Swimming Pool Rumors

The rumor that there would be a charge for use of the swimming pool this summer is absolutely not true. Mayor Don Gage, when asked about the subject today, said there were no plans to charge for the pool this year, as the costs are no greater than last year.

Mayor Gage said that Hubert Zerkel, Jr., will manage the pool this year as he has for several years past, and he will be assisted by Robert Doan, who replaces John F. Rosier, who had previously been the assistant.

The swimming pool will open sometime after school closes June 3 as usual. The hours have not yet been announced. Last summer several adult and family nights were tried, and proved very successful.

With hot summer days not far off, the Decatur swimming pool will provide welcome relief for the hundreds of area swimmers.

For five or six years the city council has, each summer at budget-making time, considered charging admission for swimming at the city pool. But each time, so far, it has been defeated.

The cost of the swimming pool charge could well exclude some of the children who need it the most. The revenue raised by charging would not be great. It would seem that some other way of raising city funds can be developed to keep Decatur as one of the very few cities in the country with a free city pool.

The earliest that the pool has opened in recent years has been June 4, and the latest, June 16. The city park and street department is now beginning to clean the pool. The actual opening date will depend on the number of leaks found, and the repairs necessary.

Parents are cautioned not to allow young children to go to the pool unaccompanied by a responsible adult. The two life guards cannot possibly watch 1,000 children all the time. They are available when needed, but cannot "nurse" the children, as some of the younger ones occasionally require.

In the past, some parents have taken advantage of the swimming pool, like other city facilities, to abandon their children. The pool is for the use of everyone, of course, but parents should use their good judgement in allowing their children to swim when they cannot accompany them.

The Time Has Come

Decatur residents are anxiously awaiting the final sign of good weather—the placing of the park benches around the court house and in the city parks by the city street department. Some have been wondering if the benches will be seen near the court house this year, because the front lawn is now protected by a row of new shrubbery. Undoubtedly some solution to this problem will be found. Most of the benches have always been on the extra-wide sidewalks, anyway.

Debate Opened On Public Works Bill

WASHINGTON (UPI)—The House was scheduled to begin debate today on the four-billion-dollar public works bill, and at least one Indiana congressman was prepared to open battle for projects eliminated by the appropriations committee.

The committee approved \$650,000 construction funds for public works and \$352,000 in planning funds for Indiana.

In addition, it recommended a whopping \$12,500,000 construction budget for the Markland Locks and Dam on the Indiana-Kentucky-Ohio borders and \$150,000 planning money for the Indiana-Kentucky Cannelton Locks and Dam.

The Indiana congressional delegation, which has pressed for nearly three million dollars for building and planning within the state, was scheduled to confer on whether to attach amendments to the committee bill.

Rep. Fred Wampler, a Democrat, already was armed with a \$185,000 amendment. He sought to provide an additional \$85,000 for construction on the Sugar Creek Levee, and \$100,000 for a protection project at West Terre Haute.

"West Terre Haute has been flooded out for three consecutive years," Wampler said in making his plea for the 2½-mile earth levee.

Enlargement and improvement of the Sugar Creek earth levee is needed to protect about 1,500 acres of farm land, he said.

His chances of winning House approval were considered slim. Members traditionally are reluctant to override the Appropriations Committee and open the door to demands from congressmen whose pet projects were not given as much money as requested.

Rep. William G. Bray, a Republican, was disappointed by the committee's failure to approve the funds to begin building the Niblack Levee. Engineering work progressed faster than was anticipated, he said, and it would have been possible to begin construction a year earlier than scheduled.

Democratic Reps. Winfield K. Denton and Earl Hogan indicated they were satisfied with the committee's budgets for their districts.

Denton said changes in the planned flood control wall at Evansville limited the amount of money which could be used there next year to the recommended \$100,000.

Hogan succeeded in persuading the committee to add \$10,000 for a study of the Whitewater River Basin, and said he was pleased with the Markland construction budget and the \$275,000 earmarked for construction work on the Monroe Reservoir.

Plan Month's Trip To Europe, Africa

Miss Helen Haubold, Decatur music supervisor, and Mrs. Virginia Thomas of Louisville, Ky., will leave New York June 8 for a month's trip through Spain.

They will fly by jet to Paris, and drive from there to Barcelona, and then go to Padua on the island of Mallorca.

Miss Haubold will be looking for spots of musical interest, folk songs, the tarantella in Sorrento, and other special music forms.

Mrs. Thomas, whose hobby is working with the children in free art classes at the art center association in Louisville, will study the art of El Greco in Paris and Madrid.

