Recruitment  
At I.U. Hit  
By Probation

By KURT FREUDENTHAL  
United Press International  
INDIANAPOLIS (UPI)—The big hurt to Indiana's sports program by the four-year probation handed the school by the National Collegiate Athletic Association will be in recruitment.

That much appeared certain today as the dust began to settle from the NCAA bombshell. The sports program will be curtailed, but it will continue.

The Hoosier football team will play in a new, 47,000-seat stadium next fall.

Branch McCracken's basketball club, expected to be among the best in the country, will play in a new fieldhouse.

Indiana's swimmers, at least three of them of Olympic caliber, will have a new indoor pool within the next couple of years.

Indiana also has plans for the "Arena," a fieldhouse which will seat about 17,000 fans for basketball. It'll be the biggest in the state and one of the biggest in the country.

This week's action against Indiana, based on what NCAA executive director Walter Byers said was a "thorough investigation," will hurt the recruiting the most.

But many top young athletes may be hesitant to enroll at the Bloomington school, realizing they cannot participate in NCAA postseason events as well as in other attractions. The ban, however, does not cover AAU meets and such international competition as this year's Olympic Games.

Many observers felt the most shocking thing about the probation was its severity. It covers all sports.

Indiana officials said they felt certain their coaching staffs acted within NCAA regulations. Football coach Phil Dickens absolved his assistants of any blame, but athletic director Frank Allen pointed out it is difficult—if not virtually impossible—to control the actions of 100,000 living alumni.

What recourse does Indiana have? Virtually none.

Byers was quoted as saying the penalty stands unless Indiana can submit evidence that NCAA investigators erred.

**Big Ten Mum**  
The Big Ten, which conducted its own investigation, is mum officially until the conference spring meetings at East Lansing, Mich., May 20-21. Commissioner Kenneth L. (Tug) Wilson said he would place the Big Ten's findings before the conference, for whatever action is required.

The conference could force the resignation of Dickens, who sat out a similar, one-year suspension in 1957, his first year at Indiana.

Some of the objections against the probation were that the accused didn't face their accusers. Indiana president Herman B. Wells went before the NCAA before the penalty was announced. So did Wilson, although not in the capacity as Big Ten Commissioner.

There were demands, too, that Congress investigate the NCAA and that legal action against the athletic body be taken. None has materialized so far.

It was pointed out that the NCAA is a voluntary organization and it remained for legal experts to argue whether NCAA actions could be challenged in the courts.

Class 7B Winner  
In Track Meet

Class 7B scored 56 points to win the seventh grade track title at the Lincoln school. 7A was second with 29 points. 7C tallied 15 and 7D scored eight.

The summary:  
50-yard dash—1. Tom Schell (7B). 2. Lenny Correl (7C). 3. Danny Brown (7B). Time—6.7.

100-yard dash—1. Ralph Vegara (7A). 2. Danny Baumgartner (7A). 3. Dan Brown (7B). Time—15.5.

220-yard dash—1. Max Elliott (7B). 2. Ralph Vegara (7A). 3. Danny Baumgartner (7A). Time—23.6.

Shot put—1. Max Elliott (7B). 2. Ralph Vegara (7A). 3. Jim Smith (7C). Distance—36.4.

Baseball throw—1. Lenny Correl (7B). 2. Jack Stauffer (7C). 3. Willie Puteit (7B). Distance—207 ft.

High jump—1. Jim Elliott (7B). 2. Tom Schell (7B). 3. Paul Hodel (7B). Height—4.

Broad jump—1. Danny Brown (7B). 2. Dave Anspaugh (7D). 3. Tom McBride (7A). Distance—12.10.

Basketball free throw—1. Pat West (7D). 2. John Eichenauer (7B). 3. Ralph Vegara (7A). 8 out of 10.

40-yard relay—1. 7B (Schell, Brown, Smith, Elliott). 2. 7A. 3. 7C. Time—1:11.4.

Half-mile relay—1. 7B (Schell, Brown, Smith, Elliott). 2. 7A. 3. 7C. Time—2:08.9.

Thomas And Nieder  
Top World Records

By United Press International

John Thomas and Bill Nieder feel they can better their world records in the high jump and shot put before the summer Olympic Games.

