BRIDAL SHOWER HELD FOR MISS PATRICIA ALBERDING

A bridal shower was given at the home of Mrs. Henry Hilger of Arcola, Sunday afternoon in honor of Miss Patricia Alberding, May 5-6 bride-elect of David Schultz. Assisting the hostess were Irene Hilger and Miss Geraldine Schultz.

The shower was held in the recreation room of the Hilger home, which was gaily decorated with aqua and white crepe paper. A linen covered table held an open aqua umbrella under which the gifts were placed.

Upon arrival Miss Alberding was presented with a lovely corsage.

Several games were played, with prizes going to the Mesdames Rosswurm, Herman Alberding, Joe Elmo Miller, Frank Fenker, Leon Schultz and Miss Gerri Schultz, who in turn presented them to the honored guest. Miss Alberding then opened her many lovely gifts.

The guests were served ice cream with aqua stenciled umbrellas, chocolate and white cake and coffee.

Those attending were Mrs. Herman Alberding, Mrs. Leo Schultz, Mrs. George Schultz, Mrs. Joe Schultz, Mrs. Henry Hilger, Mrs. Paul Hess, Mrs. Frank Fenker, Mrs. George Tricker, Mrs. Leo Alberding, Mrs. Leon Rosswurm, Mrs. Donald Miller, Mrs. Elmo Miller, Miss Sharon Miller, Miss Bonnie Alberding, Miss Janet Fenker, Miss Irene Hilger, Miss Kathy Hilger, Miss Geraldine Schultz and Miss Jane Schultz.

Those unable to attend, but sending gifts included Mrs. John Alberding, Jr., Mrs. John Schultz, Mrs. Oren Stucky, Mrs. Orland Miller, Mrs. Helen Alberding, Mrs. Roy Chapla and Miss Janice Stucky.

SUNNY CIRCLE CLUB MET RECENTLY

Mrs. Ralph Mankey, president of the Sunny Circle Club, opened the meeting of the club recently as the members gathered at the Preble recreation center. A Bible verse was then read by each member and Easter cards were read from secret pals.

The lesson on removing stains was presented by Mrs. E. Reist. Slides were shown by the citizenship leader, Mrs. Walter Hildebrand. Roll call was answered with "a bargain I'll never forget," and the song of the month was given by Mrs. Gerhard Heckman.

Following the business session, games were played and a delicious lunch was then served in Easter baskets. Hostesses for the affair were Mrs. Glen Girod and Tillie Peters.

AUXILIARY ENTERTAINS DISTRICT OFFICERS

The American Legion auxiliary entertained with a dinner for their district president, Mrs. Earl McKinley of Chubbuck, and her secretary, Mrs. Ed Ernst of Fort Wayne, recently.

Following the dinner, Mrs. Howard Eley introduced the guests and presented each a gift on behalf of the auxiliary. Mrs. T. C. Smith, poppy chairman, was introduced and gave a talk on the plans for the poppy sales to be held in a few weeks.

During the social hour, games were played and prizes from the veteran's craft sales were won by several members.

Unit 3, WWSW, of the Bethany EUB will meet Thursday with Mrs. Merritt Alger at 7:30 p.m. Mrs. William Linn will be program chairman.

'MEMOS' from your Stylist

By: Cassandra (Cassie) Strickler

In the course of applying make-up, some women appear to forget or ignore a few basic fundamentals. Keep in mind, for instance, that lighter make-up tends to bring out the area it's applied to. Conversely, areas one wishes to show less prominently, are shaded with darker make-up. Remember, too, to use a light touch to avoid the heavy, spotty clown-like effect of make-up applied too vigorously.

Something else to remember when it comes to attention to your hair is CASSANDRA'S HOUSE OF STYLE. Whether it be tinting, styling, or a permanent given by careful, experienced operators, you will discover that your hair can truly become your crowning glory at CASSANDRA'S HOUSE OF STYLE, 215 So. 3rd St. Phone 3-3714.

140 ATTEND METHODIST MOTHER-DAUGHTER MEETING

One hundred and forty mothers and daughters gathered at the First Methodist church Saturday morning at nine thirty o'clock for their mother-daughter breakfast.

The dining room was beautiful with spring flowers and May poles. Yellow was the predominant color with bouquets of daffodils, forsythia, roses, and snapdragons on the tables and around the room.

After the breakfast the guests were invited upstairs, where a program was presented in keeping with Mother's day. Miss Vicki Lehman entertained at the piano as the guests assembled. Mrs. Lowell Smith gave the welcome to all and paid tribute to mothers and also to daughters. The duet choir of the church sang a song about home, after which Mrs. Smith presented African violets to Mrs. John T. Meyers as the oldest mother and Mrs. Richard Ehrsam as the youngest mother present. Mrs. Lawrence Ehrsam and Mrs. Homer Lower received plants for having the most daughters and granddaughters present. Miss Vicki Butler received a gift for being the youngest person present.

Mrs. John Hunt and daughters, Carol and Beverly, of Fort Wayne, presented a very entertaining Mother's day program of music, readings, and poetry.

