By Carrier, 30 cents per week. Single copies, 6 cents.

## Needed — Replacements

In the past few years, Decatur has had the misfortune to lose some outstanding men who still had much to contribute to this community. They were not young men, but thoroughly mature, though they still had many years of service to Decatur left when they died. Their maturity, regardless of their years, was shown by the decisions they made, and the suggestions they made.

These men were not geniuses. They were not more brilliant than a lot of other citizens of Decatur. And in this lies their rarity.

The contributions they made came from good, hard, serious thinking. Thinking they were channeling to provide for the betterment of a whole community. It was not selfish thought, it was for the good of Decatur.

Many men can think of the good of a town when he can see how it will profit him. Few are big enough to contribute their time and work for the good of others.

We all have hopes for the growth of Decatur and the whole of Adams county. If those hopes are to be fulfilled quickly, replacements for these men are needed. Replacements who will follow the pattern already there and just contribute a little of themselves to the betterment of others.

It can be guaranteed that most of the people you help will not appreciate the help. Some of them will even take every opportunity to throw mud—really because they are too lazy and selfish to help you, even though they know they should. The rewards will have to come from the satisfaction of the achievements you see fulfilled.

Yet, from the heritage left by those unselfish contributors, we know that this satisfaction is there, and worth all the time and thought.

20 Years Ago  
Today

June 24, 1940—France and Italy sign armistice, with hostilities in France to end this evening. French surrender to Germany and Italy reviled by Great Britain. The Republican national convention is opened at Philadelphia. The Main Street filling station and garage at Berne was badly damaged when an out-of-control auto crashed through the large plate glass window in the front of the building. Approximately 250 members of Moose lodges and Women of the Moose attended a district meeting at the local Moose lodge home.

9 to 11 P.M. Special!

## "MAYBE YOU'RE ONE OF THE PEOPLE WHO OWNS PART OF I&M!"

Could be you are one of our owners! You see, I&M and its parent company, the American Electric Power Company, are not owned by the government. We're owned by folks just like you. And a mighty big difference it makes!

More than 50,000 stockholders from every walk of life own us and our parent company. So we really have to be efficient. The stockholders insist on it.

Even if you are not a stockholder, you may have an indirect share of ownership in I&M. Perhaps your life insurance company has further protected your future security by re-investing your money in our parent company. Or your bank may have purchased bonds from AEP, thus protecting your deposits.

As a private utility, we spend money in and for the good of the communities we serve. Some goes for payroll, for new equipment to bring you better service, for maintenance services and other business expenses, for taxes (we will soon be one of the biggest taxpayers in Decatur!), and to help bring in new industry.

See why Reddy is so happy that he works for a privately-owned electric utility? He's happy to be coming to Decatur! Happy he will be working for Decatur!

YOU LIVE BETTER ELECTRICALLY!

**INDIANA & MICHIGAN  
ELECTRIC COMPANY**
