## MRS. JACK AURAND HONORED WITH SHOWER

A surprise stork shower was given Thursday evening for Mrs. Jack Aurand at the home of her mother, Mrs. Carlton Taylor, in Monroeville. The gifts were placed on a table beautifully decorated with a stork carrying a baby. Games were played with Mrs. Kenneth Christman directing. Prizes were won by Mrs. Paul Adams, Mrs. Tom Aurand, Mrs. Waler VanWald, Mrs. Roy Taylor, and Mrs. James Rutherford, who in turn presented them to Mrs. Aurand. The honored guest then opened her many lovely gifts with the help of her nephew, Ricky.

The hostesses, Mrs. Carlton Taylor and Mrs. Kenneth Christman, with the help of Mrs. James Rutherford and her daughter Suzanne, served delicious refreshments to the following guests: Mrs. Tom Aurand, Mrs. Charles Fuhrman, Mrs. Charlie Christman, Mrs. Kenneth Christman, Mrs. James Rutherford and children, Suzanne and Garrett of Decatur; Mrs. Paul Adams and daughter Karen, Mrs. Dale Clem, Mrs. William Taylor, Mrs. Paul Taylor and children, Ricky and Kim, Mrs. Ray Taylor, Mrs. Blackie Rhymer and daughters, Miss Beverly Rotgebe, Mrs. Margaret Taylor and Miss Lucille Taylor of Monroeville; Mrs. Clifford VanWald, Mrs. Jerry Getty of Fort Wayne; Mrs. Van Wald of Churubusco; Mrs. Lawrence Kissell and children of Markle, Miss Mary Case of Wren, Ohio, and the honored guest.

Unable to attend but sending gifts were Mrs. Elizabeth Aurand and Ruth McReynolds.

In the article published August 2 concerning the reunion of the Decatur high school graduating class of 1959 the names of two of the guests were printed as Mr. and Mrs. Phillip Rabo. The names should have appeared as Eva Mae Plumley and Phillip Rambo.

## BIRTH

Mr. and Mrs. Sam Bogner of Muncie are the parents of a nine pound three ounce baby boy, named John Eric. The paternal grandparents are Mr. and Mrs. Dick Bogner, and Mr. and Mrs. Clarence Brunngraff are the maternal grandparents.

At the Adams County Memorial Hospital: Joe L. and Maryann Wickey Hilty of route 1, Berne, are the parents of a baby girl weighing six pounds, fifteen ounces, and born at 4:06 p.m. Saturday.

A seven pound, three and one half ounce baby boy was born at 11:08 a.m. Saturday to Gordon C. and Eileen Lois Miller Suman of route 6, Decatur.

## LOCALS

The Jay county hospital has been named a poison control center by the state board of health.

The Rev. Don Cutts, of Portland, has been named Jay county chairman for the CROP program, just organized in that county.

A new 7,500 kilowatt turbogenerator, a 7,500 square foot condenser, and a 78,200 pound steam boiler have been installed at Celina, O., at a cost of \$1,600,000, and should be ready to operate about Sept. 1. The new equipment will produce one kilowatt for every pound of coal used, instead of the present 14 pounds of coal needed to produce a kilowatt in Celina.

Mr. and Mrs. V. J. Bormann returned recently from West Lafayette where they attended the commissioning exercises at Purdue University of their son-in-law, Henry S. Miller as second lieutenant in the Air Force through the R.O.T.C. program. Lt. and Mrs. Miller and their two children, Geoff and Gwen, will spend a few days here before reporting to Wright Patterson base at Dayton, Ohio, Sept. 12.

Mrs. Maude Mahen will leave soon for a visit with her son, Judge Lloyd J. Mahan and family in Parkston, South Dakota.

Mr. and Mrs. James Brunngraff left Saturday for their home in McComb, Ill., after a visit with their friends and relatives in Decatur. Brunngraff was transferred to McComb from Houston, Texas in the spring of this year.

## Attend Camp-Out Of Moorman Mfg. Co

Leonard Soliday, of Decatur, and Martin Steiner, of Monroe, leave this week for Quincy, Ill., to attend an old-fashioned camp-out, educational meeting on one of the Moorman research farms located 11 miles northeast of the city. More than 2,000 men from 31 states will be housed in a huge tent city during this 75th year affair.

A circus size tent will double for an auditorium and mess hall with smaller tents being used to house the men and to provide other services. During the evenings there will be campfires, singing and entertainment on the shores of Jug Lake. This lake has water from over 4,000 sources in it. From the auditorium stage, Moorman scientists will discuss the results of the latest animal research work. Other demonstrations, displays and exhibits will be an educational part of this meeting. New feeds and feeding methods will be reviewed. The men will also see the laboratories and factory in Quincy.

## Missing Infant Is Found Sound Asleep

BROOKVILLE, Ind. (UPI)—Irvin Vonderheide, 18 months, Brookville, was found sleeping beside a Franklin County road Saturday night three hours after he was reported missing. Irvin, one of seven children of the Elmer Vonderheides, toddled off while playing with his brothers and sisters and was found by searchers one mile from his farm home.

