

Adams County Farmers' Corner

Hi Neighbors!

The Adams county board of supervisors held their regular monthly meeting Monday evening in the soil conservation office. All supervisors, Harry Galloway of Purdue University; Ernest Lesluk, county agent; Jerry Setser, work unit conservationist and Charlotte Lindahl, part-time clerk, attended the meeting.

Final plans were made for the Indiana harvest field day to be held October 6, on the Paul Kohne-Krick-Tyndall farm. At 8:30 a.m. there will be a corn harvest. Tours will be conducted at 10 a.m. and 2 p.m. through the test plots. Harry Galloway explained there would be specialists from Purdue wearing identifying badges to conduct the tours and to answer questions. Many more have been scheduled and they will be published in the next few weeks.

The board approved and signed a memorandum of understanding with the Indiana department of Conservation at this meeting.

Hugh David Mosser and Chester Isch, supervisors; Jerry Setser, and joint state representative for Adams and Wells Counties, Earl Johnson; attended an area II supervisors legislative dinner meeting in Albion September 17.

New district co-operators approved at the meeting were: David Fuelling, Root; Frederick Schaad, Blue Creek; Kedwin Graber, Monroe; R. Bryce Christy, Hartford.

Actress Mae West Reported Improved

HOLLYWOOD (UPI)—Actress Mae West, 72, was reported "improved" today in Cedars of Lebanon Hospital, where she has been undergoing treatment since last Thursday after suffering a nervous collapse.

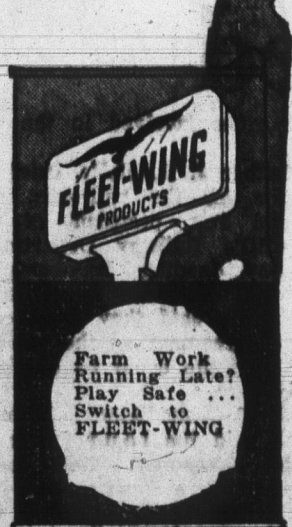

Attendees said Miss West was expected to remain in the hospital at least a few more days. Her condition was described as satisfactory.

"Okay, You Set The Price"

Something new is happening at Dierke's Implement Store in Decatur, Ind. Local farmers are being invited to set their own price on the new Brady 4-Row Chopper. The farmer merely fills out a card stating "what he would like to pay" for the Chopper, and puts the card in a padlocked box at Dierke's Implement Store. The box will be opened at 2:00 p.m., Wednesday, October 6, 1964. The farmer setting the highest price has the right to purchase the new Brady 4-Row Chopper on display, at the price he sets.

Complete details regarding this unique program can be obtained from Dierke's Implement Store Advertisement.

Purple Pennings

All 4-H members who had exhibits at the Indiana state fair should plan to claim them in the county extension office.

PROGRAM COMMITTEE

The Home Demonstration program committee will have a meeting September 28. All members are asked to attend the meeting and to bring poems and sayings for the 1965 program book.

ALL DAY COUNCIL MEETING

Mrs. John Layse and Mrs. John Barger have planned an interesting day for the Adams county Home Demonstration club presidents. The area to be toured is Bluffton. It was thought that the presidents who live in the same neighborhood could arrange their own car pools and that all club presidents would meet at Coppess Corners at 8:45 a. m. October 1. The details of the trip will be given to you at that time. Lunch will be \$1.75 a plate.

REPORT FROM

W. I. S. E. DAY

The Wells county Home Demonstration members and Mrs. E. Ross Adair should be congratulated for planning such an interesting program last Wednesday, September 15. The "international" who gave the program told about items of interest to women about their countries.

The countries represented were South Africa, Germany, Finland, Indonesia and the Philippines. Three of the women wore costumes of their country. I was pleased to see so many Adams county women in the audience.

