

ASCS Farm Notes

SOYBEAN LOANS AVAILABLE: The 1961 soybean harvest is now underway. Price support is available through farm-storage and warehouse-storage loans and purchase agreements. Soybeans must have been produced by a producer on a farm on which the total acreage of conserving and idle land in 1961 is not less than the 1959-60 average of such conserving and idle land, to be eligible for price support. Soybeans may be stored on the farm or in a CCC approved warehouse and be eligible for a loan or purchase agreement at the rate of \$2.30 per bushel for no. 2 soybeans with 14 per cent of less moisture content. Farm stored beans must be stored 30 days before the application for a loan is filed. The Monroe Grain and Supply, Inc., is the only CCC approved warehouse in the county. Producers may deliver soybeans to an approved warehouse and receive a warehouse receipt and present the receipt to the ASCS county office and receive their loans immediately. Loans and purchase agreements are available until January 31, 1962 and mature May 31, 1961.

This program is a price guarantee to producers. The producer is certain of the \$2.30 per bushel and if the market price increases, he may take advantage of the increase by repaying the loan plus 3 1/2 per cent interest and selling the soybeans on the local market. Interest is computed for only the number of days the loan is in effect and usually is a nominal amount.

Loan service charges of 1 cent per bushel or \$3, whichever is greater, are deducted from the loan prior to disbursement. Under the purchase agreement program, a service of one-half cent per

bushel of \$1.50 is to be paid at the time the purchase agreement is signed, and under this program the producer receives no money until the soybeans are delivered.

ASCS county office personnel will be glad to answer any questions which producers may have concerning this program for soybeans.

FARM STORAGE FACILITY

For the producer who does not have adequate storage facilities to store 1961 commodities, loans up to 95 per cent of the cost of facilities are available. Applications must be filed in the office before erection is started. However, the down payment must be made and invoice presented at the time of filing the application. FSFL are for 4 years at a 4 per cent interest rate.

Two applications for farm storage facility loans have been filed this week.

AGRICULTURAL CONSERVATION PROGRAM:

Farmers who intend to apply for a loan late this fall or early spring, are urged to take soil samples and submit them to Purdue for a soil test at an early date. Containers for submitting samples are available at the county extension office. There is a charge of \$1 per sample.

25 farmers received payments this week for practices carried out under the AC cost-sharing program.

1962 WHEAT STABILIZATION PROGRAM:

County meetings are being planned for the explaining of the program by the county committee, and for the sign-up. Dates will be announced later. Even though farmers have seeded wheat, it will be to their interest to attend the meetings or make inquiries at the county office as they may be eligible to receive payments for the difference between the allotment for 1961 and the allotment for 1962, or the highest acreage of the past three years and the permitted acreage under the 1962 program.

We are sorry that we have to answer (we don't know) to so many questions. However, we hope to have the answers in a few days.

Notices have mailed to all known wheat producers advising the rates established for their farm. The lower figure shown on the notice represents the rate for the minimum 10 per cent reduction and the larger figure represents the rate for the acreage above the minimum requirement. 10 acres is the maximum, which can be placed in the program. Advance payments may be made, the same as under the 1961 feed grain program. Producers having allotments above 15 acres are especially urged to make inquiries relative to payments.

1961 FEED GRAIN PROGRAM: Final payments will be made

Society

FUTURE PLANS MADE BY LIVE AND LEARN CLUB

The Live and Learn home demonstration club met Wednesday afternoon at the home of Mrs. Thurman Drew. Mrs. Leo Workinger presided over the meeting. Mrs. Roland Gilliom led the group in the song of the month, "Auld Lang Syne," after which Mrs. Gerald Springer led roll call with the members answering with a funny school experience.

The lesson, "Foot health and shoes," was given by Mrs. Margie Shaffer, which was followed by illustrations and a discussion by several members. "School health" was the title of the lesson presented by Mrs. Springer.

Achievement day September 30, to be held at the Community Center, was announced by Mrs. Nellie Price.

Election of officers will be held at the next month's meeting and Mrs. Workinger appointed the following persons to the nominating committee: Mrs. Hugh Nidlinger, Mrs. Louis Drake, and Mrs. Warren Nedlinger. October will also be a hobo party and members are requested to come dressed as such.

Mrs. Chalmers Barkley, county chairman of mental health, urged everyone to help the mental patients by remembering them with Christmas gifts this year.

Envelopes for a "foodless bake sale" were given to each member. Mrs. Nellie Price, Mrs. Gerald Springer and Mrs. Thurman Drew received gifts from their cheer sisters.

Delicious refreshments were served by the hostess to the fourteen members, two children, and two honorary members, Mrs. Marion Stults and Mrs. Florence Bauman.

