Editors Pick Yanks To Take Pennant

BOSTON (UPI) — The Academy of Sports Editors have picked the New York Yankees to win the American League pennant by a wide margin.

The editors gave the Yankees a score of 93 per cent as compared to 6 per cent for the Detroit Tigers, their closest competitor in the poll.

Detroit Pulls Even In Hockey Playoffs

By United Press International
The advantage of home ice is being exploited again in the National Hockey League playoffs.

The Detroit Red Wings pulled even with the Chicago Black Hawks in the fourth game of their best-of-seven semifinal series Tuesday night by skating to a 4-1 victory at Detroit. It was the Wings' second straight triumph on their home ice after they dropped the first two at Chicago.

The Montreal Canadiens also regressed their best form before the home folks — and just in time. They finally beat the Toronto Maple Leafs, 3-1, thus ruining the defending champs' bid for a four-game sweep.

Gordie Howe again scored a key goal in the Red Wings' triumph. He tallied during a power play early in the second period to give Detroit a 2-0 lead. Bobby Hull, playing with a broken nose, scored later in the session for Chicago but goalie Terry Sawchuk held the Hawks scoreless the rest of the way.

Andre Pronovost and Floyd Smith tacked on Detroit's third and fourth goals. However, it was Howe's shot that proved to be the winner. Gordie now has four goals in four playoff games.

It looked like curtains for the Canadiens when Ron Stewart's shot put Toronto ahead, 1-0, in the opening period. Montreal, though, streaked ahead, 2-1, on second period goals by Henri Richard and Gilles Tremblay.

Tremblay scored again in the final session as 14,094 fans at the Montreal Forum roared their approval.

Both series resume Thursday night. Montreal visits Toronto and Chicago entertains Detroit.

Los Angeles Lakers Rally For Victory

By United Press International
But for Jerry West, Cliff Hagan of the Hawks would be the toast of St. Louis today.

After sitting out the first period of the second game of the Los Angeles Lakers-St. Louis Hawks playoffs Tuesday night, Hagan scored 34 points in 26 minutes of playing time and appeared to be giving the Hawks the needed push to even the series at one game apiece.

But the Lakers overcame a 98-92 Hawk lead and tied it at 98-99 with 19 seconds left in the game. With four seconds remaining West stole the ball from Hagan and scored the winning basket — a 25-footer — in the last second.

The third game of the best-of-seven series to determine the Western Division playoff champion of the National Basketball Association will be played in St. Louis Thursday night. The fourth game will also be in St. Louis Saturday night. A fifth game, if necessary, would take the clubs back to the Los Angeles Sports Arena.

In the Eastern Division playoffs, Cincinnati, leading two games to one, hosts the Boston Celtics in a must game for the visitors, who have won the last four NBA final playoffs.

Wilma Rudolph In Friendship Games

WASHINGTON (UPI) — The State Department announced Tuesday that Wilma Rudolph, 23-year-old Olympic track star from Clarksville, Tenn., will attend the African Friendship Games in Senegal in mid-April under the U. S. government's sponsorship. She will serve in an advisory capacity.

Propose \$100 Month Pension To Veterans

WASHINGTON (UPI) — Sen. Vance Hartke, D-Ind., and Rep. Winfield K. Denton, D-Ind., have introduced identical measures proposing a \$100-a-month pension for World War I veterans, regardless of need or the individual's wartime service.

Hartke told a news conference veterans of World War I were slighted on benefits compared to those of World War II.

A similar bill sponsored by Denton last year died when Congress adjourned. Both Republican and Democratic administrations have opposed the measure.

On other subjects, Hartke:

— Criticized the recent report on foreign aid, prepared by a special presidential committee. Hartke did not agree with the conclusion that the "mother countries" should provide most of the help given the new African nations.

— Joined Sen. Birch E. Bayh Jr. D-Ind., in pressing development of Wabash River navigation as a "must." Both will attend a public meeting at Terre Haute April 8 when army engineers will explore that subject.

Mets Showing Best Average During Spring

By FRED DOWN
UPI Sports Writer

CASEY STENGEL can't say whether it's a miracle or a mirage, but he and his New York Mets are in first place.