After visiting Marseilles and Barcelona, the tourists will take a bus to Gibraltar, then go to Africa, and Tangiers, fly back to Madrid, and then to Lisbon, Portugal. From there they will fly home by jet July 15.

Show Tillage Field Day Films Wednesday

Films of the minimum tillage field day at Berne last Friday will be shown on the Wayne Rothgeb show at 12:15 p.m. Wednesday, Leo N. Seltzer, county agent, announced this morning.

Rothgeb was able to get quite close to the field day events, and get good shots, since the main demonstrations were on a parking lot which had electrical outlets for the TV cameras.

4H CLUB

Happy Hustlers

The Happy Hustlers of Washington township, met May 17 at 7:00 at the Adams Central school. Sandy Strickler was in charge of the meeting with Gyneth Schnepf and Emma Heare leading the prayers and group singing led by Donna Shoaf.

The roll call was taken by Sue Strickler and Emma Heare. A demonstration was given by Gretchen Yost and Diane Rich.

The next meeting will be held May 31, at 7 p.m. at the Adams Central school.

Cadillac Display At Zintsmaster Motors

"Elegant simplicity" is the phrase that best characterizes the styling of the 1960 Cadillac automobile. Residents of the Decatur area will have a special opportunity to inspect the 1960 Cadillac styling at a special salon display at Zintsmaster Motors, May 26 and 27.

The newness of the Cadillac styling is emphasized by the traditional but more restrained tail fin, the wider and lower front end appearance and the most distinctive rear end lighting arrangement ever offered by Cadillac.

All 13 models of the 1960 Cadillac, in three standard and one custom series, retain their basic dimensions of last year's models.

The wider and lower front end appearance results from the elimination of the center bumper bar and the addition of a fine horizontal bar between each row of jewel-like ornaments in the grille. The lower, more restrained tail fin, which reflects the influence of the Eldorado Brougham, gives a side view silhouette of one long sweeping line from the hood through the entire length of the car. Carefully fitted taillamps in the rear face of the tail fin enhance the overall trim appearance and provide excellent side and rear illumination.

Highlighted by rich metallic tones, the 15 basic acrylic paint colors offer the Cadillac customer the individual selection to which he has grown accustomed. There are five additional exclusive finishes available for the Biarritz and Seville models.

Inside the 1960 Cadillac, Florentine leathers and harmonizing fabrics in 103 distinctively styled combinations satisfy every discriminating taste.

The new steering wheel presents a trimmer appearance since, instead of a horn ring, a chrome horn bar has been contoured into each spoke. The elimination of the horn ring provides better visibility to the new recessed instrument cluster which has a new curved glass facing for maximum driver visibility.

Engineering-wise the major advancement for 1960 involves the brakes and braking action. New finned rear brake drums increase rear brake cooling which reduces front brake loads and gives better cooling at all wheels. Additionally, a self-adjusting feature automatically adjusts the brakes whenever the car is operated in reverse gear. This compensates for lining wear and eliminates brake adjustment.

The last factor of the brake story evolves from another Cadillac first—a vacuum released parking brake. With the engine running, the brake automatically is released when the car is put in gear. Thus, it becomes impossible to drive the car with the parking brake applied.

Performance, responsiveness, smoothness and economy keynote the 1960 Cadillac engine. The compression ratio remains at 10.5 to 1 and the horsepower is unchanged in the two engines—a 345 horsepower engine for the Eldorado series and a 325 engine for all other models. The 345 horsepower engine can be obtained as optional equipment in all other models.

Two Men Are Killed As Auto Hits Tree

SCOTTSBURG, Ind. (UPI)—Two men were killed and three were injured Monday night when their car missed a curve on a Clark County road south of here and struck several trees.

The dead were identified as Donald Eugene Kelly, 21, R.R. 1, Underwood, the driver, and Bill Crum, Scottsburg.

The injured were Leonard Kelly, 55, who suffered a leg fracture; Otto Horn, 37, Scottsburg, broken back; and Arnold Goble, 26, Underwood, broken ribs.

Former Nazi Officer Held In Jerusalem

JERUSALEM, Israel (UPI)—Israel today kept a top-secret label on the case of Adolf Eichmann, former Nazi SS colonel charged with the murder of millions of Jews.

Premier David Ben-Gurion disclosed Eichmann's arrest in Parliament Monday, but most details of the case remained secret. The 54-year-old Eichmann, a fugitive since 1945, was being held in an undisclosed jail. Nothing was known of his capture or place of arrest.