PAST PRESIDENTS' BANQUET: Mrs. Bert Haley, chairman of the banquet, wants to remind all Home Demonstration past presidents that their reservations for the past presidents' banquet and the \$1.50 should be mailed to Mrs. Ervin Stucky, 237 Washington street, Monroe, before Oct. 5.

The past presidents' banquet is being held at the Wesley Hall Methodist church in Geneva, Thursday, October 8 at 6:30 p.m. The committee also wishes the names of any deceased club members in the past year as they plan to hold a memorial service.

ONE DAY TRIP:

Reservations are now being taken in the County Extension office for the One Day Trip which will take place on Oct. 7. The final date to make or cancel reservations is Sept. 30. The Adams county Home Demonstration club women will take a one-day trip to Indianapolis Oct. 7. Some of the places which we hope to visit are: President Benjamin Harrison's home, the new city-county building, Soldiers' and Sailors Monument, Riley's home, Herron Art Institute and Glendale shopping center, where the evening meal may be had.

The cost of the transportation and insurance is \$4.50 and everyone will be responsible for paying for their own meals. Buses will leave Decatur at 6 a. m. and Berne at 6:30 a. m. We should be back in the county by 9:30 or 10 p. m.

Names will be accepted for reservations only when the payment is included. Those who wish to eat their lunch in the Ayres tearoom where a style show will be conducted, should make reservations for lunch at the same time they make reservations for the trip. Members of our group eating in the tearoom will need to be there at 11 a. m., because reservations after 11:15 are not honored. There are two other places in the store where lunch may be purchased—the tray room which is on the same floor as the tearoom, and the Colonial room, which is a cafeteria in the downstairs store.

The final date for reservations will be Sept. 30 and after that date all people who have made reservations are responsible for their tickets. That is, if they are unable to participate in the trip and we do not have names on the stand-by list, that person is responsible for finding someone to take their place on the bus or else paying for the ticket. The reason for this firm rule is that we are responsible for the reservations once they are made and the county home demonstration organizations would lose too much money if some made reservations and did not take the trip. The reservations may be made in the county extension office.

County Agent's Corner

Hedges can provide both beauty and privacy for your yard. They can be used for boundaries, especially in the back yard, or they can be used to divide areas within your yard, such as the patio and vegetable garden.

Two of the best types of hedges are Amor privet and Japanese barberry. Both are fast growing and inexpensive. Another is Winged enonymous or Buringbush. Its leaves are bright green in the summer and a striking rose-pink in the fall. Hicks yew and Canadian hemlock are good to stay green in winter, but there are many others that may serve your needs.

Fall is the best time to plant. You will find it best to space most hedge plants 1½ to 3 feet apart in single rows. Dig a trench and add three parts topsoil and one part peat moss. Mix in two to three pounds of 12-12-12 fertilizer for every 100 feet of hedge. Next, set the plants in the trench at the same level they grew before, add the soil and settle plants with water. Do not tramp the soil with your feet.

Efficient Harvest

The efficient soybean harvest hinges on keeping shatter losses from the cutterbar and reel to a minimum. Maintenance and adjustment, plus skilled operation of the combine, will cut these losses. Reel adjustments include keeping the reel center line from six to twelve inches in front of the cutterbar and regulating the height of the reel bats so they penetrate into the standing crop a minimum distance while still maintaining control of the crop feeding over the cutterbar. The operator should keep the forward speed of the combine down so the reel bat travels about one and a quarter times faster than ground speed.

A major consideration in reducing cutterbar losses is keeping the cutterbar above the ground and maintain a pre-set height may increase grain yield by five per cent on rough terrain and in dense weed growth. These devices permit a higher ground

Modern Etiquette

By Roberta Lee

Q. How should a person introduce his half-brother and half-sister?

A. If he wishes to be in best taste, he will introduce them simply as "My brother" and "My sister."

Q. Am I supposed to write a thank-you note to the wife of my husband's employer who recently entertained us at a dinner party our home as repayment?

