EXERCISES AT VALPARAISO.

Commencement of the Northern Indiana Normal School—Ex-Senator Ingalls and Governor Matthews Present—Unfortunate Family of Brothers—Novel Scheme to Prevent Graverobbing—State Notes.

VALPARAISO, Aug. 16.—This city was in holiday attire yesterday in honor of our Normal school. Last night the 22d annual commencement of the Northern Indiana Normal school was held here in the new college auditorium. Ex-Senator John J. Ingalls of Kansas, delivered the address and Governor Matthews conferred the degrees. Hundreds of visitors from all parts of Northern Indiana were in attendance, and many old students from other states came back to renew old associations. A reception to the distinguished guests was given at the residence of Hon. De Forest L. Skinner in the afternoon. Over 1,300 graduates will receive diplomas, more than 500 of them being prospective teachers.

WINDOWGLASS TRUST.

Arrangements Made for the Reorganization of Indiana Manufacturers.

ANDERSON, Aug. 16.—At a meeting of manufacturers here, supplementary to the Indianapolis meeting of Tuesday, the final arrangements were made for the reorganization of the Indiana windowglass trust, which was organized with the 12 leading companies two months ago. They, by this arrangement, reorganize, taking in every one of the plants in the state, which is practically all west of Pittsburgh. This makes the combination solid and able to control the market in the future. Such a movement is on east of Pittsburgh, and the two district markets are working in connection. There is no doubt about the result upon the windowglass industry, which has had the bottom knocked out for the past two years. The manufacturers will have headquarters at Muncie and will meet in that city next Tuesday to re-elect officers.

Unlucky Family of Brothers.

ELKHART, Aug. 16.—Mr. and Mrs. Charles Hitesman, an aged couple of this city, have been peculiarly unfortunate with their children. Twenty years ago their son John was accidentally burned to death. In 1889 William was killed in a runaway. A few months ago James, while returning from a dance, jumped from a train at a crossing and received injuries from which he died in a few hours. Some time later another son, George, was injured by the explosion of a rotator in a papermill and was confined to his bed for a year and left a cripple for life. Wednesday the other son, Al, fell 20 feet from a tree and will probably die.

Prominent Young Man Murdered.

VALPARAISO, Aug. 16.—Intense excitement over a murder prevails at Chesterton, a village north of here. Will Tratedas and Lon Powers, each 21 years old, became involved in a dispute yesterday and Powers used a revolver, shooting Tratedas twice, killing him instantly. Tratedas was a prominent young man, while Powers bears an ugly reputation. A large crowd gathered around the building where Powers was confined after the crime and threats of lynching were made.

Determined to Marry.

SALEM, Aug. 16.—William Holland and Nettie Tatlock, who eloped from here and were intercepted at Jeffersonville by a telegram from the father of the would-be bride, went to Jasper, and failing to secure a license there they continued their flight to Missouri. Holland sold his horse and buggy for \$275 for traveling money. The young couple are determined upon getting married even if, as Miss Tatlock says, they have to cross to California.

Accident to Miners.

BRAZIL, Aug. 16.—Josiah Wells, bank boss of the Harrison mine, was instantly killed yesterday while examining one of the rooms, by a heavy fall of slate. He was crushed beyond recognition.

Alphonso Navin and William Nichodomas were crushed by falling slate in the Nickel Plate mine, belonging to the Jackson Coal company. Both of the injured are thought to be fatally hurt. Navin is the oldest miner in Clay county.

Death of an Old Engineer.

LAPORTE, Aug. 16.—Edward Wilcox, one of the oldest engineers in the service of the Michigan Central railroad at Michigan City, died at that place from the infirmities of age. Wilcox was at the throttle of the engine that piloted the remains of Abraham Lincoln from Washington to Chicago. He was a warm personal friend of Lincoln, whom he had known from boyhood.

Twice Burned Within a Year.

FRANKLIN, Aug. 16.—Fire destroyed the elegant country home of Dr. F. T. Gillespy at Smith's Valley. Dr. Gillespy was absent from home at the time, being with a party of campers on White river. Less than a year ago the doctor's house was burned, and the one now destroyed was built to take its place. The loss will amount to about \$6,000.

