ELEMENT IN POLITICS.

Good Government Seekers Issue a Call For a Mass Meeting.

SUPPORT OF MEN, NOT PARTY

Several Indianapolis Hurl In the Vandalia Wreck—Tenth Congressional Convention In Logansport—One Farmer Suicides, Another Killed by a Train—General News of the State.

INDIANAPOLIS, Aug. 22.—The combined young people's societies of the various churches have for a few days been circulating a call for a mass meeting in this city at an early date. Back of the movement is the sentiment created by the Woolley meetings early in the summer for good government, and the purpose of the call is for a meeting of those who prefer to vote for good men rather than adhere to the support of party tickets. It is not the plan to nominate candidates for office, but to discuss the merits of those already named as they stand in relation to the saloon element and other immoralities. The movement is being quietly pushed and the men at the head of it say they do not yet know what the extent of it will be. They hope for great results.

Third Attempt to Nominate a Candidate.

LOGANSPORT, Ind., Aug. 22.—Prominent Republicans of the Tenth district, with delegates and visitors, give the city a lively appearance today, the occasion being the third attempt to nominate a candidate for congress. It is in this district that the Landis and Johnson factions stirred up great rivalry in the two prior conventions, resulting in the nomination of each by separate meetings, but each having since withdrawn another selection is necessary. The candidates most prominently mentioned are Captain Swigart of Logansport, Judge Spangler of Winamac and Anson Walcott of Walcottville.

Casualties In the Vandalia Wreck.

INDIANAPOLIS, Aug. 22.—Particulars of the ditching of the New York express on the Vandalia line Tuesday night near Pocahontas, Ill., give the casualties as follows: Engineer Menifee, Fireman Dickerson and W. S. Boyd of Richmond, Ind., a postal clerk, are badly but not fatally injured. Menifee's injuries are chiefly to his back. Dickerson had a bolt thrust into his hip and is cut about the head. Postal Clerk Boyd is badly bruised about the shoulders and back. Mail Clerks McCune, Otto Schoen, E. E. Jones and C. F. Adams, all of Indianapolis, were slightly injured. None of the passengers were hurt.

Preacher Howard on Trial.

INDIANAPOLIS, Aug. 22.—Rev. G. S. V. Howard is on trial before the judiciary conference of the Methodist church in session here. He is accused of immoral conduct, and the hearing is an appeal from the Elkhart conference, from which he was dismissed.

Fatal Accident.

WABASH, Ind., Aug. 22.—Top Marks and W. S. Pence yesterday ran a traction engine against a natural gas pipe, breaking the latter. The gas became ignited and exploded and both men were perhaps fatally burned.

Robert J. and Joe Patchen Matched.

INDIANAPOLIS, Aug. 22.—Indianapolis has secured the match between Robert J. and Joe Patchen, and it will be one of the principal events of the race meeting here the first week of next month.

Played With Matches.

BEDFORD, Ind., Aug. 22.—The 4-year-old son of August Schultz was burned to death by his clothes catching fire from matches with which he and other children were playing.

Asleep on the Track.

GREENFIELD, Ind., Aug. 22.—Edward Grimes of Richmond went to sleep on crossties of the Pan Handle track last night and was killed by a freight train.

Assaulted and Robbed.

JEFFERSONVILLE, Ind., Aug. 22.—David Strabler was assaulted by "cirious hobos," beaten until unconscious and robbed of \$200. His assailants escaped.

Farmer Killed by a Train.

BRAZIL, Ind., Aug. 22.—Samuel King, a farmer near Ames, was instantly killed by a southbound local freight on the Chicago and Eastern Illinois railway.

Young Man Drowned.

JEFFERSONVILLE, Ind., Aug. 22.—William Stoll, 21 years old, of this city, was drowned yesterday in the Tennessee river near Gilbertsville, Ky.

INDIANA NOTES.

Recorder Thomas Harrington of Delaware county is crippled for life by a fall which dislocated his kneecap.

John Macone of Vincennes was struck by a train and terribly injured and his two horses killed while attempting to cross the track.

The sanitarium at Spencer is now owned and operated by Dr. E. V. Green. It is not involved in the litigation instituted by George W. Moore of Indianapolis against the old company.

W. W. Shoaff, a pioneer of Allen county, was thrown against a wire fence in a runaway accident near his home at Huntington, and laid unconscious for 15 hours. He was hurt internally.

Charles Cowman, Big Four brakeman, while switching at Terre Haute, was alarmed by the cries of Alexander Skarkus of Fontaine, who attempted to climb between the cars and was caught by the bumpers. Cowman signaled the engineer to release Skarkus, and while recoupling the cars was himself caught and dragged to his death. His home was at Lafayette.

WARNER AS OBJECTOR.

New York Congressman Sidetracks the Anarchy Deportation Bill.

STRONG EFFORT TO PASS IT.

Purpose and Effect of the Proposed Measure—Senator Voorhees Able to Leave His Room For the First Time In Four Weeks—Mexico Brought to Time—Other News of the Capital.

