

Early Senate Action Sought On School Aid

WASHINGTON (UPI) — The Senate worked under a hurry-up timetable today on a federal school aid bill that would give states one billion dollars over the next two years to build classrooms.

Sen. Pat McNamara (D-Mich.), chief sponsor of the measure, said there was an "excellent chance" the senate would approve his bill. Senate Democratic Leader Lyndon B. Johnson (Tex.) announced that the chamber would come to work early and remain in session late today and Thursday in an effort to complete action on the bill by early next week.

The lawmakers first must consider a series of proposed amendments. One would up the bill to two billion dollars. Another would authorize the government to guarantee half the debt service on long-term local school construction bonds.

The McNamara bill would provide 500 million dollars to the states in each of the next two years. The states would have to put up matching funds based on state income and the number of children of school age.

Other congressional news: **Movies:** Gordon S. White, director of Hollywood's self-imposed advertising code, said that with a few exceptions movie ads were within "reasonable bounds of decency and morality." He made the statement in testimony prepared for a House Post Office subcommittee investigating whether Hollywood's self-imposed program should be tougher. The subcommittee has received complaints that some films and movie ads are too sexy.

Communists: Benjamin J. Davis, identified as Communist Party national secretary, was under subpoena to appear for questioning by the Senate Internal Security subcommittee and 30 minutes later by the House subcommittee on Un-American Activities.

Davis jumped up from his seat in the audience at a hearing by the Senate group Tuesday and engaged in a shouting match with another witness, self-confessed ex-Communist Leonard Patterson.

Highways: Rep. John A. Blatnik (D-Minn.) said about 90 per cent of the 9,000 bridges built under the Interstate Highway Act fell short of Defense Department specifications. He said he intended to call Pentagon officials to a subcommittee hearing next Tuesday "to find out why the department took so long to come up with its specifications."

Pollution: Democratic leaders expected a Senate-House conference committee to work out a compromise by nightfall between separate measures passed by the two chambers last year to greatly expand federal grants for construction of local sewage plants. They said the bill would reach President Eisenhower this week-end for his probable veto.

Class Of Candidates Initiated By Moose

A class of 12 candidates was enrolled in the Loyal Order of Moose at a ceremony conducted Tuesday at the Moose home. The local degree staff and drill team were in charge. The food committee served a special lunch afterwards of homemade cracklings, sausage, head cheese, summer sausage, cheese and crackers.

Another such ceremony will be conducted in the near future, Gov. Anthony Baker announced at the meeting.

4-H Adult Leaders Meet Tuesday Night

Forty-three Adams county 4-H adult leaders attended the meeting Tuesday evening at the Adams Central school cafeteria, according to Leo N. Seltenright, county agricultural agent.

The election of officers resulted as follows: Mrs. Sherman Neuen-schwander and Paul Kohnke, co-chairmen; Miss Mary Schlagen-hauf and Daniel Lantz, co-vice chairmen; and Mrs. Lester Adler and Everett Singleton, co-secretaries.

4-H club materials were distributed to the leaders and discussed by Seltenright. Twenty-seven leaders reported they will attend the Rotary-sponsored training school at Berne February 8.

Miss Ruth Ann Nite, state 4-H club leader, discussed "What's New in 4-H Projects" for the leaders.

In the divided sessions, Miss Nite assisted the women leaders in planning 1960 activities. The men leaders also discussed 1960 plans for 4-H projects.

The deadline for 4-H enrollment was set at March 15. Other dates for 4-H activities are February 12, district handicraft school; March 11, county-wide 4-H meeting; March 23, district 4-H junior leader training conference; April 1, 4-H officers' training school and April 4, 4-H junior leader organization meeting.

Says Discrimination Hampers Railroads

WASHINGTON (UPI) — Railroads, seeking to meet the public needs for better transportation by offering highway, water or air services, are being discriminated against by government policies, the president of the Illinois Central Railroad said Tuesday.

Wayne A. Johnson, Chicago, testified before the House subcommittee on transportation and aeronautics in support of bills to remove "artificial" government restrictions which prevent railroads and other carriers from operating other forms of transportation.

Johnson said "lifting these artificial restrictions would simply place the railroads on the same basis as any other person or interest seeking to engage in such an operation."

Illinois Central, he said, operates trucks over about 4,500 miles of its 6,500-mile system under certificates obtained from the Interstate Commerce Commission.

"But our trucking authority is so hedged around with restrictions its utility is greatly reduced," he said.

Besides having highway operations restricted, Johnson said, the IC has been barred from conducting freight forwarder operations by air.

"We are also interested in conducting operations by barge along navigable rivers which parallel our railroads," he said.

Monroe Rural Firemen Meet Thursday Night
The Monroe rural firemen will meet Thursday at 7:30 p. m. at the Monroe town hall, Howard Habegger, fire chief, announced today.

