

Suffered Eighteen Years.

Pains Departed and Sleep Came.

Mrs. Julia A. Brown, of Covington, Tenn., whose husband has charge of the electric light plant at that place, has been a great sufferer. Her ailments and speedy cure are best described by herself, as follows:

"For 18 years I suffered from nervousness and indigestion. I tried every remedy recommended by family and friends, but I could get no relief at all. Two years ago, while being treated by three local physicians, Drs. Barret, Studey and Sherod, they

Mrs. Julia A. Brown, informed me that I had become *dropped*, and that there was little hope for me. I then decided to try

Dr. Miles' Restorative Nervine.

I was then unable to get to sleep until well on toward daylight, and during all this time I had a deep, heavy pain in my left side. I was *most miserable*, indeed, but after taking Dr. Miles' Restorative Nervine I could sleep all night just as well as I ever did. The *Nervine* is the only remedy that gave me any relief whatever. I am now well and strong, and I thank God every day for my life for Dr. Miles' Nervine."

MAJORITY FOR CUBA

Senate Adopts Resolutions Favorable to Belligerency and Independence.

ONLY SIX NEGATIVE VOTES CAST.

Crowded Galleries Greet the Result with Long Continued Applause—Senator Sherman Mercilessly Arraigns Spain and Her New Governor General—Gives an Instance of Weyler's Brutality.

WASHINGTON, Feb. 29.—By an overwhelming majority the senate yesterday adopted concurrent resolutions favorable to Cuban belligerency and independence. The resolutions are as follows:

Resolved, That in the opinion of congress a condition of public war exists between the government of Spain and the government proclaimed and for some time maintained by force of arms by the people of Cuba; and that the United States of America should maintain a strict neutrality between the contending powers, according to each all the rights of belligerents in the ports and territory of the United States.

Resolved, That the friendly offices of the United States should be offered by the president to the Spanish government for the recognition of the independence of Cuba.

The final vote on the adoption of the resolutions was as follows: Yeas, 64; nays, 6. The senators who voted in the negative were Caffery, Chilton and George, Democrats, and Hale, Morrill and Wetmore, Republicans.

When the vote was announced the densely packed galleries broke into long continued applause, which the vice-president checked with difficulty. The result was reached after a day of fervid speeches which at times aroused the crowd of spectators to enthusiastic demonstrations. The keen public interest in the subject was evinced by the presence of the largest crowds since congress assembled. The representatives of foreign powers were numerously in attendance, the occupants of the diplomatic gallery including Ministers Mendonça of Brazil, Hatch of Hawaii, Lazzo-Arraiza of Guatemala, Rengifo of Columbia and Baron Von Kettler of the German Embassy. Senator Dupuy de Lome, the Spanish minister, was not present, but two of the attaches of the Spanish legation occupied seats with the other diplomats.

The main feature of the debate was the speech of Senator Sherman, chairman of the committee on foreign relations. As a rule the veteran senator from Ohio speaks with reserve and conservatism, so that it was the more surprising when he arraigned Spain and her governor general, Weyler, in the most merciless and scathing language.

Mr. Sherman read specific instances in which Weyler was pictured as stripping young girl captives and making them dance before the Spanish troops. Other speeches were made by Messrs. Lindsay (Ky.), Lodge (Mass.), Caffery (La.) and Allen (Neb.).

The voting began at 4 o'clock, according to agreement. It was simplified by the withdrawal of conflicting amendments, so that only three votes were necessary. The first disposed of the resolution of Mr. White (Cal.) limiting the action of congress to a request on the president to grant belligerency. This was tabled, 5 to 12. The amendment of Mr. Allen directing the president to recognize the Cuban republic as independent met like defeat, 52 to 17. Then came the final vote, as above recorded.

Quiet Day in the House.

There was an enthusiastic demonstration in the house yesterday when Senator Cox of the senate, shortly after 4 p. m., appeared and announced the passage by the upper house of congress of the Cuban resolutions, but the matter did not come up in any other form during the day. After encountering the unexpected opposition of Mr. Boutelle Thursday the house leaders concluded to postpone taking up the resolutions until the legislative bill was disposed of.

The whole day in the house was spent in the consideration of the legislative appropriation bill and considerable progress was made. An agreement was reached whereby the bill to change the compensation of United States attorneys and marshals from the fee to the salary system is to be offered as an amendment to the bill. An amendment offered by Mr. Tawney (Rep., Minn.) to provide that the members shall have \$100 per month for clerks hire throughout the year, instead of during the session, was, as is now the case, provoked the charge that it was a "salary grab." Mr. Payne (Rep., N. Y.), who was in the chair, ruled it out on a point of order. An attempt was made to override the chair, but he was sustained by a vote of 102 to 43. The provision for senator's clerks was then stricken out with the avowed intention of offering an "equitable adjustment" with the senate later.

Kinder implicates others in his raids, and a number of other arrests will follow.

House Moving Made Easy.

MARMONT, Ind., Feb. 29.—Louis Dueneweg of Terre Haute had been wishing that his handsome 2-story cottage at Lake Maxinkuckee was on the other side of the lake, and regretted the fact that the country surrounding the shore for three miles was too hilly to make removal possible. Last week when the cold snap froze the ice to a thickness of 18 inches he moved the house down to the lake and then slid it on the ice. From there across the lake it was an easy job.

In Fulton county it will parallel the Chicago and Erie from Akron to Rockport. Six power houses of 800-horse power capacity will be located on the line. The road will be standard gauge and equipped to carry all kinds of freight. In addition to this the farmers' street railway system will be operated in the counties traversed, stopping at all the farm houses, churches, schoolhouses, and cross roads to take on and let off passengers. The amount asked from Fulton county is \$15,000. The road is being strongly opposed by the Chicago and Erie management.