Eichmann, who could be sentenced to death if convicted, stood stiffly at attention in a Jaffa court Monday when the charges against him were read. He was clean-shaven and well-groomed.

Turns Pale at Charges
Chief Magistrate Yedidya Levy told Eichmann he was charged "with causing the death of millions of Jews in Germany and the enemy-occupied countries in the years 1938 to 1945."

Eichmann turned pale when the charge was translated, but his only answer to the court was to confirm his name and request counsel.

He was remanded for 14 days. Eichmann could be given the death penalty under a provision of Israeli law aimed at Nazis and collaborators. No Israeli court has yet imposed such a penalty.

War Trials Over

(In West Germany, only the defunct Allied war crimes courts sentenced war criminals to death, and the maximum sentence now is life imprisonment.)

Eichmann headed the Nazi Bureau of Resettlement of Jews, the agency that directed Jews to the concentration camps, and in the majority of cases, to death in the mass extermination chambers or by starvation and disease.

Eichmann was present at the Wannsee conference in Berlin in the early days of World War II. The conference decided on the secret "final solution to the Jewish question"—extermination.

Eichmann escaped arrest with other high Nazis at the end of the war and had been reported living in Egypt, Kuwait, and South America since then. His capture had been the top priority job of the Israeli Security Service ever since its formation.

COURT NEWS

Estate Cases

In the Frances E. Andrews estate, proof of mailing to all persons interested in the estate was filed. The schedule was submitted, finding the total value of the estate to be \$1,971.34. There is no inheritance tax due.

In the Michael Biberstein estate, the last will and testament was filed, and placed on record. A petition for probate of will and the issuance of letters was filed. The affidavit of death and proof of will was filed. The bond was filed in the penal sum of \$12,000.

In the estate of Jesse E. Lautzenhizer, the proof of mailing to all interested persons was filed. The inheritance tax appraiser's report was filed, finding the net value of the estate to be \$32,316.45, and there is a total tax due in the sum of \$246.32. Court further ordered that Adams county be allowed the sum of \$19.71 as appraisal fees to be certified to the county treasurer, being 8% of the total tax due.

Answer Filed
In the case of Clarence A. Hunter vs. Jerry Baughman, an answer in general denial was filed.

Set For Trial
In the case of Glen Burley vs. Agnes Burley, attorney Severin Schurger entered a general appearance for the defendant and withdrew a plea in abatement, which was filed on June 5, 1958. The cause is set for trial May 31, at 10 a.m.

20 Years Ago Today

May 24, 1940 — Great Britain fears invasion near as Nazi troops capture French port of Boulogne. Glen R. Hillis, Kokomo, was nominated for governor at the state Republican convention at Indianapolis, and Raymond C. Willis, Angola, was nominated for U.S. senator.

The 1939-40 school year closed officially in the Decatur public schools today, as students reported to receive their final report cards. Miss Eileen Bowman, a member of the Decatur high school graduating class, was given special recognition at commencement exercises for having been neither absent nor tardy throughout her 12 years in the Decatur schools. Jerry Steiner, former Berne high school athlete, son of Mr. and Mrs. Clifford Steiner, has been named coach at Ladoga high school.

Steiner will graduate from Butler University, where he has been a regular in basketball and baseball for three years.

Do FALSE TEETH Rock, Slide or Slip?

PASTETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. On new teeth, slip or rock. No gummy, gooey, pasty taste or feeling. PASTETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get PASTETH at any drug counter.

No more worries about big heating oil bills... and no more worries about heat when sickness or accident makes paying bills a problem.

When you're under the doctor's care, Marathon pays your heating oil bills after the 15th day—until your doctor says you can go back to work. In the event of death, your heating oil bill is paid in full for the balance of the year, under the terms of the Marafuel Budget Plan*.

Big bills end with the Marafuel Budget Plan. Your bills won't rise when you burn extra oil in the coldest months. They're always the same low average amount from September to June under the Marafuel Budget Plan.

More warmth in every gallon. Maximum heat content means maximum economy. You get both with Marafuel, the heating oil that's specially refined, screened and filtered to flow freely and burn cleanly.

You save money with a summer fill. We won't bill you until fall. Then you pay the lowest price of the season, regardless of the October price. A full tank all summer guards against rust damage—ends empty-tank condensation problems.

Call your nearest Marafuel distributor for the best deal in heating oil. Sign up today.

Marathon goes farther to make friends

*The insured Marafuel Budget Plan is underwritten by a legal reserve life insurance company.
