

## Fill the Ticket

Democrats in the 12 Adams county townships have filed a full slate of township trustees, as well as a full county ticket, as the deadline for filing by the county committee was reached.

Only in St. Mary's township, where Earl N. Williamson, originally a candidate for advisory board, has been certified for township trustee, leaving one vacancy on the three-man advisory board ticket; does the Democratic ticket lack a full list of candidates.

There will be, with the exception of St. Mary's township, then, a full slate of four candidates in each township, and six in Washington township, where a justice of the peace and a township assessor are elected.

Robert E. Gay heads a strong ticket in Washington township, with veterans Roy Runyon, Jerome J. Braun, and John R. Parrish backing him up on the advisory board. Freeman Schnepf, with years of assessing experience, is a candidate for township assessor, and in unopposed. Gay is opposed by former Decatur merchant John G. (Jack) Gordon, on the Republican ticket. Gordon is former head of the county civil defense unit. His salesman job now takes him out of the state a good deal of the time.

Floyd B. Hunter, incumbent justice of the peace, has opposition for the first time in years from former city school board member Harry O. Irwin. The Republicans did not name any candidates this year for advisory board in Washington township.

Democrats are practically assured of control of the county board of education, composed of the 12 township trustees, because Republicans have candidates in only eight of the 12 townships. This gives the Democrats a "hard core" of Robert M. Kolter, Preble; Theodore Heller, Kirkland; Clair Carver, Blue Creek; and Floyd Baker, Jefferson.

At present the Republicans hold two township trusteeships, Hartford, where V. Eugene Burry is running for reelection, and Monroe township, where Silvan Sprunger is retiring after two terms in office.

Democrats are hopeful of taking all eight township trustee races, including Edgar L. Selking in Root; Wilbur H. Blakey for reelection in Union; Gay in Washington; Earl N. Williamson in St. Mary's township, long a Republican stronghold, but having an incumbent Democrat; Jackie G. Myer in French township Harold V. Schwartz in Monroe; Richard D. Stricker in Hartford; and James Lybarger for a second term in Wabash.

## ASCS Farm Notes

## 1963 WHEAT ALLOTMENT &amp; MARKETING QUOTA PROGRAM:

Wheat producers who received 1963 wheat allotment notices of less than 15 acres, are permitted to seed 15 acres of wheat for harvest, but will be ineligible for wheat price support, under existing regulations.

A producer must stay within the allotment to be eligible for price support.

If a producer exceeds his allotment or 15 acres, whichever is greater, he will be subject to penalty on each bushel of excess wheat produced. Producers should keep in mind that if more than 15 acres of wheat is harvested, the penalty is determined from the allotment instead of the 15 acres permitted. For example, if a producer has an allotment of 3 acres and harvests 16 acres of wheat, the penalty would be 13 acres times the established normal production of wheat for the farm.

Producers are urged to check the notices received to determine the number of acres of farmland included in the notice before seeding wheat and if there are any questions, call at the office, and we will be glad to explain the acreage as listed.

Growers who voted in the wheat marketing quota referendum approved marketing quotas for the 1963 crop of wheat.

With marketing quotas in effect for the 1963 wheat crop, a farmer who complies with his 1963 wheat allotment will be able to market all the wheat he produces without penalty and be eligible for price support at a national average of \$1.82.

## WOOL-PROMOTION REFERENDUM:

Ballots for voting on the wool-promotion referendum have been mailed to all known wool and lamb producers. Instructions for voting are listed on the ballot and the enclosure.

Ballots must be returned to the county office during the period September 10 through 21. An envelope addressed to the county office is enclosed with each ballot. Voting may be in person or by mail.

Growers eligible to vote are all those who have owned sheep or lambs, 6 months of age or older, for any one period of at least 30 days since January 1, 1962.

The vote will determine whether or not deductions will continue to be made from producer payments under the wool payment program. These deductions finance a program of advertising, promotion, and related activities to enlarge or improve the market for wool and lambs. The promotion program is carried out under an agreement between the secretary of agriculture and the American sheep producers council (a producer organization) as authorized by the national wool act.

A similar agreement has been in effect since the 1955 marketing year, following approval by growers voting in referendum 1955 and 1959. To be extended for the four more years for which the act was extended in 1961, the September referendum must show approval by producers having at least two-thirds of the volume of production represented by the total vote.

