Cleaning Upholstery
Hard-finish upholstered furniture pieces are not difficult to clean at home. After beating and brushing the dust out of a chair, mix up pure castile soap in lukewarm water and scrub the chair with a brush. Take one workable area at a time, and remove the suds with a rough cloth dipped in clear water to which a little powdered alum has been added. Don't try to clean one portion without doing the rest, though, or the two portions won't match.

County Beverage Board In Session

The alcoholic beverage board met this afternoon to consider the license for the Berne American Legion post. No decision was released by press time. Also meeting was a workman's compensation hearing by the state industrial board for Joseph Solvanna, of Berne. Both were scheduled for the auditor's office.

County auditor Ed Jaberg reported that another meeting had been "scheduled," but that it turned out to be a mixup. Saturday a hearing man from Bremen, 100 miles north of here drove in, and asked if a scheduled hearing could get underway on a tax appeal that was scheduled for Monday. Jaberg stated he knew of no such case. A check of the records showed that the hearing was to be at Greensburg, in Decatur county, not Decatur in Adams county, and the man was charged to find he had wasted his Saturday in a drive to Decatur.