Thomas shattered the world high jump mark in Saturday's Penn Relays at Philadelphia when he jumped 7 feet, 1 1/4 inches. The leap topped the record of 7 feet, 1 1/2 inches set by Russia's Yuri Stepanov in 1957 with the aid of built-up shoes.

Nieder eclipsed the recognized world mark in the shot put the same day in the Drake Relays at Des Moines, Iowa, with a toss of 63 feet, 1 1/2 inches.

**Nieder Outshines Parry**  
Parry O'Brien, who owns the official world standard of 63 feet, 4 inches, could do no better than 63 feet, 1 1/4 inches in five throws.

Thomas, a 19-year-old Boston University sophomore who almost had his career ruined last year when his left (take-off) foot was mangled in an elevator accident, cleared the bar for his record-smasher on the first try.

"It feels good to have the record back in America," beamed the human jumping jack.

**Tries Higher Jump**  
Thomas twice just failed clearing 7 feet 2 1/4 inches.

Nieder, a former University of Kansas star now a lieutenant in the Army, has a record heave of 65 feet, seven inches up for recognition.

Ray Norton also dazzled the crowd of 45,000 in Philadelphia and appeared set for a spot on Uncle Sam's Olympic squad.

The West Coast sprinter, from the Santa Clara, Calif., Youth Center, equaled the world's 200-meter run of 20.6 seconds and then copped the 100-meter dash in 14.5 seconds.

Chisox Defeat  
Tigers Twice  
To Take Lead

By MILTON RICHMAN  
United Press International

The White Sox finally made it to the top, the hard way, and could take some lessons now from those surprising Pirates, who keep making it look ridiculously easy.

The road to first place was a rough one for the White Sox, who dropped four of their first six games this season. But they took over the American League lead for the first time by sweeping a doubleheader from the slumping Tigers, 6-3 and 5-2, Sunday.

That stretched a winning streak to five games for the White Sox, but they're pickers alongside the Pirates, who are enjoying their longest winning binge in 16 years. They won their ninth straight by beating the Reds, 13-2, and increased their National League lead to two games.

A number of other streaks are going in both leagues.

**Wins 4th Consecutive Game**  
Cleveland ran its winning streak to four games by taking both ends of a twin-bill from Kansas City, 6-4 and 3-1. The A's, who dropped into the cellar, now have lost four straight. Baltimore knocked New York out of first place with a 9-5 victory. A scheduled doubleheader between Washington and Boston was postponed because of rain.

In the National League, Milwaukee registered its fourth straight victory with a 5-4 decision over Philadelphia, which has dropped five in a row. The Chicago Cubs halted their four-game losing string with a 5-4 triumph over the St. Louis Cardinals. San Francisco and Los Angeles were idle.

The two losses for the Tigers at the hands of the White Sox lengthened their losing streak to six games and dropped them into a tie for fifth place. The White Sox won the opener when they chased Jim Bunning with a three-run outburst in the sixth inning.

**Baumann Gains Win**  
Frank Baumann, former Red Sox southpaw, took over for White Sox starter Dick Donovan in the first inning of the nightcap and pitched three-hit ball thereafter to gain his first victory. The White Sox scored the two decisive runs off loser Paul Foytack in the fourth.

Roberto Clemente's grand-slam homer and Vern Law's steady pitching paced the Pirates to their victory over the Reds. Clemente connected off Don Newcombe in the first inning and Bill Mazeroski hit a three-run homer off Brooks Lawrence in the eighth. Law yielded nine hits in recording his fourth victory without a defeat.

Two rookies, Mynn Hawkins and Dick Stangor, pitched the Indians to their sweep over the A's. Hawkins posted his second victory in the opener although he gave up 10 hits, including two home runs by Norm Siebern and one by Whitey Herzog. Stangor, making his first major league start in the nightcap, held the A's to six hits.

**Ginsberg Sparks Rally**  
Joe Ginsberg's three-run double in the fourth inning was the big blow in a six-run rally that brought the Orioles their victory after the Yanks had taken a 5-2 lead.

Bill Bruton and Hank Aaron each had perfect days at bat in the Braves' win over the Phillies. Bruton had a home run, a double and three singles, and Aaron collected two singles, a double and a walk. Lew Burdette gained his second victory.