That's right, the hapless, helpless, hopeless Mets, who lost a record 120 games in 1962, are first in the National League Grapefruit League standings today. They've compiled a 14-9 record for a .609 percentage — a half game better than the Houston Colts and 6½ games better than the league champion San Francisco Giants.

To make another comparison, the Mets' 14-9 mark is practically the opposite of the lordly world champion New York Yankees, who have only a 10-14 slate to show for their efforts this spring.

Ernie Broglio, the St. Louis Cardinals' opening-day pitcher, limited the Mets to two hits and two runs in seven innings Tuesday but the Mets exploded like the 1927 Yankees in the eighth inning. They poured over five runs and then threw up a defense like the 1931 Athletics in the last two innings to preserve a 7-6 victory that stretched their winning streak to three games.

However, Larson pointed out boxing needs an up-to-date safety code.

The foundation's main purpose is to advance the sport of boxing, Hindman said.

"Our youth should not grow up to become flabby Americans," he said. "They should be taught the many art of self defense."

"Politicians would do well to support the foundation's work and they should have the confidence in the capable, qualified and dedicated commission members."

Hindman said appointment of qualified men in supervisory positions in the field of boxing will do more toward putting sport into boxing and do more for the game than all the politician's news releases that demand the sport be legislated out of existence.

Russian Moon Probe Whizzes Through Space

MOSCOW (UPI) — The Soviet Union's fourth unmanned moon probe whizzed through space toward its destination today and was reported functioning normally after covering more than half the 200,000-mile journey.

The official Soviet Tass news agency said the Lunik-4 space probe had traveled 134,215 miles in the first 24 hours of its planned 3½-day flight to the "vicinity" of the moon.

But Soviet scientists shed no light on speculation that the 1½-ton space vehicle might make a moon landing.

Two-run homers by Willie Mays and Felipe Alou carried the Giants to a 6-3 decision over the Cleveland Indians. A two-run homer by Fred Whitfield and a double by Walter Bond were the big blows for the Indians.

Ernie Fazio homered and Rusty Staub had a key double to lead the Houston Colts to a 9-5 victory over the Los Angeles Angels.

Don Notebart and Hal Woodshick held the Angels to seven hits. Bob Turley, former Yankee ace attempting a comeback, was bombed for five runs in three innings.

A's Beat Tigers

The official Soviet Tass news agency said the Lunik-4 space probe had traveled 134,215 miles in the first 24 hours of its planned 3½-day flight to the "vicinity" of the moon.

The scientists, some of whom made open predictions Tuesday that the moon will be the first space body visited by man, were more cautious in their outlook today. They said the moon holds many mysteries which must be solved before interplanetary flights can be attempted by man.

Yuri Gagarin, the first man to go into space, hailed the Lunik 4 as "another big victory" for the Soviet Union in its race with the United States to put the first man on the moon.

Tass quoted him as saying that the latest probe is "blazing a trail to the moon for cosmonauts." He also said he believed there will be more flights of automatic space stations and animals before man undertakes a trip to the moon. But he said the important thing is that man does not have too long to wait.

The Soviet military newspaper Red Star warned the West today of the power of an "orbital bomb" that uses the same basic principle as the launching of the latest moonshot.

The Defense Ministry organ, in publicizing the military implications of the space shot, accused the West of using space for military and spying purposes.

Tass aid Lunik 4, which was launched Tuesday and is expected to reach its target late Friday or early Saturday, is relaying radio telemetric information showing that all systems are working normally.

Attacks On Boxing Politically-Inspired

HAGERSTOWN, Ind. (UPI) — Arch Hindman, executive secretary of the World Boxing Association, said Monday "legislating boxing out of existence solves nothing" despite political charges to the contrary.

He said the attacks on the sport as a result of Davey Moore's death were politically-inspired and that the "most capable and most dedicated" men were engaged in supervising what "may well be the only truly international sport."

In a prepared statement, Hindman said politicians' criticism of boxing is a reflection on athletic commissions.

"The attack on the sport by men in the political field can only cause commission members to lose face and faith in their assigned duties," said Hindman.
