## Another Civic Leader Passes

For the second time this year Decatur has been saddened by the untimely death of a prominent civic leader in the community.

Glenn Hill, just 57 years old, passed away early Thursday morning at the Adams county memorial hospital. Ill since last October, he had spent the winter in Florida. Medicine was able to keep him from pain, and he died peacefully in the night. Only last week he was still able to converse with friends, and had not been taken back to the hospital until Tuesday.

Mr. Hill was extremely well thought of, not only in Decatur, but throughout the state. He served as district governor of Lions International, and twice served as president of the local club.

He completely reorganized the local club during the 1958-59 year, and spearheaded the drive which secured an athletic field for the Decatur Catholic high school. He himself was a member of the Trinity E.U.B. church.

During the war he headed the ration board, and a section of his office in the Leland Smith Insurance agency was used as ration board headquarters.

He was an original member of the Decatur memorial foundation, which built the community center, and of the civic music association, which brings good music to Decatur in concert form every winter.

An active Mason and Elk, he was a native of Decatur, and a graduate of Ohio State University.

The counsel of Mr. Hill was often heeded by the city's leaders, and many of the most progressive moves made were done at his suggestion. Decatur has lost a real citizen and a good friend in the passing of Glenn V. Hill.

## I&amp;M

*Continued from page one*

tioner and the subject matter of the petition.

5. The city is a municipal corporation located in Adams county, Indiana, and owns and operates the electric property rendering electric utility service to approximately 4000 customers in and adjacent to the city; and petitioner renders electric utility service in the vicinity of the electric property.

6. Petitioner desires to acquire from the city the electric property for the price of \$2,099,100; such purchase and sale is to be pursuant to and in accordance with said written agreement, dated December 21, 1959, between city and petitioner and is in the form set forth in petitioner's exhibit No. 3; the said sale has been authorized by resolutions duly passed by the common council of the City on December 21, 1959 (petitioner's exhibit No. 3); the said sale of the electric property was submitted through a special election held on April 26, 1960 to the qualified voters of the City in accordance with Sections 48-7212 Burns Indiana Statutes, as amended, and more than a majority of the votes cast at such election voted in favor of such sale (petitioner's exhibit No. 5); and the said purchase by petitioner has been duly authorized, ratified and approved by its board of directors on April 28, 1960 (petitioner's exhibit No. 4).

7. The balance sheet of petitioner as of December 31, 1959 actual, and pro forma giving effect to the purchase of the electric property, is as set forth in petitioner's exhibit No. 8; the statement of income of petitioner for the two months ended December 31, 1959 actual, and pro forma giving effect to the said purchase of the electric property, are set forth in petitioner's exhibit No. 9.

8. Petitioner's exhibit No. 7 shows the book cost by primary accounts, and accrued depreciation, of the electric property; petitioner's exhibit No. 2 shows the appraised value of the electric property by three appraisers duly appointed by the Adams circuit court in accordance with Section 48-7211, Burns Indiana Statutes, 1933, as amended.

## Price Is Fair

9. The consideration of \$2,099,100 to be paid for the electric property represents a fair and reasonable purchase price for the same; the terms and conditions of the purchase of the electric property are fair and reasonable; the amount of consideration to be paid by petitioner for the electric property is not in excess of five percent (5%) of the book cost to it of all property, plants and business now owned by it at the time of the filing of this petition on May 2, 1960 in this cause.

10. Petitioner proposes upon acquiring the electric property to enter and show the purchase of the electric property on its journal or other books of account as proposed by petitioner and shown on petitioner's exhibit No. 12 introduced in evidence in this cause, all in conformity with the applicable uniform system of accounts as established by the commission, and further thereafter, upon approval by the commission to dispose of the utility plant acquisition adjustment account (No. 100.5) shown in petitioner's exhibit No. 12 by a credit to reserve for depreciation of utility plant account (No. 250).

11. The city under said written agreement of December 21, 1959 (petitioner's exhibit No. 3) has obligated itself to grant to petitioner a franchise having the effect of an indeterminate permit for the operation of the electric property in the city.

## To Expend \$1,533,500

12. Petitioner proposes upon acquiring the electric property to rehabilitate the same promptly so as to give more adequate, efficient and dependable service and assure the continuance of such quality of service, and in carrying out such rehabilitation program will expend approximately \$1,533,500; and no other public utility renders electric utility service in the city and no municipality other than the city is affected by the subject matter of said petition.