**Decatur-Huntertown Track Meet Tonight**  
The Decatur Yellow Jackets will meet the Huntertown Wildcats in a dual meet at 7 o'clock this evening at Worthman field, according to an announcement today by Bob Worthman, head track coach of the Yellow Jackets.

**Berne Relays Are Cancelled Saturday**  
Rain Saturday forced cancellation of the annual Berne relays. With the annual sectional meet scheduled this Friday at Fort Wayne North Side, no substitute date is available and the relays have been cancelled for this year.

Favor Tompion  
Or Bally Ache  
To Win Derby

LOUISVILLE, Ky. (UPI)—Derby Town divided into Tompion leaders and Bally Ache boosters as Kentucky Derby week dawned today with only Tuesday's Derby trial left to produce new challengers for Saturday's 96th annual Rose Run.

Bally Ache the dead-game front runner that Leonard Frochtman bought for \$2,600 as a yearling, streaked to a three-length victory over Venetian Way and three other Derby eligibles Saturday as Churchill Downs opened its spring meeting with the seven-furlong Stepping Stone purse.

The time of 1:22 3/5, just three-fifths off the track record, posted by Bally Ache on a strip heavy from earlier showers, plus the stout-hearted way he turned back two challenges by Venetian Way, earned the respect of even those Kentucky hardboots who count themselves in Tompion's camp.

However, Jimmy Pitt, first noting that Bally Ache came out of the Stepping Stone in fine shape, remarked, "All this time Tompion has been running, I've kept quiet and haven't done much talking. Now it looks like I've got a big one too."

He referred to the fact that before Saturday Bally Ache hadn't raced since his Florida Derby triumph in March, but had only worked over the Churchill Downs strip.

In the meantime, however, Tompion was running three impressive races at Keeneland, including the Blue Grass Stakes, to establish himself as a Derby favorite.

Langston's stable mate, Eagle Admiral, was scratched from the Stepping Stone and was reported to have knee trouble, but may go in the one-mile Derby trial Tuesday.

The trial also is expected to attract the Calumet Farm pair of Hillsborough and Pled O'or and a flock of Lesser horses.

Speedway Garage  
Area Is Buzzing

INDIANAPOLIS (UPI)—The garage area at the Indianapolis Speedway was buzzing with activity today as mechanics and drivers began the grueling job of ironing the bugs out of their race cars in preparation for "500" time trials.

Qualification runs for the Memorial Day classic begin in two weeks.

A record total of 31 machines were bedded down in Gasoline Alley when the track opened for practice Sunday, indicating that such racing veterans as Rodger Ward, last year's winner, Johnny Thompson, and Jimmy Bryan may hit the bricks sometime this week.

At least 10 cars were taken for test hops Sunday, more than on any previous opening day.

The only mishap came when a car driven by Richard (Red) Amick of Muncie was caught by a gust of wind and took a 702-foot slide going into the northwest turn.

Amick, 31, was promptly grounded for one day by Chief Steward Harlan Fenger for ignoring a warning against driving too fast. Fenger said he had cautioned Amick earlier in the day about the danger of pushing for high speeds on the dirty, wind-swept track.

Amick was traveling about 129 miles per hour when he lost control of the car, but managed to keep it away from the retaining walls and neither he nor the car were hurt.

It was the same machine which Jimmy Bryan used to win the 1958 race and which won the 1957 race for Sam Hanks. Bryan qualified it last year, but was hung up at the start with clutch trouble.

Amick admitted later that he was traveling too fast for the track conditions, but said the car felt so good he couldn't resist the temptation.

Jimmy Daywalt of Indianapolis was the first driver on the track, only eight minutes after it opened, then test hopped two other cars.

Other drivers on the track Sunday included Jack Ensley of Indianapolis, Bill Cheesbrough of Tucson, Ariz., A.J. Foyt of Houston, Tex., and Bobby Grim of Indianapolis.