St. Mary's River Slowly Receding

St. Mary's river continues to dip as weather observer Louis Landrum reports the level at 4.10 feet this morning. The depth has decreased in a steady trend since the rain of last Thursday and Friday subsided. The river reached a peak of 6.38 feet Friday, but has slowly receded to today's mark.

Syria, Israel Border Forces Exchange Fire

DAMASCUS, Syria U.A.R. (UPI) — Syrian and Israeli border forces exchanged fire at dawn today and Israel probably suffered casualties, a Syrian first army spokesman, announced.

The incident followed Jerusalem reports that the United Nations Mixed Armistice Commission Tuesday night ordered Syrian troops to leave the demilitarized zone that has been the scene of a week of border clashes.

The Syrian announcement said: "At dawn today a Jewish patrol consisting of five soldiers was seen advancing in the direction of the El Hawi military outpost. It came under the fire of one of our ambushes."

"Most members of the patrol fell down to the ground. Shortly afterward, other Jewish forces opened machine gun fire on our forces at El Hawi outpost itself. "It is most probable that the firing was intended to cover the retreat of the Israelis with wounded or dead."

A United Arab Republic spokesman in Cairo said:

"There are no Syrian troops inside the demilitarized zone."

The demand that Syria pull out of the Israeli side of Tawafik was given by the chairman of the mixed armistice group, Belgium's Col. Raymond Pirlot.

The truce team's action came after Israeli Premier David Ben-Gurion served notice on the body that if it did not get the Syrians out Israel would do so itself by force of arms.

Once U.A.R. troops are cleared out, Ben-Gurion promised, Israel would be willing to sit down with Syrian and truce team representatives to resolve the dispute over farming rights, which triggered the week-long series of Israeli-Syrian clashes.

Tension between the United Arab Republic and Israel continued, with both sides trading charges of troop movements and border infiltration.

Daily Bible School Clinic Here Friday

An administrative clinic for pastors and directors of daily vacation Bible schools will be held at the First Baptist church in Decatur Friday from 8:30 to 11:30 a.m. The clinic is sponsored by the Associated Churches of Decatur. The Rev. Lyle Harvey, of Indianapolis, will be instructor for the clinic.

Divorcee Kills Her Children And Self

JACKSONVILLE, Fla. (UPI)—A 35-year-old divorcee fatally stabbed her two children and then took her own life here Tuesday, police said.

The bodies of Mrs. Alice Elaine Wineske Hardin, her son Craig, 9, and daughter, Dianne, 5 months, were found in puddles of blood by a fuel oil serviceman.

Youth Charged With Dyer Act Violation

NEW ALBANY, Ind. (UPI)—The federal government filed a complaint Tuesday against Andrew J. Hershey Jr., 18, Louisville, Ky., charging him with interstate transportation of a stolen vehicle. Hershey was arrested in New Albany Monday and accused of driving a car from Louisville. The auto was stolen Jan. 13.

Decline Noted In Union Membership

WASHINGTON (UPI)—Union membership reversed a 20-year trend and declined from 1938 to 1958, the Labor Department reported today.

Results of a comprehensive survey of dues-paying members in national and international unions with headquarters in the United States was made public in the current issue of the monthly Labor Review.

It showed that union membership fell to 18,100,000 at the end of 1958, a drop of 400,000. The total includes an estimated 1,200,000 members outside the country, mainly in Canada.

Despite the decline, the proportion of union members in the labor force was unchanged at 1 out of 4. About 1 out of 3 workers in non-farm jobs belonged to unions.

Organizations affiliated with the AFL-CIO had an estimated 15,000,000 members and the remaining 3,100,000 were in unaffiliated unions.

A loss of nearly 500,000 members by American unions in the two-year span "stands in sharp contrast to gains of earlier periods," the article said.

The publication calculated the total membership of major U.S. unions at slightly under 17 million compared with the postwar peak of 17½ million in 1956.

Hold Identification Contest Here Friday

The Adams county 4-H and FFA forestry and entomology identification contest will be held Friday at the county extension office at Decatur. The contest will be from 10:30 a. m. to 3 p. m. The forestry contest will be supervised by Herb Krauch, extension forester, and Don Bickel, Indiana conservation department forester. Participation will be from the vocational agriculture departments of the county.

Small Texas Town Is Swept By Fire

ROYSE CITY, Tex. (UPI) — A raging fire swept through this small Texas town early today, destroying or heavily damaging five business buildings.

One volunteer fireman, a Baptist preacher named the Rev. Carroll Cole, broke his ankle helping fight the flames.

Sheriff W. J. Price of Rockwell County said the flames gutted a tailor shop, a cafe, one of the plants owned by the Davis Manufacturing Co., and the Cookston Hotel.

If you must speak your mind, better mind how you speak.

Life is tragic to him who has plenty to live on and nothing to live for.
