BIG CROWD watches at Zoss Chevrolet as a huge public drawing was held for the use of a 1964 Chevrolet 'til Sept. 1, 1964; it was won by Robert Kiess, of 1010 Marshall street. The use of a 1964 Admiral color TV for six months was won by Joseph Call, of 1128 Jackson. A waterless cookware set was won by Florian Keller, 222 N. 13th street. Fifty gallons of gas went to Mrs. Leon McClain, of route one, Monroe, and six oil changes to Evelyn H. Hough, of 1116 Master Drive. The crowd occupied the entire inside of the building and this much outside. Nothing had to be purchased to put your name in the drawing. Several were called who were not present to win.—(Photo by Anspaugh)

VALACHI

(Continued from Page 1)

New York branch of Cosa Nostra in the early 1930s. He also described in lurid detail his own secret initiation into the crime clan.

At one point during his recital of the initiation ceremony, he told the listening senators and the silent crowd in the ornately paneled hearing room:

"Senators, I need to go no further than what I'm doing — exposing this to you, the press, everybody — this is my doom!"

Subcommittee aides said today Valachi would push ahead with his story of the struggle for control of Cosa Nostra. This includes accounts of the murder April 20, 1931 of Giuseppe Masseria by a rival faction headed by Salvatore Maranzano, and the subsequent doublecross and rub-out of Maranzano by killers hired by the late vice lord, Charles (Lucky) Luciano, and Vito Genovese, said by Valachi to be "the boss of all bosses" in Cosa Nostra today.

To Unveil Charts

Senate investigators planned to unveil a set of prepared charts to aid Valachi in giving an up-to-date reading of who's who in Cosa Nostra's New York set-up. Valachi will draw on first-hand knowledge up to 1959, when he was arrested. After that date he has information acquired in federal prison as a cell-mate to Genovese.

Although much of Valachi's testimony Tuesday dealt with crimes of more than 30 years ago, some of the cases still are in the New York Police Department's "active" files. Prosecutors in the greater New York area were reported by subcommittee aides to be "very much interested" in his disclosures.

PAT NELSON

(Continued from Page One)

This is expected to be done within the next two weeks, and the pension board will make Nelson's appointment effective either October 15, or retroactive to October 1. Nelson's appointment will then go to the city council for its approval.

Follow Policy

The board of works followed the policy it established last year by moving Nelson from the desk into uniform. The policy set last year was that any new man would be put on the desk in charge of the radio operation, and then be first in line when there was an opening in the uniformed ranks.

This was set last year when Tom Hoffman was hired as a civilian operator and then moved up to patrolman when there was an opening. Nelson was then hired to replace Hoffman on the desk.

The police department is now screening applicants for a replacement for Nelson as civilian radio operator, who will be appointed soon by the board of works. The new man will then have first opportunity when there is another opening among the patrolmen.

Anyone wishing to apply for the position is asked to contact Grover Odle, acting chief in the absence of Borders, at the police department.

The board of works feels that by putting a new man at the desk it will provide ample experience for him toward the day he becomes a patrolman.

In the case of Nelson, he has worked one year on the desk, learning various procedures of the police department.

Decatur High Grad

The new officer is a 1958 graduate of Decatur high school and attended Ball State Teachers Col-

lege. He has been discharged from the U. S. Air Force, and is married to the former Gloria Jean Wall. The Nelsons reside at 1122 Master Drive.

He is the son of Katharyne and the late Nathan Nelson, of 217 S. Seventh St., and has two brothers, Bob, a stockbroker in Sarasota, Fla., and Jim, a junior at Ball State.

Nelson is studying electronics through correspondence, and ex-

pects to use his knowledge in police department work, such as installing an intercom system in the department's new building, which is presently under construction.

No News Parley By Kennedy This Week

WASHINGTON (UPI) — President Kennedy will not hold a news conference this week.

Khrushchev Tells Of Harvest Failure

MOSCOW (UPI) — Premier Nikita S. Khrushchev frankly told the nation Tuesday about the extent of this year's harvest failure, but assured his citizens they will have enough bread this winter if they do not waste it.

"On the condition that we economize on bread, we will have enough to normally supply the population," he said in a Sept. 26 speech published for the first time Tuesday in Izvestia, the government newspaper.

"If we spend bread thriftily," he added, "the available re-

sources will be sufficient for the normal supply of the population." Some speculation that this meant Khrushchev was turning down further grain deals with the West, including a \$380 million purchase from the United States, was rejected by authoritative sources here.

In disclosing for the first time publicly that the Soviet Union had purchased millions of tons of grain from Canada and Australia, Khrushchev apparently was seeking to reassure the population.

Despite the drought and cold weather that caused the poor harvest, there have been no shortages of bread here, although flour sales have been cut off the farmers have been warned not to feed bread to livestock.

Chicago Produce

CHICAGO (UPI)—Produce: Live poultry: Barred rock fryers 21; special fed white rock fryers 18-19; roasters 23-24. Cheese: processed loaf 39½-44; brick 39½-43½; Swiss Grade A 50-55; B 49-53. MORE TEMPTING THAN EVER!

The 1964 Cadillac is more tempting than ever to look at! It has a clean, low sweep to its lines... greater refinement in all of its body contours... and a dramatically new, divided grille.

It's more tempting than ever to ride in! There's greater smoothness and quietness. The interiors are luxurious as never before. And an exclusive new Comfort Control* enables you to pre-set interior temperature while automatically controlling humidity.

And Cadillac for 1964 is more tempting than ever to drive! It has a new high-performance engine—the most powerful in Cadillac history. Cadillac's Hydra-Matic Drive has been

*An extra-cost option combining heating and air conditioning.

remarkably improved in smoothness and responsiveness—and a new version, the Turbo Hydra-Matic, is standard equipment on some models. Both assure a truly amazing agility in traffic and a new over-all standard of automotive performance on the highway.

The final temptation? That's the extraordinary value that's built into each of the eleven new Cadillac models.