## Five Under Arrest In Drowning Death

SOUTH BEND, Ind. (UPI)—Five Indiana National Guardsmen were held in the city jail on preliminary manslaughter charges today in the drowning of Technician 2-c Walter R. Van Vickie, 34, Sharpsville.

Police said four of the men signed statements admitting they threw Van Vickie into the St. Joseph River near the National Guard armory Saturday night. They also admitted they knew Van Vickie could not swim, officers said.

Van Vickie left a widow and four children, authorities said. Held were Harold E. Shuppard, 20, Tipton; Robert D. Vannice, 19, Danville; Arnold G. Bell, 22, route 2, Indianapolis, and Robert E. Burt, 23, Tipton.

A friend of the victim, William Dowdy, 20, North Salem, plunged into the river in a vain attempt to save Van Vickie. Dowdy was taken to St. Joseph Hospital here suffering from shock, exposure and hysteria and was not arrested until Sunday night.

Authorities said Van Vickie was thrown into the river during initiation horseplay with new officers. He shouted that he could not swim before he vanished beneath the surface, police said.

All the guardsmen were members of the 2nd Battle Group of the 38th Infantry Division. The group was camped on the riverbank behind the armory while en route home from two weeks of summer training at Camp Crayling, Mich.

Van Vickie's body was recovered 20 feet from shore in about 12 feet of water by skin divers. Authorities said the matter would be investigated by the next grand jury in September unless the case was turned over to military authorities for trial by court martial.

## Declares Payola Is Pretty Well Ended

WASHINGTON (UPI)—Chairman Earl W. Kintner of the Federal Trade Commission (FTC) says payola "has been pretty well stamped out" as result of his agency's nine-month crackdown on record makers and distributors.

Kintner told United Press International Sunday that the FTC now would sit back and see whether the record industry behaves itself.

He said he believed the industry had "fallen into line" with government efforts to wipe out the multi-million-dollar payola racket which came to light during the TV scandals last year.

The agency began its investigation of payola last November after congressional investigators aired charges that some disc jockeys had accepted money and gifts from record companies to popularize certain records.

The FTC has lodged complaints against 102 companies. Of these, 57 have signed consent agreements barring them from making under-the-table payments to get their recordings promoted. These agreements, however, carry no admission of wrongdoing.

He said he expected the industry to police itself now, because "those who are under government order are apt to keep an eye on competitors. Misery loves company."

A firm which violates a consent order is subject to a possible fine of \$5,000 a day per violation. The commission considers payola both deceptive advertising and unfair trade competition.

Kintner added that the FTC "got directly at the source of the evil" by getting a record companies, rather than suing individual disc jockeys. "Our aim was to stop payola," he added, "with the minimum expenditure of the public's money."

## Spy Pilot's Parents Enroute To Moscow

RICHMOND, Va. (UPI)—The father and mother of U-2 spy pilot Francis Gary Powers fly to Washington today on the second leg of their journey to the Soviet Union for their son's espionage trial next week.

Mr. and Mrs. Oliver Powers, who left their Pound, Va., home Sunday, were expected to meet Norton businessman Sol Cury and Dr. Lewis K. Ingram, Mrs. Powers' personal physician, at Washington.

Cury and Ingram, who flew to Washington Sunday night, will accompany the Powers to Moscow. Ingram will look after the health of Mrs. Powers, who has a heart.

## Charge China Reds In Tibet With Tortures

GENEVA (UPI)—The Chinese Communists have carried out widespread killings, rape and torture in occupied Tibet and have tried to wipe out the Buddhist religion there, the International Commission of Jurists charged today.

The commission made the charge in a report on an investigation into conditions in Tibet made by a committee of lawyers headed by Pursottam Trikamdas, senior advocate of India's supreme court.

The commission is a non-governmental non-political organization which has been given consultative status by the United Nations Economic and Social Council.

The report charged that the Red Chinese authorities, in 10 years of occupation in Tibet, have violated human rights by murder, rape, arbitrary imprisonment, torture and inhuman and degrading treatment.

In New Delhi, Trikamdas told newsmen at least 65,000 Tibetans had been killed by the Chinese Communists up to June, 1959. He said his committee had collected 750 statements for its report.

"Chinese allegations that the Tibetans enjoyed no human rights before the entry of the Chinese were found to be based on distorted and exaggerated accounts of life in Tibet," the report declared.

The committee found that acts of genocide have been committed by the Red Chinese in Tibet in an attempt to destroy the Tibetans as a religious belief in Tibet.

The Chinese have killed Buddhist religious leaders because their religious belief and practice encouraged others.

The Chinese have "forcibly transferred large numbers of Tibetan children to a Chinese nationalist environment in order to prevent them having a religious upbringing."

## EISENHOWER

(Continued from page 1)

and sound while we carry forward our urgent work at home and in the world," he said.

"This means that I shall not be a party to reckless spending schemes which would increase the burden of debt of our grandchildren by resuming, in prosperous times, the practice of deficit financing."

"I shall not fail to resist inflationary pressures by whatever means are available to me."