13. Petitioner proposes upon acquiring the electric property to file with the bureau of tariffs of the commission as rates applicable to electric utilities prescribed by the commission, presented to the commission, and make in such petitioner's balance sheet accounts, such accounting entries (i) as are proper under said uniform classification of accounts for electric utilities in order to record the said purchase of the electric property, and such entries shall, subject to any further order of the commission, be recorded substantially in the manner shown by petitioner's exhibit No. 12; and (ii) as shall dispose of the amount in the utility plant acquisition adjustment account (No. 100.5) by a credit to reserve for depreciation of utility plant account (No. 250).

14. The purchase of the electric property by petitioner as proposed by the petition should be in all respects authorized and approved by the Commission; the placing in effect by Petitioner of the schedule of rates and the terms and conditions of service as proposed by Petitioner in accordance with finding No. 13 of this order should be authorized and approved by the Commission; the proposed purchase is in the public interest; all of the prayers of the petition should be granted; and it will be so ordered.

## Order By Commission

It is, Therefore, Ordered by the Public Service Commission:

I. The several prayers of the verified petition filed in this cause No. 28657, and each of them, be, and the same are hereby, severally granted; and the consummation and carrying out of the proposed transactions described in the petition filed in this cause; and the purchase of the electric property by petitioner from the city for the consideration and upon the terms and conditions provided by said petition be, and the same is hereby, approved and confirmed.

II. Without limiting the generality of the foregoing authorizations and approvals, petitioner be, and it is hereby, authorized to purchase rendering the public utility electric service currently being rendered by the city concurrently with cessation by the city and thereafter to continue the rendering of such public utility service.

III. Without limiting the generality of the foregoing authorizations and approvals, petitioner be, and it is hereby, authorized to commence rendering the public utility electric service currently being rendered by the city concurrently with cessation by the city and thereafter to continue the rendering of such public utility service.

IV. Without limiting the generality of the foregoing authorizations and approvals, petitioner be, and it is hereby, authorized and directed to file, immediately upon the said transfer of the electric property to it, with the tariff department of the commission its schedules of electric rates and terms and conditions of service for the customers in the area served by the electric property, which, for all customers, shall be substantially the same as the existing rate schedule of petitioner (petitioner's exhibit No. 13), applicable to the same classes of customers and the same types of areas therein described; such schedules of rates and terms and conditions of service of petitioner hereby authorized and directed to be filed by, and the same are hereby, approved as the schedules of rates and terms and conditions of service which, until changed in the manner provided by law, shall apply to electric service to the classes of customers in the area served by the electric property; and such schedules of rates and terms and conditions of service shall be made effective with respect to all charges billed on meter readings made by Petitioner on or after the date on which the said purchase of the electric property is consummated.

V. Petitioner be, and it is hereby, authorized to execute all such instruments and papers, and to take all such steps and to do all such acts and things, as may be necessary or appropriate to effectively carry out each and all of the things proposed to be done as set out in the petition.

VI. Upon the consummation of the purchase of the electric prop-

erty herein authorized and approved, petitioner shall, pursuant to and within the period specified by the uniform classification of accounts for electric utilities prescribed by the commission, present to the commission, and make in such petitioner's balance sheet accounts, such accounting entries

(i) as are proper under said uniform classification of accounts for electric utilities in order to record the said purchase of the electric property, and such entries shall, subject to any further order of the commission, be recorded substantially in the manner shown by petitioner's exhibit No. 12; and (ii) as shall dispose of the amount in the utility plant acquisition adjustment account (No. 100.5) by a credit to reserve for depreciation of utility plant account (No. 250).

VI. Upon the consummation of the purchase of the electric prop-

erty herein authorized and approved, petitioner shall, pursuant to and within the period specified by the uniform classification of accounts for electric utilities prescribed by the commission, present to the commission, and make in such petitioner's balance sheet accounts, such accounting entries

(i) as are proper under said uniform classification of accounts for electric utilities in order to record the said purchase of the electric property, and such entries shall, subject to any further order of the commission, be recorded substantially in the manner shown by petitioner's exhibit No. 12; and (ii) as shall dispose of the amount in the utility plant acquisition adjustment account (No. 100.5) by a credit to reserve for depreciation of utility plant account (No. 250).