(Ballots will not be counted unless the number of head of sheep or lambs are entered in the applicable block on the application.) Deductions will not exceed one cent per pound from shorn wool payments and five cents per hundredweight from unshorn lamb payments, the same as for previous years.

All eligible wool growers are urged to vote in the referendum.

## 1962 WHEAT STABILIZATION PROGRAM:

Farmers who are participating in the 1962 wheat stabilization program will receive notices to sign an application for payment at an early date. We suggest that participants watch the mail for their notice. There is nothing to sign until after the notices are mailed.

## 1962 FEED GRAIN PROGRAM:

The initial field work and office measuring has been completed for farms which were signed up under the 1962 feed grain program. Field work is continuing for those farms on which participants have made a deposit for checking or adjustments.

Notices will be mailed to participants as soon as applications for payment are completed in the office.

Participants are again warned that diverted acreage shall not be pastured nor a crop removed until after December 31, 1962. Weeds must be controlled.

## 1962 AGRICULTURAL CONSERVATION PROGRAM:

Adams county allocation for the AC program was \$64,279. Approximately \$20,500 was allocated to 65 farmers who had not received any previous cost-sharing assistance. The remainder of the allocation was approved for farms on which cost-sharing assistance had not been approved for the past three years. The entire allocation has been utilized.

The majority of practices approved have been under the purchase order plan as per the farmers' choice.

## SECRETARY FREEMAN STATES:

"Safety on the highway is the driver's job" and offers the following highway safety watchwords: 1. Safety check your car.

2. Plan your trip. 3. Safety check yourself. 4. Stay alert. 5. Obey the speed laws. 6. Use judgment. 7. Make courtesy a habit. 8. Exercise self control. 9. Communicate. (let the other drivers know what you are to do-give hand signals.) 10. Be imaginative. (think what you would do if you were driving the other car.)

The secretary also states, "I guarantee that if each of us concentrates on these 10 watchwords, we will soon make a change in the present intolerable situation, where it's at least 50 per cent more dangerous to drive a car than to ride an airliner, where almost five million people are injured each year."

## SOVIETS TO VISIT THE UNITED STATES:

The Soviet minister of agriculture and four other ranking Soviet agricultural experts are scheduled to visit the United States in September. They will be here for a month's tour of American farm lands in the west and midwest. They plan to confer with officials of the United States department of agriculture and the agricultural colleges on education, information methods and techniques in the field of agriculture. They will be observing how scientific agricultural methods are utilized by U. S. family farms to produce constantly increasing abundance of agricultural products.

## REGIONAL LAND AND PEOPLE CONFERENCES:

Secretary Freeman will hold a series of five regional "land and people conferences," stressing rural areas development and conservation. The conference for this region will be held September 17 and 18 at St. Louis, Mo., in the Ambassador-Kingsway Hotel. The theme of the conference will be to "strengthen and revitalize rural America." A major objective of the conference will be to broaden the public realization of the inter-dependence of rural and urban people, to emphasize the stake that city people have in the welfare of our rural land resources, and to call attention to the people and institutions that provide our nation so bountifully with food and fibre," says the secretary.

Farmers, businessmen, educators, and civic and government leaders are urged to attend this regional meeting, since the success of the conference depends in a large measure on wide participation by local leaders who can make a substantial contribution by their attendance and participation in this most worthwhile conference.

We hope some of Adams county leaders will be in attendance at this conference. More information is available at the county office.

## 20 Years Ago Today

Sept. 7, 1942 was Labor Day and no paper was published.

Modern Etiquette  
By Roberta Lee

Q. Is it expected that a bride put her wedding gifts on display?

A. This is less seen now, but it is still in good taste to exhibit them. Cards are removed from the gifts displayed, and gifts of like value are grouped together. Checks are recorded on propped-up cards reading, "Check, \$50," with the donor's name omitted.

Q. I've been asked to do the pouring as an afternoon tea. Am I also supposed to put in the sugar, cream, or lemon?

A. This is not generally done anymore. The person pours the tea, hands the cup to the guest, who helps himself to sugar, cream, or lemon.

Q. I've been taking golf lessons and I'm wondering if it's proper for me to tip the club pro after each of these sessions?

A. No; this is not customary nor expected.
