### Paint-Roller Cleaning

Here's a method that will considerably speed up the job of cleaning a paint roller. First dip the roller into thinner or brush cleaner, then roll it over a piece of heavy-gauge wire-mesh screening laid over the paint tray.

## Cargill, Inc. Reveals Wheat Sale To Reds

MINNEAPOLIS (UPI)—Cargill, Inc., announced Thursday the sale of 26.1 million bushels of wheat to the Soviet Union, the second major grain sale since American companies were given permission last October to deal with the Russians.

The Minneapolis-based firm said the cash sale, valued at more than \$53 million at current farm prices, calls for 500,000 tons of winter wheat and 200,000 tons of durum wheat.

The 700,000-ton sale, ended more than one month of negotiations, which were held up lately by a shortage of American flag ships to transfer half of the amount, as required by the agreement.

Cargill, which earlier sold 200,000 tons of wheat to Hungary, said the winter wheat would be shipped from the firm's ports at Port Arthur, Tex., and Baton Rouge, La., this month and in March.

Half of the durum wheat, to be purchased from government stocks, will be shipped in May from Atlantic ports and the rest from Duluth, Minn.

The firm said government subsidies of 64 cents a bushel will be paid on the winter wheat, and 84 cents a bushel on the durum shipped to Duluth and 73 cents a bushel on the durum going to Atlantic ports.

The subsidy makes up the difference between the U.S. domestic price per bushel and the lower world price.

Most of the winter wheat will come from Kansas, with lesser amounts from Texas, Oklahoma and Nebraska. The durum variety, mainly used in macaroni and noodle making but suitable for mixing with bread-type grains, is grown principally in

### Driver Is Arrested Following Accident

A resident of near Decatur was arrested following a two-car accident at the intersection of U. S. 224 and state road 101 Thursday afternoon. Samuel Collins Cottrell, 77-year-old resident of route 3, Decatur, was charged with failure to yield the right of way following the 2:20 p.m. mishap.

Cottrell was northbound on 101 and pulled onto 224 into the path of a westbound vehicle operated by Jason Lee Moser, 47, of Wren, O. Moser was unable to stop his auto in time, and it crashed into the right rear of the Cottrell car. Cottrell's wife, Nellie, 68, suffered a back injury which was believed to be just a sprain. Deputy sheriff Warren Kneuss, who investigated, estimated damages at \$550 to the Moser car and \$275 to the Cottrell auto.

### Adult Farmers Class Meets Monday Night

The adult farmer's class will hold a meeting at the Adams Central school Monday at 7:30 p.m. The subject for the evening will be certified seeds and production. On the panel will be Mr. Isch and Mr. Balyis, certified seed producers. Farmers of the community are invited to attend this meeting. Refreshments will be served at the close of the evening.

### North Dakota and Montana.

Cargill spokesmen said the price and quantity of wheat was agreed upon in Moscow Saturday, but that other details were not complete until Thursday. It included provisions which are normally not found in American export agreements, including Cargill paying for fumigation of the grain if necessary when it reaches Russia.

The other major grain sale to Russia was made by Continental Grain Co., New York, five weeks ago. It was for 37 million bushels of wheat.
