John S. Sheets

John Samuel Sheets, LI-SN, a member of the United States Navy is presently in the United States, after arriving Sept. 4 from a six months cruise in the Mediterranean.

Sheets came aboard the U. S. S. Enterprise, which he writes is the largest aircraft afloat in the world, in Cannes, France, on July 18 of this year, starting his two years active duty.

He works in the ship print shop, where he is an artist and has drawn numerous items and articles for the Enterprise. He also prints the ship newspaper, entitled the "Big E," operates the press, Multitype offset press, camera, engraver and other devices.

One of his main duties is engraving name tags and door tags for officers of the Enterprise.

**Second Cruise**  
The recent six-months cruise took him to Spain, Greece, France, Italy, and Morocco. The Enterprise will return to the same area for a six months cruise in February of next year.

The ship is currently stationed at Fleet Landings Naval Base, Norfolk, Va.

The Enterprise has over 5,000 men and can travel around the world a number of times without refueling, according to a recent letter from Sheets which was written to his father, Everett Sheets of Decatur.

## New Benefit Plan: SINGLE MEMBERSHIP \$10.70 FAMILY \$19.30 (MONTHLY)

### BLUE CROSS WILL PROVIDE:

**HOSPITAL SERVICES**—For in-patients for 30 days, plus half of the cost for an additional 30 days during each Certificate Year as follows:

**ROOM AND BOARD**—Up to \$16 per day during the full benefit period and up to \$8 per day during the 50% period.

**ANCILLARY, PROFESSIONAL SERVICES**—Operating room, delivery room, anesthesia when given by a hospital employee, drugs, dressings, supplies, plaster casts, oxygen therapy, administration of blood and blood plasma, x-ray examinations, laboratory service, pathological services, electrocardiograms, basal metabolism tests, and physical therapy.

**OUT-PATIENT SERVICES**—Payment for above services in accident cases when provided within 72 hours of accident. Also hospital expenses for out-patient surgery (except oral surgery) physical therapy and removal of casts after hospitalization.

**HOME CARE**—When a member has received benefits under this Certificate as a bed patient, and is discharged from a hospital and the attending physician prescribes additional care and treatment in connection with the condition for which he was hospitalized, Blue Cross will provide

payment of the reasonable charges for the use of the following:

Nursing service of a visiting nurse when available through a Contracting Visiting Nurse Association; surgical and orthopedic appliances; hospital bed including orthopedic and traction equipment; drugs which can be purchased only on a physician's prescription to the extent of 80% of the reasonable charges, after the member or dependent has expended the sum of \$10 for such drugs.

Benefits commence on the day of discharge from the hospital and continue for a period of time equal to four times the number of "unused days of full benefits" which are available. For example, if you were hospitalized for ten days, you would have 20 days left that Certificate Year, which, multiplied by four, would give you 80 days of home care. Half days cannot be used for Home Care.

pital by a practicing physician other than the operating surgeon or his assistant, paid as follows: \$10 for surgical allowances up to \$50, and 20% of surgical allowances over \$50.

**IN-HOSPITAL MEDICAL CARE**—After at least 18 consecutive hours as a bed patient in a hospital, provides allowances for medical service in hospitals, not connected with preparation for or after care of surgical or obstetrical cases of up to \$10 for the first day, \$3 per day for the next 29 days and \$1.50 per day for the next 30 days on which a physician makes one or more calls not to exceed 60 days per Certificate year. Also provides for x-ray service in a physician's office for possible fractures and dislocations, up to \$15 per Certificate year.