VI. Upon the consummation of the purchase of the electric prop-

erty herein authorized and approved, petitioner shall, pursuant to and within the period specified by the uniform classification of accounts for electric utilities prescribed by the commission, present to the commission, and make in such petitioner's balance sheet accounts, such accounting entries

(i) as are proper under said uniform classification of accounts for electric utilities in order to record the said purchase of the electric property, and such entries shall, subject to any further order of the commission, be recorded substantially in the manner shown by petitioner's exhibit No. 12; and (ii) as shall dispose of the amount in the utility plant acquisition adjustment account (No. 100.5) by a credit to reserve for depreciation of utility plant account (No. 250).

VI. Upon the consummation of the purchase of the electric prop-

erty herein authorized and approved, petitioner shall, pursuant to and within the period specified by the uniform classification of accounts for electric utilities prescribed by the commission, present to the commission, and make in such petitioner's balance sheet accounts, such accounting entries

(i) as are proper under said uniform classification of accounts for electric utilities in order to record the said purchase of the electric property, and such entries shall, subject to any further order of the commission, be recorded substantially in the manner shown by petitioner's exhibit No. 12; and (ii) as shall dispose of the amount in the utility plant acquisition adjustment account (No. 100.5) by a credit to reserve for depreciation of utility plant account (No. 250).

VI. Upon the consummation of the purchase of the electric prop-

erty herein authorized and approved, petitioner shall, pursuant to and within the period specified by the uniform classification of accounts for electric utilities prescribed by the commission, present to the commission, and make in such petitioner's balance sheet accounts, such accounting entries

(i) as are proper under said uniform classification of accounts for electric utilities in order to record the said purchase of the electric property, and such entries shall, subject to any further order of the commission, be recorded substantially in the manner shown by petitioner's exhibit No. 12; and (ii) as shall dispose of the amount in the utility plant acquisition adjustment account (No. 100.5) by a credit to reserve for depreciation of utility plant account (No. 250).

VI. Upon the consummation of the purchase of the electric prop-

erty herein authorized and approved, petitioner shall, pursuant to and within the period specified by the uniform classification of accounts for electric utilities prescribed by the commission, present to the commission, and make in such petitioner's balance sheet accounts, such accounting entries

(i) as are proper under said uniform classification of accounts for electric utilities in order to record the said purchase of the electric property, and such entries shall, subject to any further order of the commission, be recorded substantially in the manner shown by petitioner's exhibit No. 12; and (ii) as shall dispose of the amount in the utility plant acquisition adjustment account (No. 100.5) by a credit to reserve for depreciation of utility plant account (No. 250).

VI. Upon the consummation of the purchase of the electric prop-

erty herein authorized and approved, petitioner shall, pursuant to and within the period specified by the uniform classification of accounts for electric utilities prescribed by the commission, present to the commission, and make in such petitioner's balance sheet accounts, such accounting entries

(i) as are proper under said uniform classification of accounts for electric utilities in order to record the said purchase of the electric property, and such entries shall, subject to any further order of the commission, be recorded substantially in the manner shown by petitioner's exhibit No. 12; and (ii) as shall dispose of the amount in the utility plant acquisition adjustment account (No. 100.5) by a credit to reserve for depreciation of utility plant account (No. 250).

VI. Upon the consummation of the purchase of the electric prop-

erty herein authorized and approved, petitioner shall, pursuant to and within the period specified by the uniform classification of accounts for electric utilities prescribed by the commission, present to the commission, and make in such petitioner's balance sheet accounts, such accounting entries

(i) as are proper under said uniform classification of accounts for electric utilities in order to record the said purchase of the electric property, and such entries shall, subject to any further order of the commission, be recorded substantially in the manner shown by petitioner's exhibit No. 12; and (ii) as shall dispose of the amount in the utility plant acquisition adjustment account (No. 100.5) by a credit to reserve for depreciation of utility plant account (No. 250).

VI. Upon the consummation of the purchase of the electric prop-

erty herein authorized and approved, petitioner shall, pursuant to and within the period specified by the uniform classification of accounts for electric utilities prescribed by the commission, present to the commission, and make in such petitioner's balance sheet accounts, such accounting entries

(i) as are proper under said uniform classification of accounts for electric utilities in order to record the said purchase of the electric property, and such entries shall, subject to any further order of the commission, be recorded substantially in the manner shown by petitioner's exhibit No. 12; and (ii) as shall dispose of the amount in the utility plant acquisition adjustment account (No. 100.5) by a credit to reserve for depreciation of utility plant account (No. 250).

VI. Upon the consummation of the purchase of the electric prop-

erty herein authorized and approved, petitioner shall, pursuant to and within the period specified by the uniform classification of accounts for electric utilities prescribed by the commission, present to the commission, and make in such petitioner's balance sheet accounts, such accounting entries