WASHINGTON, Aug. 22.—Strenuous efforts are being made to pass the bill for the deportation of alien anarchists before congress adjourns. Secretary Carlisle and Commissioner of Immigration Stump are very desirous of having this law as a protection against the 500 anarchists recently expelled from foreign countries and now en route here. The treasury officials have the co-operation of Speaker Crisp and the house managers, but thus far it has been impossible to steer the bill past the objections of Representative Warner of New York and others, who in the absence of a quorum have prevented the passage of the senate bill. When Mr. Warner's objection sidetracked the bill yesterday efforts were made to get consent by telegraph from Mr. Reed for a special rule bringing the bill to a vote. If this is obtained the speaker and Mr. Catchings will frame the rule.

Source of Objection.

Mr. Warner is not the only member ready to object to the bill. Representative Goldzier of Chicago says the measure is ill-considered and that it makes no provision for designating who are anarchists and who are subject to summary deportation without trial. Mr. Goldzier yesterday sent to the secretary of the treasury an inquiry asking what construction would be put on the term "alien anarchist," as used in said bill.

Representative Warner says he will renew his objection whenever the attempt to pass the bill may be made. His objections are that it places the indictment, trial and sentence of citizens in the hands of administrative officers and on information alone. Under it, he asserts, the harmless man who gave voice to anarchistic vapors would be seized, while the really dangerous and murderous characters would not be apprehended.

Argument For the Measure.

A strong report favoring the bill was made by the house committee on judiciary. The report says:

"It is admitted on all hands that the question is one of very great importance and that legislation on the subject is called for by every consideration of public safety. The committee is advised that, owing to the severe legislation recently adopted by France and Italy, a great many dangerous anarchists are making their way to the United States, and as under existing laws they cannot be denied admission to our territory the United States will soon be the rendezvous of these human monsters unless the proposed legislation is speedily adopted. Our committee is of the opinion that the United States is fully justified in using all its powers to prevent immigration and settlement in this country of men who repudiate all law, all government and practically proclaim themselves the enemies of mankind. The peculiar method which they have adopted of impressing the public by the justice of their views by detestable assassinations and wanton destruction of property will not commend them to the favorable consideration of any one in this country."

Definition of Anarchy.

The report takes up the various objections made to the proposed measure and disposes of each of them. Concerning the objection that the bill is faulty in not defining anarchy, the report says: "As the meaning of the word is defined as 'absence of government; the state of society where there is no law or supreme power; a state of lawlessness; political confusion,' and its meaning well known, it is considered unnecessary to encumber the act with a special definition."

The committee also points out the folly of trial by jury and argues that there is full constitutional power for the enactment of the law.

VOORHEES AT THE CAPITOL.

Indiana Senator Out of His Room For the First Time In Four Weeks.

WASHINGTON, Aug. 22.—Senator Voorhees was in his committee room at the capitol yesterday for two hours, for the first time in four weeks. He is still weak on account of his recent illness, but is cheerful and says he is improving. He expressed confidence that the president would act on the tariff bill soon after his return and permit congress to adjourn. He said, however, he had no information as to the president's intentions.

Mexico Brought to Terms.

WASHINGTON, Aug. 22.—A celebrated case, which has occupied a good part of the attention of the state department for seven years and has figured in congress in years gone by, has just come to a successful termination, and the Mexican government has placed with the state department, to the credit of Mrs. Leon McLeod Baldwin, the sum of \$20,000 as indemnity for the assassination of her husband, who, while making a tour of Mexican mines owned by Americans, was murdered by bandits. For seven years the government denied liability. The claim was originally for \$100,000.

No Power to Collect Contributions.

WASHINGTON, Aug. 22.—Formal request has been made by officers of the National Negro Democratic league of Senator Faulkner, chairman of the Democratic organization committee, for the abolishment of the Afro-American bureau of organization. Senator Faulkner says in answer that very good and sufficient reasons must be produced before the bureau will be abolished, but that it has no power to collect contributions.

Wilson May Go to Europe.

WASHINGTON, Aug. 22.—Chairman Wilson will probably take a trip to Europe soon after congress adjourns. He

has invitations to take a trip up the lakes and another to cross the ocean, and he inclines to the latter, as it gives greater prospect of recuperating his health. He wants to be back before September closes to begin his campaign in West Virginia. His health, however, will not permit a vigorous stumping tour.

Postmaster Chosen.

WASHINGTON, Aug. 22.—B. R. Barnhart has been appointed postmaster at Lawrence, Marion county, Ind.

ALTGELD'S PROCLAMATION.

Call For Aid In Behalf of Suffering Pullmanites—Some Correspondence.

CHICAGO, Aug. 22.—At the conclusion of a conference yesterday afternoon with a committee from Pullman strikers Governor Altgeld said: "I can do little myself, and if anything considerable were to be done the money would have to come out of the government's financial resources. I might convene the legislature for the purpose of making an appropriation or I might make an appeal to the people of the state. I think we have gone to the bottom of things now and can proceed intelligently, and it remains to be seen what can be done."

Last night the governor issued a proclamation to the people of the state, and especially those of Chicago, reciting the destitution of 6,000 people and calling upon humane and charitable citizens to contribute what they can toward relief. He also calls upon the county commissioners to do what they can.

Correspondence between Governor Altgeld and George M. Pullman is also made public, which began by the former urging the company to make some concession of rent or furnish a partial day's work to the heads of destitute families. In a letter to Pullman the governor says he learned of utter dest
