## Urban Affairs

Area residents might be interested in the fact that with 8,327 people in Decatur, and 2,644 people in Berne, there are 10,971 persons in Adams county living in urban areas. This is 44.5% of our county, which is about as rural as any county in northern Indiana.

And yet nearly half of the population of our county lives in urban areas. Quite a few more live in housing developments on the edge of Decatur and Berne, or in Geneva and Monroe, and have primarily urban interests.

Cities like Decatur and Berne, and growing communities like Monroe and Geneva have certain specific needs. Yet they have no county agent, no Soil Conservation Service, no Agricultural Stabilization and Conservation office, no Farmers Home Administration to turn to for help in answering serious city questions.

Plenty of answers are available for farmers to-day, if they will just avail themselves of help on almost any problem. Yet city dwellers, workers, and their officials, have no department to turn to for statistical help, or a list of solutions to problems.

President Kennedy has proposed a department of urban affairs to help cities, and urban areas.

Yet Adams county's representative in Congress, E. Ross Adair, voted against this proposal.

Most of the opposition to the department was based on the fact that the president has announced that he would appoint a certain well-educated, well-informed man to that position. That man is a Negro, and many oppose appointing a Negro to a cabinet position.

This is plain foolish. Any man, regardless of his color, race, or religion, is suitable for any job for which he can otherwise qualify. Choosing cabinet members because they are not colored, or of some other group is silly in this day and age.

President Kennedy has done much to erase the color of prejudice from American life by serving well for the first year as president, the first Catholic president in the history of the country. He's done so well, in fact, that the leading nondenominational Protestant magazine says he has the best church and state record of any president in the last 30 years.

Much remains to be done. The department of urban affairs is urgently needed, and would be of much help to the fourth district. We are very disappointed that politics had to enter the picture, and keep our representative from voting for a department to aid the predominantly Democratic cities. He certainly votes often enough for aid to the Republican areas.

Cub Pack 3061 To  
Meet Here Thursday

Cub Pack 3061 will have an important meeting Thursday in the Lincoln school auditorium at 7:30 p. m. This Cub pack is one of the oldest in the district, having been chartered for over fifteen years. The pack is sponsored by the Lincoln P.T.A. and has had a very successful record of introducing and training hundreds of boys between the ages of eight and ten years. Many have gone on through the entire scout program.

The March pack meeting is very important to all of the boys in the pack as well as to all of the members of the Lincoln P.T.A. because the pack must prepare for re-registration before March 31, if the pack is to continue in its work of training the boys in the cubbing program.

All Cubs, all parents of the Cubs, all P.T.A. members, and the parents of boys between the ages of eight and ten who want their boys to become Cub Scouts are urged to attend the meeting.

It is also requested that all Cubs who desire to re-register for next year are asked to register at the meeting and pay the 50c yearly registration fee.

A lively program is planned and awards and advancement badges will be given. The winners of the bowling tournament will be announced and miniature trophies will be presented to the three highest "junior" bowlers.

## Chicago Livestock

CHICAGO (UPI)—Livestock: Hogs 7,500; steady to 25 higher; advance mostly on 240 lb up; mostly No 1-2 180-225 lb 16.75-17.00; couple hundred head 17.00; mixed No 1-3 190-230 lb 16.50-16.85; 230-270 lb 16.00-16.50; No 2-3 280-320 lb 15.25-16.00.

Sub-Zero Cold  
Stabs Parts Of  
Mid-Continent

By United Press International  
Sub-zero cold stabbed parts of eight mid-continent states today, and light snow fell in the far West and New England. Dixie got another round of heavy rains.

Winds up to 35 miles an hour pushed a smaller cold front into Southern California, frosting some sections of the citrus belt early today.

The heat wave continued in Florida, where Jacksonville's 88-degree reading Monday equaled the city's record high for February. The temperature climbed to 61 degrees in Pittsburgh, Pa., Monday.

Temperatures dropped below the zero mark in sections of Montana, the Dakotas, Wyoming, Colorado, Nebraska, Minnesota and Iowa early today. Cold wave warnings were up as far east as Bismarck, N.D. Monday was 3 below zero and the high at Minot, N.D., was minus 7 degrees.

Early this morning it was 28 below at Huron, S.D.; 23 below at Minot, N.D.; 23 below at Bozeman, Mont.; and 20 below at Alexandria, Minn. At Omaha, Neb., the low temperature broke the 72-year-old minus 6 degrees record for the date.

The storm which dropped up to 10 inches of snow on parts of the Midwest Monday gave New England up to 2 inches of snow in six hours early today. Light snow also fell on parts of Utah and Arizona, and into the Rockies.

A quarter-inch veneer of ice closed schools for the first time this winter Monday at Saginaw, Mich. A 10-inch snowfall closed schools for the second time in 25 years at Marshalltown, Iowa.

Northwest School  
Pack Meeting Held

The February pack meeting of the Northwest school, Cub Scout pack 3063, was held Monday evening at the school. The opening exercise was conducted by den 4 under the direction of Mrs. Clifford Hoveman.

Discussion was held concerning the blue and gold banquet. Also discussed was the pack project of selling address labels.

A movie of the 1960 Boy Scout jamboree was shown by Steve Everhart, which was followed with presentations of the following awards: Charles Call, second year badge; Holden Martin, first year badge; Mike Magsamen, lion badge; Roger Nicodemus, bear badge; Dannie Landrum, bear badge and one gold arrow; Dennis Johnson, wolf badge; Michael Beal and David Beeler, bob cat pin; Tom Rash, assistant denner badge.

Den 9, under the direction of Mrs. Christen, presented a very interesting and original skit on various events in the lives of George Washington and Abraham Lincoln. The meeting was closed and refreshments were served by Cecil Shaffer, cubmaster.

IT'S BEEN MIGHTY **COLD!**  
...and some folks have asked  
us about their gas bill

Talk about "old-fashioned winters"... we've had one!  
This winter's record-breaking sub-zero cold weather has been tough. During such long cold spells, your heating system works harder and longer to keep your home mid-summer warm. And, of course, it costs you more for heating... no matter which fuel you use. It's been comforting to know that when your need for instant warmth was greatest, natural gas was ready to provide it... 24 hours a day.

## How to get the most out of your gas heating:

- Check the furnace filter... clean or replace. It makes all the difference in the world!
- Check insulation on an old home; be sure you have good insulation in your new home. It's a good investment!
- Check loose storm windows and doors. The wind actually makes your home more difficult to heat!
- If you have the proper humidity you don't need as much heat to be comfortable.

## HEATING FACT:

On the average, over half (53%) of your home heat is needed during December, January and February.

Our Home Heating Budget Plan is designed 'specially for you. Drop by your local NIPSCO office and find out how the Budget Plan can help you smooth out the ups and downs of your heating bills.