Mrs. Harold Owens was in charge of the food; Mrs. William Brown, Mrs. Watson Maddox and Mrs. Dortha Shady were in charge of decorations, and Mrs. Lowell Smith was general chairman for the event.

Guests were present from Fort Wayne, Illinois, and Ohio.

The Women of the Moose mother-daughter banquet will be held Sunday, at 6:30 in the evening at the Moose home. Those planning to attend are asked to make reservations.

Girl Scout Day At Fine Arts Festival

Girl Scout day at the Fort Wayne fine arts festival will be held Saturday, May 26. This will be one in a series of gala festival days sponsored by the Fort Wayne fine arts foundation for the public from May 25-30 in Franke Park.

Through the cooperation of Mrs. Richard T. Blitz of the Lumberlost Girl Scout council and the festival program committee headed by Miss Margaret Ann Keegan and Mrs. S. Allan Jacobs, a variety of activities has been planned for Girl Scout day.

Festivities will get underway at 11 a.m. when the park opens for picnics. The afternoon's activities will include exhibits and demonstrations by the Art school and museum and the Historical society, special films and demonstrations on various aspects of the arts, and programs prepared by the Scouts.

The intermediate Girl Scouts of troop 642, Waynesdale school, will appear in a program of folk dancing under the direction of Mrs. Theodore Lanham. Two puppet shows will be given by the intermediate scouts of troop 269, Decatur, led by Mrs. Burdette Custer.

In response to the enthusiasm expressed by the Girl Scouts for "The Red Shoes" the work will be included in the Ballet company's festival performance. Under the direction of John Neff, the company also will perform "symphonic Variations," "Ceremony of Carols" and the "Pas de Deux" from "Graduation Ball."

Commenting on the plans and activities for Girl Scout day, Mrs. John Sturgeon, festival chairman said, "It is a great pleasure for the members of the festival's program committee to plan this special day for the Girl Scouts. It is our hope that all scouts will come to Franke Park and join us in celebrating this festive occasion."

Decatur Students In I.U. Cycling Events

Allice Allwein, 532 Stratton Way, and Thomas Peck, R. 3, both of Decatur, are among nearly 400 men and women who will be team members in two cycling events May 11-12 during Indiana University's "Little 500" weekend.

Thirty-eight women's tricycle teams will compete in the "Miniature 500" race Friday night, May 11, in the gaily decorated University Fieldhouse.

On Saturday May 12, 33 four-man teams will pedal the 12th annual 50-mile men's bicycle race, the highlight of the funpacked weekend.

Jokes About Flight

In a joking reference to the altitude potential of the X15, the rocketeering farm boy from Washington, Pa., known for homespun wisecracks about his dangerous X15 missions, told a press conference:

"I felt that if I continued to run that engine longer, I'd go into orbit."

"I got my first chance to look around at 240,000 feet," he added, saying he could scan the western fringe of the United States. "I could see Monterey Bay (near San Francisco) to the north and the Gulf of California to the south—and away out to some darn place in the Pacific Ocean."

The wisecracking test pilot, who has said that driving on the Los Angeles freeways "bothers me more" than X15 flights, apparently felt better at the peak of Monday's flight than he would have in congested freeway traffic.

Pleasant And Easy

"It was a real pleasant sensation up there," he said, adding he enjoyed weightlessness for 2 minutes and that the ship was easy to control.

Although the X15 hit a record

altitude, the main purpose of the flight was to test high altitude control, re-entry and recovery capabilities leading to future flights of manned space vehicles. NASA officials said the mission was "fully accomplished."

Walker has launched from a B52 mother ship at 45,000 feet and then, at full throttle, rocketed into the steepest climb yet achieved by the X15. After 81 seconds "burning time," Walker shut off the X15's 57,000-pound-thrust engine and was catapulted to the peak altitude by the ship's tremendous momentum.

Epic Flight Made By Rocket Plane

EDWARDS AFB, Calif. (UPI)—Space administration officials, elated over the X15's world-record, 48 1/2-mile-high flight to the edge of space, disclosed plans today for the rocket ship to fly to an altitude of 57 miles "in about a month."

"I think we'll see 300,000 feet in about a month," said X15 project manager James E. Love in the wake of Monday's 255,000-foot flight which marked the highest man ever has flown in a plane.

Federal Aviation Association (FAA) representatives were expected to submit the altitude for official world recognition.

"We've got an aggressive program for flying to extremely high altitudes, and we're not going to lose any time," said the National Aeronautics and Space Administration (NASA) official.

A similar expectation was voiced by NASA test pilot Joe A. Walker, 41, who shot the bullet-shaped ship in its steepest climb yet during Monday's epic flight—described as "a thing of beauty."

"I don't see any reason why we can't get up that high," drawled the seemingly unperturbed veteran pilot. "Our only problem is control and re-entry."

The highest the sleek, needle-nosed X15 had flown previously was 217,000 feet—or 41 miles—by Air Force Maj. Bob White last year.

In a joking reference to the altitude potential of the X15, the rocketeering farm boy from Washington, Pa., known for homespun wisecracks about his dangerous X15 missions, told a press conference:
