Slip them into the bags, twist the open end to close, and the bag will keep the odor and taste away from other food.

## Party Girl Is First Witness In Vice Trial

**United Press International**  
LONDON (UPI) — Party girl Christine Keeler testified in court today she had sexual relations with resigned British War Minister John Profumo and that he paid her money "for my mother."

Miss Keeler, 21, a central figure in the Profumo scandal that has rocked the British government, was the first witness called by the prosecution in the vice trial of Dr. Stephen Ward, 50, a society oisipath and artist.

One of the eight counts charged against Ward said Miss Keeler was intimate with a "number of men for pay and gave half the money to Ward."

The red-haired party girl also said she had sexual intercourse "on one occasion" with former Soviet assistant naval attache Eugene Ivanov.

It had been reported that Miss Keeler carried on simultaneous affair with Profumo and Ivanov. This had led to charges by the opposition Labor party that the ruling Conservative party was lax in leaving the way open for security risks because of Profumo's involvement.

Testifying about gifts she received from men Christine said, "One of the men who gave me presents did give me some money but not for myself."

"It was for my mother," she said. "Which man?" asked the prosecutor.

"Mr. Profumo," replied Christine. Christine testified that Ward, who is charged with living off the earnings of prostitutes, told her he handed the landlord of a flat she occupied a check from Lord Astor.

Lord Astor is one of Britain's wealthiest men and owner of Cliveden, the estate where Christine met Profumo and where Ward had a cottage.

Miss Keeler said "There was no ulterior motive behind the check that was handed to the landlord."

The party girl testified she had intercourse with Profumo and Ivanov in Ward's flat. She said Profumo gave her presents as well as money. But, she said, "I did not ever consider myself a call girl or prostitute."

It was Ward who introduced Miss Keeler to both Profumo and Ivanov.

Q. When should a bride-elect place her order for the invitations and announcements?

A. At least two months before the date of her wedding. Engraving takes time, and the invitations should be mailed out about a month ahead. It's a wise idea to procure the envelopes at the time you place the order, so there will be no delay in addressing them.

Q. When in a crowded restaurant, and a stranger wants to sit in a chair at your table and asks, "Do you mind," what should your response be?

A. The best answer, of course is, "Not at all."

Q. What appears on the business card of one who represents a firm, but has no official title — as for example, a salesman?

A. The card is the same as for the official, with the obvious exception that there is no title in the left-hand corner.

Q. When other guests begin lighting cigarettes after a meal in someone's home, and there is no ashtray near you, is it all right to use one of the used dishes on the table in front of you?

A. Definitely not! Don't light your cigarette until you have asked your hostess if you may have an ashtray.

Q. Is the bridegroom supposed to pay for the beverages served at the wedding reception?

A. No; all expenses of the reception are defrayed by the bride's family.

#### Tarnished Silverware

To remove tarnish from silverware which has no oxidized patterns or cemented on handles, cover the bottom of a large enameled pan with aluminum foil, and add a teaspoon of baking soda for every quart of water. Heat the water to boiling, then immerse the silver so it touches the foil. Rinse with clear, hot water, and dry with a soft cloth.