**Friedheim Defeats Bingen On Sunday**  
Friedheim defeated Bingen, 18-2, Sunday, the first loss in 25 games for the Bingen team in the Lutheran grade league. Sunday's Bingen was called after four innings. Bingen will play at Preble next Sunday at 1:30 p.m. The line score:

Friedheim	Bingen
420 (12)—18 21 2	200 0—2 5 7
D. Conrad and L. Stoppenhagen;	S. Zelt, J. Zelt and D. Schuller.

**3. The 1958 postage rate in-**

Optimistic Over  
Postal Rate Hike

Robert Frisinger, assistant postmaster, said today he has been advised by postmaster general Arthur E. Summerfield that proposed new letter rate increases would cost the average family in Decatur only 15 cents more a month.

This finding, Frisinger explained, is based on extensive new studies of proposed postal rate legislation. Because about three-fourths of the mail covered in the recommended new rates would be mailed by large commercial users, they would pay most of the additional \$554 million in postage increases, the local postmaster emphasized.

In a press conference in Washington a few days ago, Frisinger explained, the postmaster general said he is now optimistic that Congress will approve the recommended rate increases before adjournment this summer.

An account of the postmaster general's remarks given in Washington provides the following news facts about the postal rate matter, Frisinger said:

The postmaster general warned "the failure to adjust postal rates to postal expenses is not only piling up huge postal deficits which weaken our economic strength, but is also costing the taxpayers of the country in excess of \$200 million annually in interest charges alone."

"We want," the Postmaster General declared, "to relieve Americans of the needless financial burden of huge postal deficits. We propose in simplest terms to remove this unjust tax from the backs of our citizens. We propose to do so by having the people who actually use the mails pay the costs of doing so."

The proposed increases would raise ordinary letter costs from 4 to 5 cents an ounce; air mail from 7 to 8 cents; postal cards from 3 to 4 cents; and air mail postal cards from 5 to 6 cents.

The revenues from second class mail—mostly magazines and newspapers—would be increased about 40 per cent, and third class mail—mostly advertising circulars—would be raised about 25 per cent. Second class mail is producing a revenue deficiency of about \$280,000 annually, and third class mail about \$190,000,000 annually.

Other highlights of the Postmaster General's statement were:

1. The 1960 deficit for the fiscal year ending this June 30 will be over \$690 million, despite economies which enable the Post Service to deliver 20 per cent more mail than in 1953 with less than an 8 per cent increase in manpower.

2. The 1961 deficit for the year starting July 1 is an estimated \$555 million.

3. The 1958 postage rate in-

creases did not solve the deficit problem because it was largely offset by postal salary increases, rail rate increases and fringe benefits.

4. Even with the 1958 increase of one cent—3 to 4 cents—for ordinary letters, the rate for letters has not kept pace with the times. Since 1932, first class letter rates have been increased only one third (by the 1958 law), but postal costs have increased more than 100 per cent.

5. Also, the Post Office Department's principal source of income—postage on the ordinary letter—is producing far less than its traditional revenue yield, which was 140 per cent of costs for many years. Today it is producing only 111 per cent of costs.

6. This is not fully in accord with Congressional policy, which recognizes that first class postage rates should take into account the preferential nature of first class mail and requires users to pay for value received; that is, cost plus an additional amount for preferential service.

7. Second class mail overall is losing nearly 4 cents for every piece handled, and postal revenues for this class of mail cover only about a fourth of the cost.

8. Postage rates for many second class mailings are outmoded. About 20 per cent of second class mail pieces in 1959—consisting of "within county" publications—were serviced at rates dating back approximately 80 years.

9. Even after including some postage rate steps which have not yet become effective under the 1958 legislation—including a July 1 step increase—there is still a revenue deficiency of about \$190 million annually in third class mail.

10. Though third class mail advertising is the second largest advertising medium in the nation, below cost postage rates benefit these advertisers at the average rate of 1-cent for each piece mailed.

**AN EXTRA LOAD from each bushel planted**

Two bushel bags of seed, side by side, look much alike. Yet, by your simple choice of one hybrid over another—by one right decision—you may harvest an extra wagon-load of sound, quality corn from each bushel of seed you plant!

This is what happens when you choose Funk's G-Hybrids. Weigh and compare figures are proving Funk's G-Hybrids 5 to 10 bushels better, line after line.

Let us supply you with this great seed corn.
