Urges Inquiries In Advance Of Quitting

"Inquire before you retire" is an important slogan for people planning to retire, says Christian H. W. Luecke, manager of the Fort Wayne social security office, in his report for February, 1960.

"We are emphasizing this slogan in an effort to ensure speedy delivery of the first benefit check," Luecke said. He advised that retiring workers would do well to call at their social security office at least two or three months ahead of their retirement date to learn what proofs they will need to bring with them when they are ready to apply. The report for February 1960 follows:

Claims cleared 2/60—OASI... 480
Claims cleared 2/60—disability... 68
Account number cards issued 935
Assistance to employers, workers, etc. 109
Beneficiaries served 1663

Ben-Gurion Seeks Middle East Peace

LONDON (UPI) — Israeli Premier David Ben-Gurion said today he hopes the West will seek to strengthen peace in the Middle East at the summit meeting with Russia.

Ben-Gurion was reported to be pressing Western leaders to bring up Middle Eastern disarmament at the summit, but he did not go into this point at his news conference.

He repeated a previous call for disarmament in the area under effective controls, but said he did not advocate neutralization of the Middle East.

Ben-Gurion, who has had meetings with President Eisenhower, West German Chancellor Konrad Adenauer, and British Prime Minister Harold Macmillan in the past week, said he sought no guarantees from the big powers for his nation.

"The guarantee for the safety of peoples lies in their own strength," he said.

The Israeli leader sidestepped questions of possible arms purchases from Britain.