The October meeting will be at the home of Mrs. Louis Drake, with Mrs. Roland Gilliom as the assisting hostess.

before November 1. Participants in the program will be notified of a date to call at the office to sign her application for their final payment. By using this method, we hope to avoid a waiting line, such as we had during the spring sign-up.

CONSERVATION RESERVE PAYMENTS:

Farmers participating in the conservation reserve program will receive their annual payments as soon as the applications which were mailed this week are returned to the office.

Approximately \$54,000 will be paid to participants under this program.

EMERGENCY PLANNING COMMITTEE:

Members of the emergency planning committee: Leo N. Self-enright county agent; Milton Spence, work unit conservationist; Jack Schmidt, supervisor of Farmers Home Administration, and Mary J. Howard, office manager of the ASCS county office met in the ASCS office Monday September 25. This committee is appointed by the department of agriculture and is for the purpose of a "built-in-readiness" in the case of a disaster such as information, emergency credit, food production and management and to establish liaison and working relationships between local USDA programs, with USDA defense planning committee, county defense organizations and other appropriate agencies at the county level.

Man Hurt In Farm Accident Thursday

Dennis Lehman, 43, route 2, Berne, suffered multiple injuries when he was caught in a self-unloading wagon at the farm of his father-in-law, Ira Stucky, at 7 p. m. Thursday.

Lehman was admitted to the Adams county memorial hospital with a badly maimed right foot, a broken right leg, a deep gash in the right hip, and multiple abrasions. There was some speculation that the foot may have to be amputated.

The mishap occurred when Lehman was unloading soybeans on the Stucky farm with the self-unloading wagon. A portion of his jacket caught in the web of the machine, and pulled him into the apparatus. He was immediately rushed to the hospital, where he remains today.

Kieffer Transferred To Mankato Office

Donald Kieffer, of the Homestead, has been transferred to Mankato, Minn., effective Oct. 1. For the past year, Kieffer has been manager of the Decatur office of the Archer-Daniels-Midland Co. He will be in soybean merchandising for A-D-M at Mankato. Previous to coming to Decatur, he was in soybean merchandising at Cincinnati, O., and Minneapolis, Minn.

Gary Man Believed Drowning Victim

WALKER, Minn. (UPI)—Edwin H. Walker, 58, Gary, Ind., is believed to have drowned Wednesday night in Big Boy Lake near here. He and his dog have not been seen since they went fishing Wednesday. Their capsized boat was found 100 feet from shore.

Girl Scouts

Brownie troop 549 met Wednesday at the Zion Lutheran school. Our officers are chairman, Kathy Bultemeier, secretary, Diane Spiegel, news reporter, Kathleen Fuelling. After practicing our program, we played a game. We had refreshments and closed with the brownie arch.

Richard D. Lewton
Clerk of the Adams Circuit Court for Adams County, Indiana.
Hubert R. McClellan, Attorney and Counsel for personal representative.
Sept. 15, 22, 29.

Club Staff Visits Newspaper Offices

The staff of the "Mary's Club Monthly", a publication of the Mary's Catholic cives club from the St. Joseph school eighth grade, toured the Decatur Daily Democrat plant Thursday afternoon and interviewed the publisher.

The club officially began its 1961-62 activities Monday, when they were notified by the commission of American Citizenship, Washington, D.C., that they were formally recognized as affiliated with the national organization at the Catholic University of America.

This year there are 76 eighth grade students in the club. Sister M. Joan of Arc, advisor for the group, stated.

David Pierce is president, Bonita Alberding, vice president; Sandra Mendez, secretary; Anthony Kohne, treasurer, and Nancy Braden, club photographer. All the officers except Kohne toured the Democrat office.

"Your Family in Today's World" is the theme of this year's program. At present the club is studying the housing facilities in Decatur, and discussing the effects of housing on family life. Members of the club are now studying the zoning ordinance of the city of Decatur, as secured

for them by Joseph Schultz. From it they are getting ideas and facts on the role that the city plays in protecting the health and welfare of its inhabitants.

Dan Helmann, editor of the club's publication, spoke for the group, and introduced the others present, including Peggy McBride, co-editor; and Ann Baker, Jane Schultz, Vicki Hess, Stephen Bentz, and Suzanne Loshe, reporters, as well as the officers of the club.

After interviewing the publisher, with a number of questions concerning editorial opinion, they visited the news room of the newspaper, saw the teletype machine, the telephone news recording machine, the linotype machines, the Goss Comet press, casting room, and engraving machine. A wedding picture was engraved for them, so that they could see how electronic engraving works.