To Keep Off the Robbers.

GREENWOOD, Aug. 16.—A novel scheme has been devised here to prevent graverobbing. Last winter several graves were robbed, among them being that of ex-Sheriff Curry. The body of Mrs. W. H. Bishop was buried not long ago in Greenwood cemetery, and in the grave with the body was placed a quantity of nitroglycerine.

Arrested For Stealing Horses.

ENGLISH, Aug. 16.—Frank Taylor and James Hughes were arrested at Dale, Warrick county, and brought to this city yesterday upon the charge of stealing horses at Tazewell last week.

INDIANAPOLIS, Aug. 17.—Yesterday was the big day at the races, and the best crowd of the week was in attendance. The heat was simply awful, the thermometer at 2 p. m. registering 98 in the signal service's cold storage vault, while on the street most all instruments honestly put it above 100. But 4,000 people braved the heat, and were well rewarded by seeing the best race of the week. Fido was the favorite in the 2:09 pace, and he had no trouble in winning, although in the second heat, Coastman, who had a bad start, being back several lengths when the word was given, pushed through the field and came in a close second, really making the mile in less time than the winner. But had there been any necessity for it, Fido could have apparently cut off a couple of seconds, as he won easily in straight heats, Coastman second, Cole-ridge third, Atlantic King fourth; time 2:08 1/4, 2:05 1/4, 2:05 1/4. The 2:45 pace for 2-year-olds was won by Ananias, May Queen and Asa S were tied for the place; time 2:33 1/4, 2:13 1/2. In the 2:16 trot Baron Wilkes took the first, third and fourth heats and the race. Roxane won the second heat, Ben B. third, Mand C. fourth; time 2:13 1/4, 2:12 1/4, 2:12 1/4.

FOUGHT TO A FINISH.

Fatal Duel With Knives Over an Old Feud Between Families.

BLOOMINGTON, Aug. 17.—At Stineville David Cutross and Charles Deck fought a duel with knives, the outgrowth of an old feud between families. Deck is dying and Cutross is in a dangerous condition. They fought until it was physically impossible for either to fight any longer.

End of the Assembly Meetings.

BROOKLYN, Aug. 17.—The missionary question is still under discussion at Bethany park. Yesterday afternoon an address was delivered by C. C. Smith of Akron, O., on "Negro Evangelization," which was followed by a paper on missionary topics by Miss Anna Doyen. At night J. A. Lord of Cincinnati made an address. Today is devoted to good citizenship, and Hon. S. E. Nicholson made the principal address. Tomorrow concludes the series of meetings of Bethany assembly, and the grounds will be turned over to General Harrison's old regiment, the Seventieth, for a two days' session, with a campfire Monday night. Mr. Harrison will probably be present.

Deliberately Cut His Throat.

SOUTH BEND, Aug. 17.—A quarrel occurred at a young people's picnic, a few miles north of here, between Henry Weiss, a respectable farmer, and Erastus Hamilton. A fight ensued in which the latter was worsted. In the evening Hamilton met Weiss on the street at Bachman, and when his back was turned grabbed him by the head and deliberately cut his throat from ear to ear with a razor. Hamilton has been captured and removed to Berrien Springs jail for safe keeping, as strong threats of lynching him have been made by friends of Weiss.

Attempted Murder and Suicide.

EVANSVILLE, Aug. 17.—Mrs. William Browning, living in Auburn, a suburb of this city, probably fatally shot her husband and then committed suicide. The woman had been married twice, Browning being her second husband. They were prominent and wealthy people. Unfounded jealousy is the alleged cause of the act.

Polluting the River.

COLUMBUS, Aug. 17.—The millrace here is being cleaned out, and it is filled with such an accumulation of refuse from the gas works, the tannery and other concerns which use it for a sewer that it is polluting the river below. Thousands of fish are dying, and it is said that Chicago river water is pure by comparison.

Shot at Dogs and Killed His Wife.

LEBANON, Aug. 17.—Charles Kiser has been kept awake by dogs that come into his yard. Thursday night, Mrs. Kiser, hearing the dogs, got up and went out in the yard to drive them away. In the meantime Kiser got his gun and shot Mrs. Kiser instead of the dogs.