He challenged the Democratic-controlled Congress to vote "the additional taxes to pay the bill" if it wants to set up a different list of priorities at greater cost to the Treasury.

**Compromise Farm Program**  
Eisenhower again prodded Congress for action to deal with farm problems, particularly the wheat surplus.

"The public will have every right to register its serious protest should the Congress adjourn without responsible action in this area," he said.

"The recent history of this problem has been deadlock," he said. "The Congress has refused to accept my recommendations and insisted upon unrealistic programs which, of course, I have rejected."

He reiterated his offer to accept a compromise farm program if it fitted guidelines he has laid out even if it did not jibe with all his recommendations.

The President also made a special appeal for area redevelopment legislation, an issue over which he has long been at loggerheads with the Democratic majorities in Congress who have advocated more liberal programs than the White House would accept. He said he had vetoed the bill passed earlier this year because it would have "frustrated the taxpayers' money away" in areas where it was not needed and on programs which would have given little help to those who needed it.

## Illinois Man Drowns In Bass Lake Sunday

KNOX, Ind. (UPI)—Charles Lipfert, 57, LaGrange, Ill., drowned Sunday while swimming or wading in Bass Lake six miles south of here. His body was recovered an hour later 200 feet offshore in about six feet of water.

## At Least 11 Killed In Indiana Traffic

United Press International  
At least 11 persons were killed in traffic accidents in Indiana during the weekend. Two crashes claimed a total of five victims.

Four persons were killed Sunday.

Mrs. Shirley Schlegel, 31, route 1, West Terre Haute, was injured fatally in a four-car accident on a Wabash River Bridge on U.S. 40 at Terre Haute. Mrs. Schlegel died of internal and head injuries at St. Anthony's Hospital at Terre Haute early today. She was injured fatally when one car in the four-car accident veered into the path of the car which her husband, Lawrence Schlegel, 34, was driving.

Judy Ann Brown, 15, Crawfordsville, met death when the car in which she was riding flipped over on a curve along a Montgomery County road. Donald Leake, 19, Crawfordsville, the driver, was taken to Culver Hospital in Crawfordsville in fair condition.

James Rodney Joseph, 4, Chicago, and Mary Ann Childress, 18, Terre Haute, were killed in a head-on crash four miles north of Terre Haute on U.S. 41. The Joseph boy's father, Arthur, 35, two brothers, and a sister were among six persons injured and taken to Union Hospital, Terre Haute.

The other seven victims died Saturday.

Mrs. Carmella Ackley, 61, Auburn, was hit by a car in downtown Muncie. Eugene R. Hopping, 46, Muncie, was held on a preliminary charge of reckless homicide.

Wayne Milner, 45, Chicago, was killed at Hammond when police who had noticed his car weaving motioned him over to the curb. His car crashed into a utility pole.

Charles Troutman, 45, Elwood, was killed when his car left a Jay county road east of Pennville and struck a tree.

Guy Raymond Summerlott, 42, LaPorte; his wife, Lavonne, 38, and their daughter, Betty, 14, were killed when their truck was hit broadside by a Grand Trunk Railroad passenger train traveling at nearly 80 miles an hour. The crash south of LaPorte wiped out the entire Summerlott family.

Gary Wade, 25, Churubusco, was killed when he was hit by a car while standing next to his auto along a county road near Columbia City.

MRS. MARGARET KUHN, left of Monroe, and Mrs. Ann Blaney, next to her, of Decatur, are pictured above listening to Dr. Eland of Ball State Teachers College in the "Psychology of school subjects" summer workshop, one of four held this summer on the Ball State campus. Teachers have gathered from all over the state to pool their knowledge and find solutions to the problems in education in today's schools. Pictured above from left to right are Mrs. Kuhn, Mrs. Blaney, Curtis Osborn, Indianapolis; Jack Paar, Fort Wayne; and Ben Bowles, Peru.

## Hoosier Confesses Missouri Slaying

GREENFIELD, Ind. (UPI)—A Richmond man has confessed he used a knife in a fight with a slain father of three children at Carthage, Mo., Friday night, Hancock County Sheriff Edwin Kirkpatrick said today.

Powell Van Vinkle, 26, confessed Cunday, Kirkpatrick said, but insisted he used the knife in self defense.

Van Vinkle; Aaron Glenn Webb, 27, Webster, and Barbara Jean Nickols, 28, Knoxville, Tenn., were held here on second degree murder charges. They refused to sign extradition waivers and an extradition hearing was planned some time this week, authorities said.

The trio was captured here late Saturday while they were driving back to Richmond from Carthage where they said they had worked on a greenhouse construction job for two weeks. All three were employed by a greenhouse building firm at Lima, Ohio, authorities said.

William Elliott, 27, Carthage, was stabbed fatally in a fight with the three suspects outside a Carthage bar, authorities said. Officers said all three signed statements admitting the fight but at first denied any knowledge of a stabbing.

The three said they saw Elliott get up and walk away after the

fight and they did not know he was dead.

Davidson suggested that the district hold such an election, and indicated that if the vote was "yes" he may order wholesale integration. He said the election would be a barometer of public feeling on the race issue.
