## Will Seek Increase In Alcoholic Taxes

INDIANAPOLIS (UPI) — The 1961 Indiana Legislature will be asked to raise the tax on alcoholic beverages to pay for a multi-million dollar program to rehabilitate juvenile offenders.

The Legislative Penal Institutions Study Committee met Thurs-

day and approved a program which includes construction of an Indiana Youth Center for first offenders, two youth camps and a reception and diagnostic center for all male offenders.

The program, which must win approval of the General Assembly, calls for an initial appropriation of five million dollars to begin construction of the facilities. The 10-year program would be financed by a 25-cent a gallon tax on whiskey, a one-cent a gallon increase on beer and ale and five

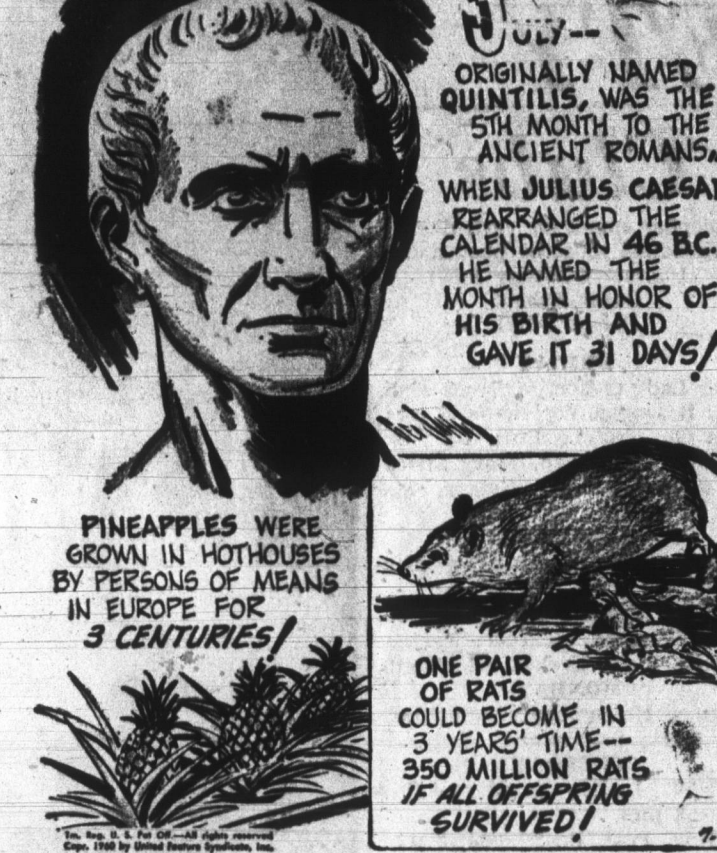

cents a gallon on wine. Money obtained from the increase in alcoholic taxes would be earmarked for the penal program and could not be used for other purposes.

Sen. Samuel McQueen (R-Brazil) said it was only right that the program be financed from alcoholic taxes because "alcohol has been one of the reasons why our penal institutions are filled to the breaking point."

Rep. Paul Pierce (D-Indianapolis), committee chairman, said he hoped the diagnostics center and youth center could be built on land purchased from federal government holdings at Camp Atterbury in Bartholomew County. If not, it would be built near Bloomington to utilize psychology students at Indiana University.

The youth camps would be located in the northern and southern halves of Indiana.

The committee also advocated legislation giving courts the right to sentence persons convicted of misdemeanors to serve their sentences on weekends in county jails.

## 20 Years Ago Today

July 1, 1940—A lone gunman held up Max Zimmerman, attendant at the Texaco service station, Monroe and Seventh streets, and obtained approximately \$25 in cash.

Clarence Ziner, of Columbia City, has been named distributor of Soccon-Vacuum oil and gas products here, and will move with his family to Decatur.

Further examination discloses that lightning which struck the city power plant also heavily damaged the 3,000 kilowatt turbine, in addition to ruining a small motor.

Census figures show Adams county's population is 21,228, a

gain of 1,271 over the 1939 census. Three-month contracts for supplies to the Adams county infirmary were awarded by the commissioners. The grocery contract went to Sprunger and Lehman, of Berne; tobacco contract to the Stults Home Grocery, Decatur, and the bread contract to the Hon-E-Krust bakery, Decatur.

When painting screens, cover a small block of wood with an old piece of carpet, tacking the carpet securely to the wood. Dip this into your paint and rub it over the screen.

Short tacks may be driven in corners if they are forced through a strip of paper and the paper held instead of the tack.

## New Livestock Law Is Effective Today

CHICAGO (UPI) — A new law requiring that livestock be slaughtered humanely goes into effect today, but some meat people are already finding it painful.

The law is designed to make slaughtering as painless and gentle as possible for hogs, cattle, sheep and other animals. Even in being driven to the slaughter house, animals are to be kept calm and peaceful.

"All animals," the law says, "are rendered insensible to pain by a single blow or gunshot or an electrical, chemical or other means that is rapid and effective, before being shackled, hoisted, thrown, cast or cut."

It was passed by Congress nearly two years ago at the urging of anti-cruelty and many women's groups.

The act refers only to sources of meat sold to the government or its agencies. But, as one meat man put it: "That includes all of us."

Most packers are now fully equipped with humane slaughtering facilities. Those who have ordered the equipment but not received it can be granted a 60-day extension if the delay was not their fault.

Even though many packers have used such tools for several years in parts of their operations—and even point to plaques given them by anti-cruelty organizations—they are not happy about the law.

The conversions are costly, although ultimately the greater safety and operating economies of the new methods should compensate.

Spokesmen for major Chicago packers, however, said the new costs will not be reflected in the consumer price of meat.

An American Meat Institute spokesman summed up the industry's attitude to the law: "We opposed it before it was passed, because it involved several technical difficulties. Now that it's law, we'll give it full cooperation."

## Modern Etiquette By ROBERTA LEE

Q: If a bride-elect's mother is married for the second time, and the stepfather is almost as close to the bride as a parent, how should her wedding invitations read?

A: "Mr. and Mrs. Robert J. Harmon request the honor of your presence at the marriage of their daughter, Mary Ellen Smith, etc."

Q: I have just been presented with a gold "service pin" by my company. When is such a pin correctly worn?

A: At any company reunion or party. As to wearing such a pin at the office, it might be better to abide by what other employees with such pins do.