SALEM, Aug. 19.—The eloping couple, William Holland and Miss Fannie Tatlock, who have been driving over the southern part of the state since last Tuesday trying to get a marriage license, were married here Saturday night. They left home Tuesday in a buggy, and were finally overtaken at Leavenworth, where the father of the girl told her if they would drive home he would secure the license and see them married. They arrived in town and the father procured the services of a squire, and meeting the couple in the buggy under the electric light at High and Market street, the ceremony was

performed without getting out of the vehicle. After the ceremony they went to the house of Mr. Tatlock and all were reconciled.

SAVED THEIR WAY OUT.

Three inmates of the Jeffersonville Jail Secure Their Liberty.

JEFFERSONVILLE, Aug. 19.—Three inmates of the county jail escaped in the night, but their flight was not discovered until 5 o'clock next morning. The burglar and thief, Harry Chapman, of Cincinnati, planned the delivery, and admitted to freedom besides himself, George Jones and William Johnson, both colored. The men were kept in the cage on the second floor of the jail. They were not locked in their cells on account of the heat. Having access to the cage, they were afforded a splendid opportunity to saw out. Chapman was furnished with a saw, the jail officers think, by Willie Willis, who is serving a year sentence in jail and is a trusty. An examination shows that Chapman was several days in sawing a hole in the top of the cage sufficient to allow a man's body to slip through. This let the prisoners into the loft, and by climbing a short distance, an open skylight was reached. A blanket rope was tied to the roof and the trio dropped to the ground. Chapman is a well known criminal. Several years ago he killed three policemen in Cincinnati, but, through influence, was pardoned after serving a few years of a life sentence.

Suction Dredge Him Under the Train.

ELKHART, Aug. 19.—As a Lake Shore westbound passenger train was nearing Swanton the engineer noticed a bicyclist riding between the double tracks and whistled a warning. The rider, however, did not hear or heed, and when the train was passing the suction dredge him under the train. The train was stopped and backed to where he lay, and he was taken on board and brought to Swanton to be identified. A piece of an envelope found in his pocket proved him to be Charles Ware of Toledo. The coroner's jury exonerated the employees and the company.

Tin Box and \$400 Missing.

INDIANAPOLIS, Aug. 19.—Contractor Abbott drew \$400 from the bank Saturday with which to pay his men. He put it in a tin box and placed the box carefully under the buggy seat. It being a very warm day, however, he concluded that a glass of soda would be about the proper thing, and as he was passing a dispensary he got out of his buggy and went in to get it, leaving his little tin box under the seat. When Mr. Abbott came out he found the box and contents gone, and no one in sight. He reported the matter to the police, but the money has not yet been recovered.

Hit by a Stone From a Sling.

NORTH MANCHESTER, Aug. 19.—For several days residents of this city have been bothered with tramps. Many houses have been visited for food, and general complaints were made of their insolence. Finally a posse of 15 young men made an attempt to drive the tramps out, and during the row one of the tramps was hit in the head by a rock thrown from a sling by James Foushough. The tramp was recovered, but young Foushough took to the woods and the authorities are after him.

Races Called Off.

INDIANAPOLIS, Aug. 19.—Saturday's races were called off by the Driving club, as the attendance for the week had been a great disappointment to the management. The club stood about \$2,000 loser Friday night, and Saturday would have made the loss total up at least \$5,000. It is probable that the club will see what patronage they can get for a running meeting in October, as the people evidently don't want harness races.

New Big Four Bridge.

JEFFERSONVILLE, Aug. 19.—The Big Four ran its first passenger train into Louisville over the new Louisville and Jeffersonville bridge yesterday. This is the bridge on which so many lives were lost during its construction. The bridge with its approaches is about two miles long. Beginning yesterday regular trains will be run over the new bridge, which will be an important matter for this city.

ALEXANDRIA, Aug. 20.—The reorganization of the Depauw Plateglass company, which went to the wall with failures of the Depauws, has been completed, and the stockholders will meet in Indianapolis to-day to elect officers. The reorganization changes the name to the American Plateglass company. They will control the old plant at New Albany and the new one in this city, making themselves a great factor in the plateglass market. Their capacity will be greater than that of any company in the world. The capital stock of the new company is \$1,000,000, and Major Doney will probably be elected president. As soon as the current repairs are made the plants will be started full blast. This is the only company of note that is out of the plateglass combine or trust. The plant here is the largest in the world.

