Arson Blamed For Fires At Muncie

MUNCIE, Ind. (UPI) — Fire which authorities said was set deliberately destroyed two lumber storage sheds early today and damaged a third.

Delaware County Sheriff Harry Howard said his investigation "indicated the fire was deliberately set." He said an empty two-gallon can was found in the middle of the debris.

Firemen battle the flames for nearly seven hours. Two other storage buildings of the Consumer Lumber Co., Inc., just northeast of the city along Indiana 67, were saved.

Howard said evidence showed there were three separate fires. An employee reported he saw a flare burning during the night, shortly before the fire broke out.

John Hartmeyer, president of the lumber firm, estimated the damage at "less than \$100,000."

Crippled Girl's Attack Story False

TORRANCE, Calif. (UPI) — Police today planned to ask additional questions of a 15-year-old cerebral palsy victim who assertedly slashed herself with a razor and blamed classmates for the attack.

Officers said Mrs. Sandra Little of Torrance, sister-in-law of the girl, Margaret Mary Little, also of Torrance, told them Tuesday night that the girl had made up the story.

Juvenile authorities were reported to have questioned the girl about this and police said she would be asked more questions today.

No apparent reason has been given for the girl's action and no further information on the case was expected until tonight, police said.

School officials Tuesday announced that a school nurse would drive the girl to class
