\$100 Million For Prizes This Year

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI) — All right, so money doesn't grow on trees. But one talk with Stanley N. Arnold and you come away convinced the cash pickings are pretty good elsewhere. Just enter a contest in 1963 to get rich quickly and pay off '62's bills.

Arnold, a business consultant who has devised some of the most fabulous contests, companies have run in recent years, estimated that this year Americans will win close to \$100 million by entering one or more of 5,000 contests.

It's estimated that 20 million people enter at least one contest each year—some ambitious "pros" enter as many as 3,000. More women than men enter. Why? "Because," said Arnold in an interview, "women are the buyers, that's for sure. They have the time. And they have the imagination."

"Show a man an empty apartment and that's all he sees. Show a woman an empty apartment and she starts mentally furnishing it immediately."

Native Of Cleveland
Arnold, 47, is a native of Cleveland, Ohio, where he and his father founded and ran a supermarket chain (Pick-N-Pay) which now has more than 40 stores.

He moved to New York in the spring of 1951 because he thought the city offered new fields for him to conquer. He held top jobs with New York advertising agencies until May, 1958, when he set up his own firm to create ideas for business. Today, the firm is consultant to 15 blue chip accounts ranging from Esso Standard Oil to Columbia Pictures.

For one company, he once staged a "Share of America" contest in which the winner got a share of every stock listed on the New York Stock Exchange. He once gave away a treasure island as a prize. And for another company, the winners got cars—from Rolls Royces right down to the compacts," Arnold said.

Winners in another contest won a Scottie puppy, an English bulldog and a French poodle. "Now, a puppy isn't such a big prize," said Arnold, "but the winners had to go to Scotland for the Scottie, to London for the bulldog, to Paris for the poodle. All expenses paid for two weeks of course."

Prizes Getting Bigger
To Arnold, a fabulous contest "gives people excitement . . . you have to have excitement in merchandising and promotion."

The type of prize a company offers depends on what it hopes to accomplish, but Arnold said one thing is certain—prizes are getting bigger every year. The time was when a week's trip to New York was a highly regarded prize. Now, it's \$500 a month for life or a month-long vacation in Europe.

"One day," said Arnold, "it won't be funny when we're offering a trip to the moon."

We asked Arnold for some suggestions for those planning to get into the contest razzle-dazzle. He advised:

Enter more than one slogan, jingle or limerick ending in the same contest. Enter more than one contest for the more the entries the better your mathematical chances. Try to shape your thinking to that of the judge who

is going to decide the winning answer in 25 words or less on "Why I like Mrs. Milton's fudge pie."

20 Years Ago Today

Jan. 2, 1943 — Adams county war bond buyers purchased more than \$625,000 in bonds during the nine-month period beginning last May, exceeding the county's quota by approximately \$100,000.

The Central Sugar company's mill will run to at least Jan. 15. H. W. McMillen, president, said today: To date, the mill has processed 131,000 tons of beets, producing approximately 32,000,000 pounds of sugar.

Decatur's fire loss during 1942 totaled \$76,320, according to the annual report by Ed Hurst, who retired Jan. 1 as fire chief.

The U. S. Navy has announced that U. S. bombers inflicted heavy damage when they caught the Japs napping at Wake Island on Christmas Eve.

The Russian army is smashing forward on seven key fronts against Nazi forces.

Modern Etiquette

Q. Is it proper to ask the guest-of-honor at our dinner table to say grace before the meal?

A. Only if your guest is a clergyman. Otherwise grace should be spoken by the host, or in his absence, by the hostess.