A. The thank-you note is not necessary, but certainly it is not improper. Nor is it necessary for you to extend them an invitation to your home — unless they continue to invite you to their home and you become good friends — then you might return their hospitality.

Q. My wife and my widowed mother have the same name — Mrs. Stephen L. Leigh. How can they be distinguished socially and in their correspondence?

A. Your mother should have "Sr." after her name.

Q. I have just received an invitation to a shower on a girl whom I scarcely know. Am I really obligated to attend or to send a gift?

A. You are obligated neither to attend nor to send a gift. The person who issued your invitation failed to take into consideration the fact that showers are only for CLOSE and INTIMATE friends of the bride.

Q. Must a bride's father stand in the receiving line at her wedding reception?

A. This is optional. The father may "receive," if he wishes, or mingle with the guests.

Q. What difference, if any, is there between the wording of a church wedding invitation and a house wedding invitation?

A. The only difference is that in the house wedding a home address takes the place of the name of the church and, since space is usually at a premium, "R.s.v.p." is usually added.

Q. How does one properly reach for a slice of bread at the dinner table, with the hand or with the fork?

A. By all means, use your fingers, being careful to touch only the slice you are taking. Never, never use your fork to spear bread or any other morsel from a common serving dish.

Q. When refilling the water glasses on the dinner table, should they be lifted or left on the table while pouring the water?

A. Left on the table.

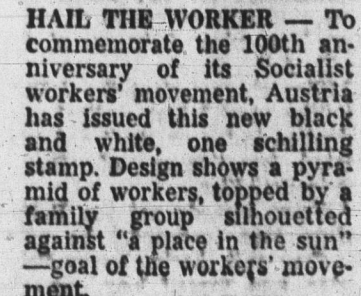

Q. Is it considered in good taste to mix jewelry — for instance, to wear gold earrings and a pearl necklace?

A. This is quite all right. Not everyone can hope to have all her jewelry matching.

Biscuit Baking

When baking biscuits, butter-milk is a good substitute for sweet milk.

HAIL THE WORKER — To commemorate the 100th anniversary of its Socialist workers' movement, Austria has issued this new black and white, one schilling stamp. Design shows a pyramid of workers, topped by a family group silhouetted against "a place in the sun" — goal of the workers' movement.

Production Records By Area Holsteins

BRATTLEBORO, Vt.—New, officially recognized milk and butterfat records by registered Holstein cows in this area were underscored in a special report from the Holstein-Friesian Association of America.

Vicinity cows included in the report are:
Air View Franlo Segis 4955501, a six-year-old, produced 19,320 lbs. of milk and 752 lbs. of butterfat in 305 days; Air View Valdesa Segis 3869147, a nine-year-old, had 17,240 lbs. of milk and 618 lbs. of butterfat in 305 days; Air View Kenarn Shanghigh 4882997, a four-year-old had 16,770 lbs. of milk and 656 lbs. of butterfat in 305 days. All are owned by Benjamin F. and Lydia Gerke, Decatur.

Meadow Pond Ideal Weeone 4773968, a four-year-old, produced 22,733 lbs. of milk and 776 lbs. of butterfat in 365 days; Meadow Pond Ideal Hengerveld 4773987, a four-year-old, had 18,246 lbs. of milk and 604 lbs. of butterfat in 336 days. Both are owned by Rolandes Liechty, Berne.

Lone Creek Leader Flossy 5385-540, a two-year-old owned by Benjamin D. Mazelin, Berne, produced 15,010 lbs. of milk and 569 lbs. of butterfat in 305 days.

Meadow Pond Jonabell Inka 4404638, a seven-year-old, produced 19,782 lbs. of milk and 706 lbs. of butterfat in 363 days; Merryfield Model Jennifer 4770234, a four-year-old, had 15,507 lbs. of milk and 540 lbs. of butterfat in 307 days. Both are owned by Chris Stahly, Geneva.

