## Demand Probe Into Granting Bank Charter

WASHINGTON (UPI)—A Republican congressman today demanded an investigation into charges that "political influence of the highest degree" surrounded the granting of a federal charter to a bank in which Bobby Baker was an original subscriber.

Rep. Oliver P. Bolton, R-Ohio, formally requested the House Banking and Currency Committee to investigate the granting of the charter in 1962 to the District of Columbia National Bank here.

Baker, along with many other prominent people in Washington, subscribed for stock in the bank before the charter was granted. It was the First National Bank chartered in the nation's capital in 29 years.

Among the stockholders on the original listing were Sen. John J. Sparkman, D-Ala., second-ranking Democrat on the Senate Banking Committee; the wife of Rep. Abraham Multer, D-N.Y., a member of the House Banking Committee; and four Alabama congressmen.

Bolton demanded the investigation during a press conference.

The Ohio congressman said he was not convinced that the nearly five month old investigation into Baker's affairs by the Senate Rules Committee was searching enough to provide the background for meaningful legislation—at least in certain areas.

To clean zinc, rub carefully with kerosene, then polish with newspapers. The combination of kerosene and printer's ink is usually an effective stain-remover.

## School Girl Hurt When Hit By Bullet

SOUTHPORT, Ind. (UPI)—Debra Eaton, 11, was wounded in the thigh during lunch recess at Southport Elementary School Wednesday by a shot authorities said was fired aimlessly out a window by a bored boy.

The girl was taken to St. Francis Hospital at Beech Grove in fair condition. The rifle bullet passed through the flesh without hitting a bone, doctors said.

Marion County sheriff's deputies searching the neighborhood for the source of the mystery shot found a rifle with a four-power telescopic sight in a gun rack at a nearby house.

A 14-year-old junior high school boy who said he stayed home from school because he didn't feel well admitted firing a shot out the window but insisted he had no intention of hitting anyone.

Charges were filed under the delinquency act against the boy and he was scheduled to appear in Juvenile Court today.

Authorities said shots had been fired through windows of the school about a month ago at a time when classes were not in session.

## Enjoins Rail Unions From Calling Strike

REDWOOD, Calif. (UPI)—A San Mateo County Superior Court judge handed down a nine-day injunction Wednesday night against five railway operating unions to restrain them from calling a strike against Southern Pacific Railroad—despite persistent denials that a

strike was obtained by striking SP.

The order was filed on the general chairman of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, the Order of Railroad Conductors and Brakemen, the Brotherhood of Railway Trainmen and the Switchmen's Union of North America.

Local officers of the union were not immediately available for comment, but at Cleveland, Ohio, a spokesman for the Brotherhood of Railway Trainmen denied that any strike deadline had been set.

He said the unions simply asked that Southern Pacific reply to union demands by 12:01 a.m. local time today but did not say a strike would be called if no answer were received.

Another Cleveland spokesman, representing the Brotherhood of Locomotive Firemen and Enginemen, said "We have not discussed a strike, and we have not issued any authority for a strike."

The Labor Department backed up the denials of the unions.

## Expect High Court To Review Battle

INDIANAPOLIS (UPI)—The Indiana Supreme Court is expected to review informally the Indiana Senate reapportionment battle which has State Sen. Kenneth Reagin, D-Croy, at loggerheads with the Indiana Election Board.

Reagin and attorney Donald Fasig conferred Wednesday with Governor Welsh, chairman of the Election Board, after learning that the board apparently planned to go directly to the Supreme Court in an effort to block Clay Circuit Judge Robert Stewart from hearing a suit which Reagin filed against the board.

Reagin is seeking to overturn a ruling by the board which has the effect of preventing him from running for re-election until 1966. The board held that Reagin's district should be represented by holdover Sen. Dewey Annakin, D-Terre Haute, although Annakin does not live in the district.

Annakin was elected to a four-year term in 1962 but his district was abolished by a reapportionment plan passed by the 1963 Legislature and vetoed by Welsh. The Supreme Court revived the plan last month by ruling that Welsh had waited too long to veto it.

Reagin and Fasig learned that James E. Noland, the other Democratic member of the Election Board, had written a letter authorizing Indiana Atty. Gen. Edwin K. Steers to seek a mandate from the Supreme Court against Stewart.

Fasig said Wednesday he and Stewart expected to sit in on an informal conference with the high court next Monday.

## Police Break Up Race Melee At Truck Stop

By United Press International

Police stepped in Wednesday night to break up a rock-throwing melee at a white-only truck stop in Atlanta—the target of previous demonstrations by Negroes.

Authorities estimated that a crowd of about 300 Negroes swarmed around Daniel's Truck Stop, located in the heart of the Negro section of town. Eighteen were arrested and jailed on charges of disorderly conduct.

