Jackets Blank Hartford City By 3-0 Score

The Decatur Yellow Jackets, behind Harley Wolfe's one-hit pitching, blanked the Hartford City Airedales, 3-0, at Hartford City Thursday afternoon.

Wolfe held the Airedales without a hit through the first six innings, only to have his spell broken when Strine's first Airedale to bat in the seventh, lashed out a single. Three others reached base on two walks and on an error.

Decatur scored the only run Wolfe needed in the third inning on a walk to Rambo and Walters' single. Another run tallied in the fourth on a walk and hits by Cowan and Reidenbach. The final run scored in the seventh on a walk, an error and Wolfe's safety.

In a freshman game played at Worthman field, the Decatur frosh walloped Bluffton, 27-2.

The Jackets are scheduled to meet Marion in a double header Saturday afternoon at Worthman field, with the first game starting at 1 o'clock.

Down Payments On Homes Are Reduced

WASHINGTON (UPI)—Federal Housing Commissioner Julian H. Zimmerman today reduced minimum down payments on houses bought with government-insured mortgages.

The reductions will apply only on homes costing more than \$13,500. The biggest cutback would be \$525, on dwellings costing \$18,000 or more.

Congress gave Zimmerman authority last year to cut the down payments but he refused until now on grounds that loan money was too hard to get anyway. He told a news conference the loan situation did not begin to ease until two months ago.

Under the new schedule, 3 per cent cash will still be required on the first \$13,500 of house price. The middle bracket will be extended from \$16,000 to \$18,000 and the rate lowered from 15 to 10 per cent. On the portion of price above \$18,000, a rate of 30 per cent down will be required—the amount which has applied above \$16,000.

Down payment requirements of the Federal Housing Administration, which insures home mortgages, apply both to newly constructed and existing houses.

Zimmerman said a special survey April 15 indicated that more money was becoming available for mortgages and there were some indications that construction costs were coming down slightly.

He said he expected the situation to improve over the next couple of months, with a resulting spurt in home construction.
