers.
11. We favor full cooperation with Decatur's present industries to provide top level employment.
12. We promise further developments of Decatur's storm sewer system in residential and business areas.
13. We will cooperate with the Decatur Youth and Community Center in attracting more state and district meetings to our city.
14. We will continue our efforts to keep the main streets of our city clean by weekly sweeping and by providing an adequate number of attractive waste receptacles.
15. We will do everything possible to bring new industry to Decatur—always trying to increase the employment opportunities for our young people and our older citizens.