One policeman was bruised when he was struck on the knee by a flying bottle.

It was the third night of demonstrations at the lunch counter which serves Negro customers through a small window in the rear of the building and the first to result in violence.

Henry Daniel, operator of the truck stop, said the rock-throwing came after some 25 Negroes entered the establishment. He said he told them to leave and they went outside and began marching in the street and singing "freedom songs."

A crowd of other Negroes began gathering and rocks started flying with both whites and Negroes exchanging volleys.

Police moved in and arrested demonstrators who attempted to block patrol cars and four others who had re-entered the truck stop and refused to leave.

Elsewhere:

Athens, Ga.: Two Negro policemen arrested 22 demonstrators Wednesday night at a restaurant patronized primarily by University of Georgia students.

Police said the group sat down in front of a counter when they were refused service.

Frankfort, Ky.: One of 31 civil rights demonstrators staging a sit-in hunger strike in the gallery of the Kentucky House of Representatives lost consciousness Wednesday and was taken to a hospital. Gov. Edward T. Breathitt made an appeal to the state Senate leadership to get a civil rights bill out of committee and onto the floor, the cause of the hunger strike.

Jackson, Miss.: A legislator Wednesday criticized a faculty group at the University of Mississippi for actions during the 1962 integration crises. State Sen. W.M. Jones was especially critical of reports that faculty patrols were set up at night to look for student troublemakers.

Also Jackson: Former Gov. Ross Barnett said Alabama Gov. George Wallace is "fighting our battles" against civil rights and urged Mississippians to lend financial support. Barnett sent a personal check to Wallace to help in his political campaign.

Cleveland, Ohio: A chapter of the National Association for the Advancement of Colored People picketed the Cleveland Plain Dealer Wednesday and called for a two-week boycott of the newspaper because of an editorial the paper carried. The editorial criticized the NAACP for threatening demonstrations against banks the group feels does not give home loans to Negroes.

Reagin and attorney Donald Fasig conferred Wednesday with Governor Welsh, chairman of the Election Board, after learning that the board apparently planned to go directly to the Supreme Court in an effort to block Clay Circuit Judge Robert Stewart from hearing a suit which Reagin filed against the board.

The Democrats who voted for the sales tax program did so because otherwise there was not going to be any tax program," Kizer said. "I suppose if it came to the place of saving the state or not voting for the sales tax, I would have voted for it, too."

## Farmers Of Indiana To Plant More Corn

WASHINGTON (UPI)—In contrast to the national estimate, Indiana farmers are expected to plant 2 per cent more acreage in corn this year than they did in 1963.

The Agriculture Department Wednesday estimated the Indiana corn acreage for 1964 at 4,880,000 acres compared with 4,793,000 acres last year. The national estimate forecast a drop of 1.7 per cent from 1963.

Among the 10 top corn producing states, Illinois, Ohio and Michigan also had higher estimates while South Dakota and Wisconsin were unchanged and Iowa, Nebraska, Missouri and Minnesota were down.

The department said the estimates were designed to assist growers generally in making such further changes in their acreage plans as may be desirable.

It said acreage actually planted may be larger or smaller than estimated because of weather conditions, price changes, labor supply, financial conditions, the agricultural program and the effect of the current report itself on farmers' actions.

The Crop Reporting Board said that with average yields the national acreage of 68,867,000 acres would produce about 4,055,000,000 bushels of corn for grain compared with last year's record 4,081,395,000 bushels.

## Kizer Urges Voters Reelect Democrats

By United Press International

State Sen. Marshall F. Kizer of Plymouth today urged Indiana voters to forgive the Democrats in the 1963 Legislature who voted for the sales tax and reelect them this year.

Kizer said at a news conference featuring political activity among 14 candidates for governor that "I for one am ready to defend every Democrat who served in the last legislature and in the present administration."

He said he has failed to find in his campaign travels any party officials "who will state publicly that Governor Welsh and the 68 Democrats in the legislature should be purged from our party just because we upheld the principles of the party and did what we could to stop the ridiculous Republican tax mess that we now find ourselves in."

Kizer criticized without naming names, those Democrats who said he had been "giving lip service to this nonsense" about cold-shouldering legislators who supported the sales tax bill and helped enact it into law last spring.

Lynda Bird Johnson 20 Years Old Today

WASHINGTON (UPI)—It's Lynda Bird Johnson's 20th birthday today, but it appears the President's eldest daughter will be too busy for any but the simplest of family celebrations.

Lynda, a sophomore at George Washington University, has two examinations, in government and English literature, on Friday. Mrs. Elizabeth Carpenter, the First Lady's press secretary, said Lynda and her White House roommate Warrie Lynn Smith of San Antonio, Tex., were spending most of their time cramming for the exams.