DOWN AN EMBANKMENT.

Big Four Train Wrecked and Engineer Harry Becker Killed.

LAWRENCEBURG, Aug. 20.—The Lawrenceburg and Aurora accommodation left the track near the fair grounds here yesterday and the engine and three coaches rolled down a 20-foot embankment. Engineer Harry Becker of Indianapolis was killed. Several passengers were injured.

Engineer Becker remained at his station, and when his engine turned over his head was caught between it and the water tank and crushed to atoms. The fireman jumped and escaped with but slight injuries. Conductor Schrader was bruised, but not disabled. Will Hunt, the baggage master, was buried beneath his car, but crawled out almost unhurt.

Law Made Odious.

CRAWFORDSVILLE, Aug. 20.—The good citizens' league here enforced the Sunday closing law to the letter and not a business house in town was open. It was impossible to even have a prescription filled at a drug store. The milkmen were arrested on their rounds, and a newsboy on the Monon train was also arrested for selling Sunday papers. The majority of the citizens are bitterly opposed to the movement.

INDIANAPOLIS, Aug. 20.—Many building and loan associations have failed to comply with the law in filing their reports with the auditor of state, and notices are being sent to delinquents. AN ANCIENT BLOCKHOUSE.

The Bouquet Redoubt the Only One in Existence.

Here in Pennsylvania we find what is not in existence in the east or south—one of the original blockhouses built before the Revolution and still in a perfect state of preservation. All the others have disappeared. Fort Duquesne and Pitt are things of the past, but the redoubt of Colonel Bouquet stands today as it stood 130 years ago. To the Pittsburgh chapter of the Daughters of the Revolution we are indebted for its restoration. It has been owned by them since 1888. Until that year the old redoubt of Bouquet, as it is called, was occupied as a tenant house, and within its walls was born Pittsburgh's local historian, the late Neville B. Craige, Esq. Down on "the point," on a narrow, dirty little street called Port street, surrounded by tumble-down buildings, nearly as old as itself, is a little five-sided building of stone and brick erected by Colonel Bouquet in 1764 as a defense against the Indians. The lower story is of stone and the upper of brick. In both are perforations or loopholes, through which the defenders could fire with comparative safety from the enemy.

Why this redoubt was erected has been a query to us, as but a short distance away stood Fort Pitt, a work of considerable magnitude and whose erection cost the colony of Virginia, or the English government, £60,000, but the redoubt was built, as a stone slab over the door with the legend, "1764 Coll. Bouquet," testifies.—Philadelphia Times.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

One night when Mr. Isaac Rees was stopping with me, says M. F. Hatch, a prominent merchant of Quartermaster, Washington, I heard him groaning. On going to his room I found him suffering from camp colic. He was in such agony I feared he would die. I hastily gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He was soon relieved and the first words he uttered were, "what was that stuff you gave me?" I informed him. A few days ago we were talking about his attack and he said he was never without that remedy now. I have used it in my family for several years. I know its worth and do not hesitate to recommend it to my friends and customers. For sale by Blackburn & Miller, druggists.

"It is the best patent medicine in the world" is what E. M. Hartman, of Marquam, Oregon, says of Chamberlain's Colic Cholera and Diarrhoea Remedy. "What leads me to make this assertion is from the fact that dysentery in its worst form was prevalent around here last summer and it never took over two or three doses of that remedy to effect a complete cure." For sale by Blackburn & Miller, druggists.

SAILBOAT IS GAPSIZED.

Seven People Find a Watery Grave at Ocean City.

BOAT BADLY OVERLOADED.

Accident Happens Within a Short Distance From the Shore—Work of a Florida Mob—A Murderer Who Had a Record of Eight Deaths Lynched and the Jailer Accidentally Killed.

OCEAN CITY, Md., Aug. 19.—By the overloading of a small pleasure boat an entire family was drowned and two other families are in mourning. A party of farmers from the neighborhood of Frankford and Shelbyville, Del., had a fish fry on Grey's creek, a branch of the Isle of Wight bay, with bathing, fishing and amusements.