Silver Rock Fobes Echo 4322404, a six-year-old, produced 15,240 lbs. of milk and 601 lbs. of butterfat in 301 days; Medsker Miss Elsie Vrouka 5248066, a three-year-old, had 14,000 lbs. of milk and 512 lbs. of butterfat in 390 days. Both are owned by Harry Wulliman & Son, Berne.

These new production figures may be compared to the estimated annual output of 7,500 lbs. of milk and 275 lbs. of butterfat by the average U. S. dairy cow, notes the national Holstein association.

Purdue University supervised the sampling, weighing and testing operations in cooperation with the Holstein organization's herd and breed improvement programs.

Nothing Missing In Break-in At Station

Nothing could be found missing at the Downtown Texaco service station, Jackson and Second streets, after an early morning break-in.

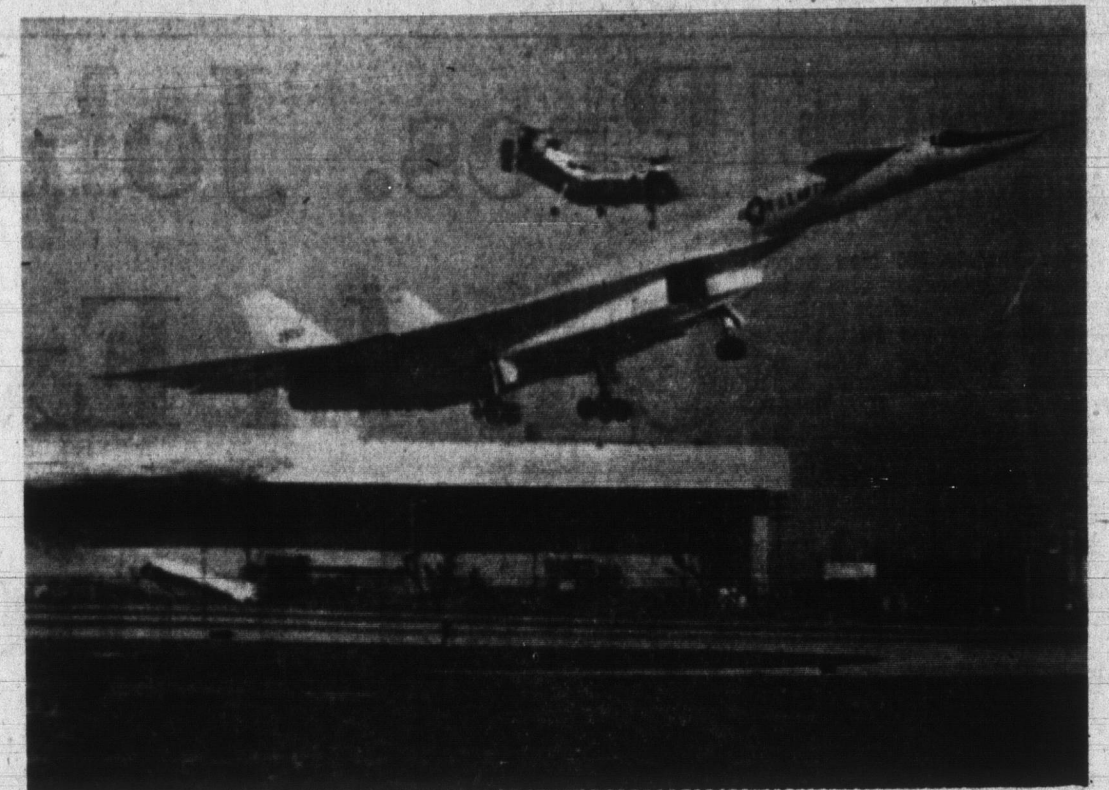

Jerry Geimer, of 811 Winchester St., telephoned city police at 3:24 a.m. today and said he had seen two subjects entering the station. An officer was immediately dispatched to the scene, but no one was in the station when the officer arrived.

