

Sheets Furniture

You want to be sure before you buy... so there are many things you want to know about furniture.

Answers to your Questions...

Isn't decorating consultant service expensive?

Not at Sheets Furniture! In fact, we offer special correlated room and home ensembles that are pre-planned by our own interior decorators.

Should I buy everything at once, including accessories?

It's a good idea. Even with a standard style like Colonial, there may be slight changes from year to year, and you may be unable to find a perfect match later.

How can I know what style will be best for my home?

Your own personality and taste should determine that. Provincial is generally formal. Colonial and Modern are more casual. Trust our judgment for styling that will endure.

I like modern... but will it look 'dated' in a few years?

Not if it's well designed. The elements of good taste remain unchanging. You can trust us to recognize and avoid 'fads' for you.

Can I find furniture to fit extra big or small rooms?

Certainly. Manufacturers design case pieces in a number of sizes to fit all rooms. 'Stack' units may be grouped to achieve any size.

How can I know the furniture I buy is the best quality?

Test case pieces by opening the drawers. If they're well constructed, they glide easily. Test upholstered pieces by sitting in them. You can tell the difference in their comfort.

Is there a saving in buying everything at once?

Definitely... each of our correlated groups can be purchased for considerably less than the normal total of all the individual pieces.

How can I afford to spend so much all at one time?

When you buy quality furniture, you are not spending money, you are investing in years of comfort and service. Further, Sheets Furniture offers convenient terms to suit your budget.

• Choose one of these beautiful correlated groups now! There's a fine style for every taste... terms for every budget!
