NOTICE.

To Farmers, Breeders and Horsemen.

Before you make your selection for the seasons, call and see the black horse Enfield Boy, formerly Enfield Jim.

In regard to the road horse sex you will find as fine specie as has ever been shown in the county. He also has the best individuality. Such stock as his off-spring, will increase the value of horses, instead of the stock we have had here for the past 50 years. Mr. Jackson, the owner, has had 16 years of experience with such horses, both in shoeing and handling them and for information as to such horses, don't fail to see him.

Enfield Boy is by Enfield 129 and he by Hambletonian 10; the dam and grand-dam traced to American Star family. As far as equal to his for breeding it is hard to beat. To the interest of our county he promises to show the best road colts this fall on the new association track that has ever been shown from a sucking colt to a 2-year-old for speed, action and that which will please the eye there can be no better. Don't miss an opportunity of such a kind when you have a chance. He will forfeit the horse against \$100. one-tenth part of his value, that these statements will prove true. He finds that this horse has made a trial of 2:29 when a 4-year-old. He has never had a campaigning. Now look deeply in this matter as it is to our interest and great value. This horse will make the season at Romberg's Feed Yard.

TERMS—Ten dollars to insure a colt to stand and suck, but will not be responsible for any accident that may occur. Persons parting with mare before known to be with foal, forfeits the insurance. Remember, look to your interests. For information call on Mr. Frank A. Jackson, Decatur, Ind.

Marvelous Results.

From a letter written by Rev. J. Gunderson, of Diamond Lake, Mich., we are permitted to make this abstract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at River Junction she was brought with pneumonia succeeding lagriple. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory results." Trial bottles free at Blackburn & Miller's drug store. Regular size 50c and \$1.00.

TOOK PASSPORT MONEY

State Department Messenger Boy Suspected of the offense.

HE SPENT MONEY LAVISHLY.

Officials Had Been Greatly Mystified by Demands From Persons Who Had Not Received Replies to Communications. Lottery Company Cases Not Sent to Attorney General—The Bond Contract.

WASHINGTON, June 29.—For some time past the head of the passport bureau of the state department has been mystified by receiving demands from persons in various towns and cities for a prompt reply to their applications for passports or the return of the money which they had sent to the department. In each case investigation failed to show that any such applications had been received. It was apparent that stealing was going on somewhere, and after close watching suspicion settled upon a boy named Kirk McMurry, a messenger whose duty it was to get the mail from the mail clerks and carry it to the passport bureau. It was found that he had been indulging in lavish expenditure, taking other boys on excursions down the river and generally showing that he had much money to spend.

The amount of money lost is not yet known, but it is certain to run well up in the hundreds of dollars from the number of complaints that have been received, and it is said that one day, last Saturday, 18 letters, each enclosing a dollar for a passport, were abstracted from the mail. McMurry has been discharged.

THE BOND CONTRACT.

rumors that it has been modified are not credited.

WASHINGTON, June 29.—The treasury officials in the city still maintain perfect silence as to what, if any modifications, have been made in the bond contract, or what, if any, basis there is for the rumor that the syndicate will no longer use its influence to protect the government from gold withdrawals for export. The rumor, however, is given no credence here by persons having any knowledge of the situation. It is more than probable, it is said, that the syndicate has obtained permission from the secretary to make temporary deposits of domestic gold which is subsequently to be replaced by importations from London. The exact facts in the case, however, cannot be learned here.

LOTTERY COMPANY CASES.

They Will Not be Sent to the Attorney General.

WASHINGTON, June 29.—A number of alleged lottery companies which have been debarred the use of the mails by the postoffice authorities have recently caused to be circulated statements that their cases were to be appealed to the attorney general of the United States. The law officials of the postoffice department state that these appeals were still in the hands of Postmaster General Wilson, and that it was highly improbable that he would forward them to the attorney general, as similar cases had already been passed upon by the department of justice adversely to the appellant. One of the chief companies involved is the Pettis Bond Investment company of Sedalia, Mo. Others are scattered over the west.

Protests Against Davidson's Removal.

WASHINGTON, June 29.—A determined effort will be made to secure the restoration to office of Professor George Davidson. The news that he had been dropped from the roll created a commotion among federal officials, shippers, steamboat men, scientists and in many other circles wherever Professor Davidson has friends or acquaintances. Senators Perkins, White and Allison have telegraphed protests against his removal.

Oiley Takes an Outing.

WASHINGTON, June 29.—Secretary Olney expects to leave Washington today to be absent the greater part of the summer. State department officials expect a quiet time in foreign relations.

ARRESTED FOR ROBBERY.

Two Brothers Held for the Assault on Market Gardner Middleton.

DENVER, June 29.—Ex-Marshal C. A. Carpenter of Colfax and his brother, Oscar, a jeweler, killed a 16-year-old boy about 3 o'clock yesterday morning, who claims was a burglar. The body was identified as that of John F. Reeves, son of a rich planter of Chico, in Wise county. The dead boy and his 18-year-old brother, Tobe Reeves, were witnesses in the federal court against William Hause, charged with counterfeiting silver coin, and had been in Dallas several days.

Friends of the Reeves family declare that the boy was not a burglar, but that some conspiracy led him to where he was killed to get him out of the way as a witness. Reeves was found dead in the street 150 yards from Dickerson's show window. The Reeves family, it is claimed, will press investigation on the theory of conspiracy and foul play.

BIG TIMBER SUIT.

Lumber Men Charged With Denuding Territory Without Warrant.

ST. PAUL, June 29.—The United States in an action brought in the circuit court by Special Counsel John E. Stever, alleges that a number of the most prominent lumbermen of Minnesota have, without any warrant, been devastating the northern part of the state, denuding the territory of its timber and that they must pay the full market value of lumber to the amount of \$465, 74.34 and interest. The government has been working up the case for two and a half years.