Entry has been gained to the building by breaking a window glass to reach in and unlock the front door. Owner-operator Bob Workinger was called and said he could not discover anything missing.

To Attend Sessions Of Cancer Meeting

Mrs. Harry Knapp, Mrs. Robert Krueckeberg, Mrs. Doyle Collier and Jack Gordon, all members of the Adams county unit of the American Cancer society, will attend Thursday's sessions of the annual meeting of the American Cancer society's Indiana division at Indianapolis.

The annual banquet Thursday evening will feature the keynote address by Murray M. Copeland, M.D., association director, M. D. Anderson hospital and tumor institute, Houston, Tex. and president-elect of the American Cancer society. Judge Ralph H. Johnson, Terre Haute, will address a "crusade awards" luncheon Thursday. A.C.S. county units and individuals will be honored for "outstanding service in the 1964 educational and fund-raising crusade."

PALMDALE, CALIF.—The North America's XB-70 is off the ground and flying as it makes its maiden flight here Monday. It flew from Palmdale Airport to Edwards Air Force base.—(UPI Telephoto)

HUSH, HUSH, A SUBSTITUTION—After eight weeks of delay and some \$500,000 in costs, illness forced Joan Crawford to retire from her role in "Hush . . . Hush, Sweet Charlotte," in which she costarred with Bette Davis. Olivia DeHavilland was called in to take over the Crawford role. Here are Olivia, left, and Bette with the floral tributes they sent each other on the first day shooting resumed.

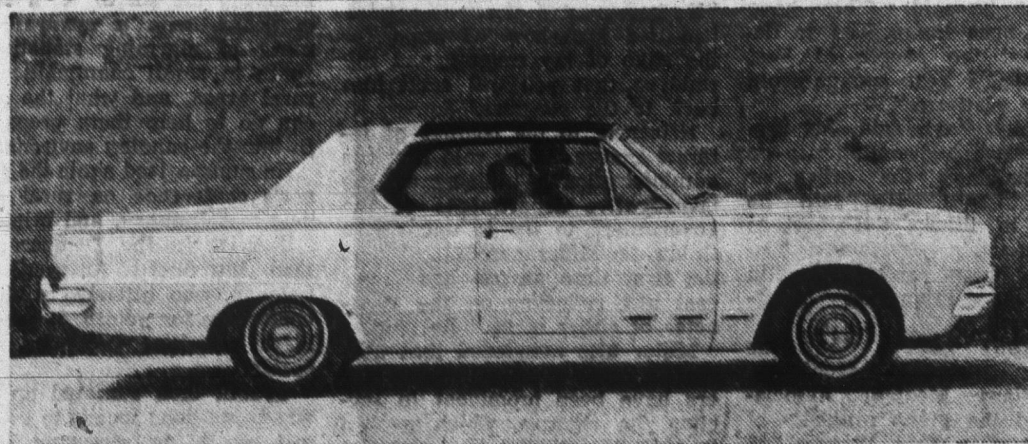

SOLE STAR—Republican presidential nominee Sen. Barry Goldwater plays the star—and only—role as he sits in a Los Angeles commercial television studio to record taped television spots for his campaign.

Ballistics Missile Roars Toward Target

VANDENBURG AFB, Calif. (UPI)—An Atlas intercontinental ballistic missile roared from its launch pad today toward a pre-selected target down the Pacific missile range.

The launch, said to be a routine firing by a Strategic Air Command missile crew, was successful according to preliminary data, and the huge ICBM was on target.

NEW DODGE DART—Dodge's sporty two-door Dart GT hardtop for 1965 features an optional black or white vinyl covering for the roof which gives it a landau effect. The GT hardtop is one of 20 six- and eight-cylinder models offered in the '65 line of family-size Dart compacts. The new Dart goes on sale at Dodge dealerships Sept. 25.