The class members were interested in knowing where the various features in the newspaper come from, what news sources outside of Decatur are, what the circulation of the newspaper is, and how much of its circulation is outside of Decatur and its immediate area. They saw how the comic strips are received in mat form, then cast in lead, and saw apart for daily use in the newspaper.

Miles Is Named As Assistant Manager

Richard S. Miles

The promotion and transfer of Richard S. Miles to the position of assistant manager of the grain department at its Decatur plant has been announced by Central

Soya. Miles previously was assistant manager of the company's grain operations at Gibson City, Ill.

He joined Central Soya in 1957 as an accountant and, prior to his Gibson City assignment, was located for two years at the company's Chicago chemistry division office.

Miles is a graduate of West Liberty State College in West Virginia.

He and his family will make their home at 640 North Third St.

Initial Concert Of Season October 12

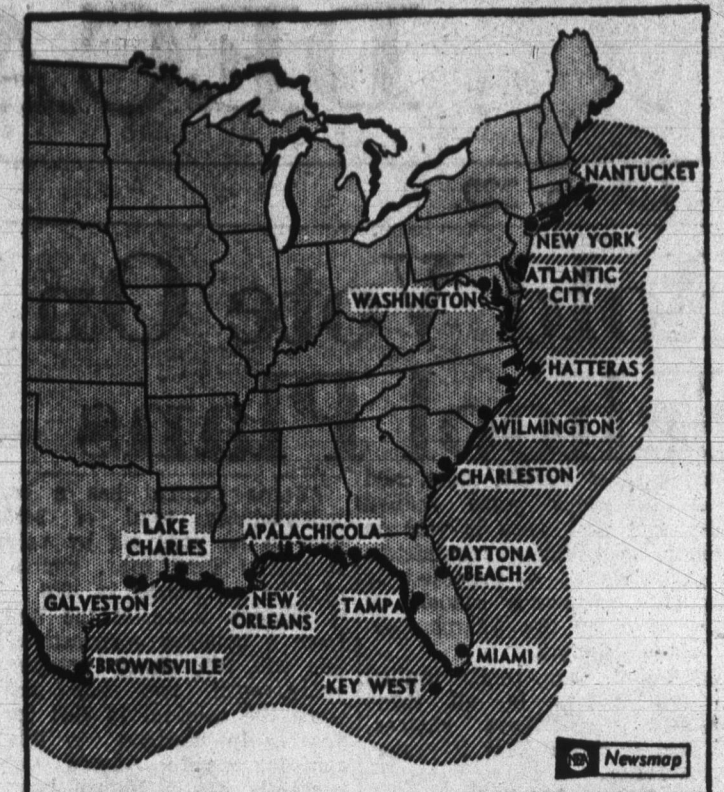

Weekley and Arganbright, brilliant young American pianists, will appear as the opening concert of the Adams County Civic Music association season Thursday evening, Oct. 12 at the Decatur Youth and Community Center.

As a piano-duet team, this talented young couple are the only such attraction on the concert stage this season. Their program consists largely of works originally written for one piano-four hands.

These artists should be especially popular with Hoosier audiences as they both have received their masters' degrees in music from Indiana University, and when they are not touring they are professors of music at Huntington College.

Their friendly, vivacious manner, appealing programs and sensitive musicianship have endeared them to musicians and laymen alike. Nelson and Neal, internationally acclaimed duo-pianists recently described a recital by Weekley and Arganbright, as "A delightful and unique musical experience."

Persons who have moved into Decatur since the annual membership drive held in April may still secure season tickets for the concert series, it was announced today by Mrs. Roy Kalver, president of the music association. Also local residents who were out of the city during the drive may also purchase tickets, if they so desire. Mrs. J. Clark Mayclin, drive chairman of the organization, may be contacted at telephone number 3-2988 for the purchase of 1961-62 memberships.

THE BIG EYE—One reason why this fall's hurricanes were traced with such precision is illustrated by the above map. Shortly before the first, Carla, began to form, the U.S. Weather Bureau had put into operation the last link in its 3,000-mile coastal radar net. Location of the long-range surveillance radar stations are shown on the map.

Hold Second Union Service On Sunday

The Monroe Friends church and the Pleasant Valley Wesleyan church will hold a second union service at 7:30 p.m. Sunday at the Friends church. The Rev. H. D. Rich will bring the evangelistic message.

A group of migrant workers from their camp west of Salem will again participate in the service.

For Spiritual Comfort

To the family, the religious portion of a funeral service is meaningful and obviously important; it becomes a memory of beauty and dignity when the family calls Zwick's because we have a detailed knowledge of the special requirements of all faiths.
