## Modern Etiquette

By Roberta Lee

Q. If a man is standing on a crowded bus near his fiancée, who is seated, and the seat next to her is vacated, may he properly seat himself next to her, or is he supposed to allow one of the standing women nearby to take the seat?

A. He should certainly allow a nearby woman to take the seat.

Q. At a church wedding, on which side of the main aisle should pews be reserved for the bride's family and for the bridegroom's family?

A. The left side (facing the altar) is for the bride's family, and the right for the bridegroom's family.

the button. The cork should come out easily.

**Attractive Centerpiece**  
Here's one cute idea for a table centerpiece: Stand a candle in a deep saucers, anchoring it with some wax drippings. Then pour some water into the saucer, and float a few fresh flowers in it.

**Tea Pot Care**  
Metal teapots sometimes give a "musty" flavor to tea made in them. To prevent this, store a lump of sugar in the pot. When you are ready to use the pot, rinse it in boiling water.
