Dr. Miles' Restorative Nervine.

Mr. R. T. Caldwell, is book-keeper in the First National Bank of Fulton, Ky. "I was completely run down. My nerves became so unstrung through loss of sleep and worry that I felt sure I would be compelled to give up my position. I would be awake all night long, and it took but little

to shake me up so that I could not possibly attend to my business, as I should. I had been told that I had liver trouble, heaviness about the stomach, and pains in different parts of my body. I was also much reduced in flesh. I was persuaded to try

Dr. Miles' Restorative Nervine.

I first procured a trial bottle from a local druggist and a good result quickly followed. I then procured a dollar bottle, and by the time I had used this up I was a different man. I am now on my third bottle and am able to sleep soundly and eat regularly, something I could not possibly do before taking your Nervine. I am now fully recovered, and do not hesitate to pronounce Dr. Miles' Restorative Nervine the greatest nerve on earth."

Fulton, Ky. R. T. CALDWELL.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00 bottles for \$5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind. Dr. Miles' Nervine Restores Health Sold by all Druggists.

## AGGRESSIVE CUBANS.

Insurgent Generals Are Getting Closer to Havana Every Day.

### CAMPOS WAS OUTWITTED.

Maximo Gomez Turns the Spanish Troops by a Clever Movement—Patriot Army Will Invade the Province of Matanzas and Destroy the Plantations—The Work Is Proving Costly to Spain.

MADRID, Nov. 15.—The correspondent of The Imparcial at Havana cables that Antonio Maceo is marching to the west of the island of Cuba to reinforce Roloff and Gomez. The revolt, it is stated, has assumed considerable proportions in the province of Santa Clara, and Jose Maceo is said to have penetrated into the province of Puerto Principe at the head of 3,000 men.

El Liberal says that the rebellion is costing Spain \$150,000 daily.

A sensation has been caused in military circles here by the receipt of a private dispatch from Havana to the effect that General Maximo Gomez, by a clever movement in a southern direction, has turned the troops of General Campos at Santa Clara and is now on the march for the province of Matanzas with a view to destroy the plantations there. It is not expected that he will attempt to capture a big town, but it is believed that he will rather attempt to terrorize the country and destroy crops.

### Laurada to Be Seized.

WASHINGTON, Nov. 15.—The Spanish authorities at New York, Philadelphia and Wilmington, Del., under instructions from Minister Delome, have presented evidence to the United States district attorneys at those three cities by which it is expected that the steamer Laurada will be seized for an alleged breach of the neutrality laws, the charge being that she took the Céspedes filibustering party to Cuba. Official dispatches received yesterday afternoon indicate that the seizure will be made at Wilmington.

United States Marshal Lannan of this place quietly left town late last night, and it is the general opinion that he has gone to the breakwater to seize the Laurada, should she touch at that point.

### Maceo Invading Santa Clara.

Senator Harris Outlines a Mode of Procedure to His Colleagues.

WASHINGTON, Nov. 15.—Senator Harris, the chairman of the executive committee of six appointed at the Washington conference of last August to organize for the campaign of 1896 the free silver Democrats of the country, has sent a letter to his colleagues, the chief feature of which is the following:

In the light of recent election results there is, in my opinion, no hope of Democratic success in 1896 unless we can succeed in so organizing the bimetallic Democrats as to secure in the national convention a plain, distinct and unmistakable declaration in favor of the free and unlimited coinage of both silver and gold without regard to the financial policies of any country, and therefore it appears to me that we should redouble our efforts to secure such organization.

Senator Harris' colleagues are Senator Jones of Arkansas, Senator Turpie of Indiana, Governor Stone of Missouri, Hon. William H. Heinrichsen of Illinois and Casey Young of Tennessee.

Mrs. Stevenson Goes Back to Valima. SAN FRANCISCO, Nov. 15.—The steamer Mariposa sailed for Honolulu, Auckland and Sydney yesterday afternoon. ## MURDERED BY TRAMPS

Dead Body Was Terribly Mangled by a Passing Train.

### EFFORTS TO HIDE THE CRIME

Murdered Man Was Making a Pleasure Trip on a Bicycle—Robbery Was Supposed to Be the Cause of the Crime. Dead Woman at Laredo, Tex., Identified by Her Son.

DETROIT, Nov. 15.—The terribly mangled remains of Luther H. Beecher, 22 years of age, a member of one of the most prominent families in Detroit, were brought to his home late last night by the young man's parents.

The body had been run over late Wednesday night by a Michigan Central train three miles from Lapeer, but it is believed that Mr. Beecher was murdered and robbed and the body laid on the track to cover up the crime. His watch, shoes and \$30, the contents of his purse, are missing, but the perpetrators of the crime are as yet unknown. Two tramps were arrested at Vassar on suspicion, but were released. There is nothing to indicate suicide. Beecher was making a bicycle trip from Detroit supposedly to Maysville, and was seen at the next station, two hours before the fatal train passed. The engineer saw his body, but not in time to stop the train.

### IOWA OFFICIAL SCANDAL.

County Officers Reap a Harvest Through Insane Patients From Illinois.

DES MOINES, Nov. 15.—The state executive council has discovered what promises to develop into one of the biggest scandals ever known in Iowa official circles. Under the laws insane patients who cannot pay for support in state hospitals must be cared for by the counties from which they are sent, if they have a residence in the counties. Patients who have no residence are cared for at the state's expense.

Investigation has developed the fact that insane persons from Illinois counties, adjoining Scott county in Iowa, have been sent over to Iowa and taken to Iowa as state patients by Scott county officials. The council declares this has been going on for a long time in other border counties as well as in Scott, the county officials reaping a rich harvest in fees and mulcting the state. A thorough investigation will be made.

### DEBS AND STRIKES.

Laboring Men Must Do Their Striking Hereafter at the Ballotbox.

WOODSTOCK, Ills., Nov. 15.—In an interview yesterday the imprisoned labor leader, Eugene V. Debs, said, in substance: "The time of strikes is past. Laboring men must strike at the ballotbox. A laboring man who votes for any of the old parties is a slave who is voting the ticket of his master, and he is forging his own chain. I am for silver, but the coinage of silver is no real issue, because it would change nothing in this damnable industrial system that makes slaves of the great majority of the people. Only the complete overthrow of the present wage slavery and the establishment of the co-operative commonwealth will afford a thorough and permanent help."

### Amalgamated Association Scales.

PITTSBURG, Nov. 15.—President Garland of the Amalgamated Association of Iron and Steel Workers announced last night that at the three days' conference between the association and the manufacturers it was decided not to change the finishing and puddling scale.