William Hudson carried a party of nine out sailing, and as the boat was about to come back the women of the party jumped screaming to the high side, capsizing the little craft, which was hardly large enough to carry five persons. The following seven were drowned:

William Storrs, 45 years of age, Philadelphia.

Laura Storrs, his wife, aged 35, and his daughters Ida May, aged 16, and Eva, aged 14.

Myrtle Stevens, aged 16, a daughter of Joshua Stevens, of Shelbyville.

Lina Hall, aged 19, and her sister, Lulu Hall, aged 14, daughters of Eliza Hall, near Frankford.

The capsizing occurred within 200 yards of the shore and in water seven feet deep. Mr. Storrs had only one hand and was blind in one eye, but was an expert swimmer. He succeeded in getting his two daughters on the bottom of the boat and was getting his wife when the two girls became scared and slipped off of the boat and went to their parents and together the four perished.

Hudson, who was sailing the boat, got the two Hall girls on the bottom of the boat and was trying to save Miss Stevens, when they slipped off and were drowned before he could get to them.

Two other young ladies who were in the boat were rescued by a fisherman, who put off from the shore as the boat capsized.

The Storrs family resided at 419 Lancaster avenue, Philadelphia. Mr. Storrs was married in this neighborhood, and yearly he brought his family down for a two weeks' outing. They were very fond of aquatic sports, and spent most of their time boating and fishing.

Hudson, the skipper, protested to Mr. Storrs against the party crowding into his small boat, which could only carry comfortably four persons. Storrs answered: "Oh, there is no danger; the water is shallow; we are too close and the wind is light."

The bodies when recovered yesterday by the searching parties presented a horrible sight, particularly that of Mrs. Storrs. Crabs had eaten the flesh from her face, exposing her teeth, and even the roots of her tongue. The ends of the fingers of all had been eaten away and their eyes had disappeared.

Before entering the boat Mrs. Storrs took her husband's gold watch, over \$100 in money and the rings and other valuables and tied them in her apron. She was tightly clutching the bundle in each

DEATH OF MANY MURDERS.

Samuel Lewis, Who Murdered Three Men, Lynched by a Mob.

WEST PALM BEACH, Fla., Aug. 19.—Samuel Lewis, the murderer of three men, was taken from jail at Juno at 3 o'clock this morning by a mob of masked men and lynched. When the mob demanded Lewis the jailer said they could have him if they harmed no one else, to which they consented. As the door was opened a negro deputy ran out. Some one fired, missing him and killing Gustave Kaiser, the jailer, but the negro escaped. Four men then entered the jail and took Lewis, who begged pitifully for his life, to a telegraph pole, where he was hanged, after which the body was riddled with bullets.

Lewis shot and killed John Highsmith, ex-tax collector of Dade county, and his brother-in-law, George Davis, in cold blood. Lewis escaped, but a posse caught him. In arresting him, Lewis shot and killed Deputy County Clerk Ret McGregor. Lewis is said to have killed five men before.

Father Burned to Death Trying to Rescue One of His Children.

ELGIN, Ills., Aug. 19.—Frank Kazar and his 4-year-old daughter Sylvia were burned to death in a fire which destroyed their residence and several other buildings at Algonquin, a small village near here, yesterday morning. The fire started in Kazar's house. When aroused Kazar managed to get his wife and two of his children out safely, but before he could reach Sylvia a portion of the floor fell in, carrying the child down. Kazar was crazed with grief and resisted the efforts of neighbors to drag him from the burning structure, clinging to the doorframe until the roof fell in, burying him in the blazing mass. The pecuniary loss aggregates a few thousand dollars.

Much-Wanted Pastor.

THE DALLIES, Or., Aug. 19.—Rev. O. F. Taylor, who for several years has been pastor of the First Baptist church here, has been arrested on a warrant from Saginaw, Mich., where he is wanted on a charge of obtaining money under false pretenses. The complaint is based on alleged actions while president of the Interstate Investment company. He was the projector of a town-site scheme at North Dallis, and sold lots all over the east; it is alleged, by misrepresentations. He is also wanted at Buffalo, Rochester and Cleveland on similar charges.
